Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes D and E, which was certified by The Northern Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the Trustee is complete and accurate.

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the US Foods, Inc. Defined Benefit Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined benefit plan established on January 1, 2003 covering the employees of US Foods, Inc. (the “Employer” or “Plan Sponsor,” formerly U.S. Foodservice, Inc.) and its affiliates and subsidiaries that have adopted the Plan. The Plan is administered by the US Foods Retirement Administration Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective August 28, 2012, the Plan was amended to disallow the crediting of benefit service to certain employees of the CHEF’SSTORE division.

Effective October 1, 2012, the Plan was amended to change the look-back month for the applicable interest rate used to determine lump-sum amounts and to increase the mandatory cash-out limit from \$1 to \$5 thousand. Additionally, the Plan was amended to allow certain participants who separated from service prior to August 1, 2012 who did not otherwise qualify for benefits to commence, to elect during a 35-day period beginning October 2012 to receive lump-sum or annuity payments of their total vested benefits.

Effective November 8, 2012, the Plan was amended to provide a new election window for certain participants under the same terms as noted above during a 35-day period beginning November of 2012, to receive lump-sum or annuity payments of their total vested benefits.

Effective January, 28, 2013, the Plan was amended to reflect collective bargaining that made eligible certain members of Teamsters Local 110.

Effective July 13, 2013, the Plan was amended to reflect collective bargaining that made eligible certain members of Teamsters Local 200.

Trustee Agreement

The Plan operates under a trustee agreement with The Northern Trust Company (the “Trustee”).

NOTE A - DESCRIPTION OF THE PLAN - Continued

Pension Benefits

Prior to September 15, 2004, each employee who had attained age 21 and completed 1,000 hours of service in a 12-month period was eligible to participate in the Plan. As of September 15, 2004, exempt employees became ineligible to accrue benefits in the Plan. Participants accrue additional benefits based on length of active service and average compensation, as defined, and vest 100% in the accrued benefits after five years of eligible service. Effective January 1, 2005, employees who are members of the International Brotherhood of Teamsters, AFL-CIO Local 636, other than those who are age 55 or older and have completed at least 10 years of services as of December 31, 2004, became eligible employees.

Normal retirement benefits commence on the first day of the calendar month coinciding with or following a participant's 65th birthday or completion of five years of service, whichever is later. Participants who terminate participation for reasons other than death or retirement are entitled to the vested retirement benefits commencing on their normal retirement date. Participants who have completed at least 10 years of service and who terminate participation after reaching age 55 and before age 65 may elect to receive reduced retirement benefits. Also, the Plan contains provisions for late retirement.

The normal form of benefit payment for an unmarried participant is a single life annuity payable for the participant's lifetime. For a married participant, the normal form of benefit payment is a 50% joint and survivor annuity.

During 2012, the Company offered lump-sum payments to former employees to settle their pension benefit obligations. Benefits paid directly to participants in 2012 included approximately \$32 million of lump-sum payments to settle former participant pension benefit obligations.

Death and Disability Retirement Benefits

If an active participant dies, a death benefit equal to the value of the participant's accumulated pension benefit is paid to the participant's beneficiary at normal retirement age. Active participants who become totally and permanently disabled and have five years

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the US Foods, Inc. Master Defined Benefit Pension Trust ("Master Trust") is based upon the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and administrative expenses (see Note E).

Administrative Expenses

During 2013 and 2012, the Employer paid certain administrative expenses of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 22, 2014, the date the financial statements were available to be issued.

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that, under the Plan's provisions, are attributable to the service which participants have already rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of deceased employees, and (c) present employees or their beneficiaries. Benefits under the Plan for exempt employees are based on a formula which factors in years of service and average monthly income from January 1, 2003 until September 15, 2004. Benefits under the Plan for non-exempt employees are based on a formula which factors in years of service and average monthly income of the highest five of the last 10 years of employment after January 1, 2003. Benefits payable under retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by MERCER Human Resource Consulting, the Plan's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2013 are:

- | | |
|--|--|
| a. Assumed Rate of Return | 7.25%, compounded annually |
| b. Healthy and Disabled Mortality | Effective January 1, 2013:
2013 PPA separate static annuitant and non-annuitant mortality tables |
| c. Retirement Age Assumptions | Graded schedule from age 55 to 65 |
| d. Salary Increases | 4.0% compounded annually |

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS - Continued

Significant changes in actuarial assumptions included changes to interest discounts and mortality rates in accordance with PPA to better reflect expected future returns based on assets held by the Plan.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012
- Investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE E - INTEREST IN US FOODS MASTER TRUST

The Plan is a member of the Master Trust, which was established for the investment of assets of the Plan and several other US Foods, Inc. sponsored retirement plans. Each participating retirement plan has a specified divided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. At December 31, 2013 and 2012, the Plan's interest in the net assets and investment income of the Master Trust was a specified allocation by investment type. Administrative expenses relating to the Master Trust are directly charged or allocated to the individual plans.

The Plan makes up approximately 40% and 37% of total Master Trust assets at December 31, 2013 and 2012, respectively.

The Master Trust follows current guidance which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or

NOTE E - INTEREST IN US FOODS MASTER TRUST - Continued

liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These fair value measurements are based primarily on management's own estimates using pricing models and discounted cash flow methodologies or similar techniques taking into account the characteristics of the asset. Significant inputs for the group annuity contract include specific terms and contractual provisions outlined in the contract including the effective interest rate.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Cash: Valued at original cost plus accrued interest.

Collective trust funds: Valued at the net asset value of the shares held at the end of the reporting period. This class represents investments in actively managed common collective trust funds that invest primarily in equity securities which may include common stocks, options, and futures. Investments are valued at the net asset value per share multiplied by the number of shares held as of the measurement date. As of December 31, 2013, there are no unfunded commitments or restrictions for these investments.

Mutual funds: Valued at the closing price reported on the active market where the individual fund is traded.

(In thousands)

NOTE E - INTEREST IN US FOODS MASTER TRUST - Continued

Long-term debt securities: Valued at the estimated price a dealer will pay for the individual securities, which is often the principal amount invested.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2013:

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2013 and 2012.

NOTE E - INTEREST IN US FOODS MASTER TRUST - Continued

The Plan also holds other assets not measured at fair value on a recurring basis, such as contributions receivable. The fair value of these assets is equal to the carrying amounts in the accompanying financial statements due to the short maturity of such instruments.

NOTE F - FUNDING POLICY

The Employer is the sole contributor to the Plan. The Employer's funding policy is to contribute the minimum amount required to be funded for each Plan year pursuant to the provisions of ERISA based on actuarial calculations. The Employer's contributions for 2013 and 2012 have met the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

NOTE G - PLAN TERMINATION AND PENSION BENEFIT GUARANTY CORPORATION

The Employer reserves the right to amend or terminate the Plan subject to the provisions of ERISA. The Pension Benefit Guaranty Corporation (PBGC) reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards or is unable to pay benefits when due.

If the Plan is terminated, the Plan assets will be distributed among the Plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law. If there are any assets remaining after all the Plan's liabilities to participants have been satisfied, such remaining assets shall revert to the Employer.

If the Plan terminates, a portion of the benefits under the Plan is insured by the PBGC, a U.S. government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

NOTE G - PLAN TERMINATION AND PENSION BENEFIT GUARANTY CORPORATION - Continued

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated July 19, 2006 that the Plan and related Master Trust are designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes it is no longer subject to tax examinations for years prior to 2010.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by the Plan's Trustee and, as such, these transactions qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, actuarial, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE J - RISKS AND UNCERTAINTIES - Continued

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods for Funding

Asset Methods

The asset valuation method is an average of the adjusted market value over the last 2 years preceding the valuation date with semi-annual determination points. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all potential plan participants as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Later of age 65 and the earlier of 5 years of vesting service and the 5th anniversary after the commencement of participation.
• Benefit	1/12 of 1% of final average compensation, multiplied by benefit service. Benefit is payable monthly as a level single-life annuity.
Early retirement	
• Eligibility	Later of age 55 and 10 years of vesting service.
• Benefit	Normal retirement benefit, reduced by 5/12% for each month the participant's benefit commences before normal retirement date.
Late retirement	
• Eligibility	Post Normal Retirement Date
• Benefit	<p>If an active participant remains employed after reaching his normal retirement date, the benefit commencement date will be deferred to his actual retirement. The benefit is calculated in the same manner as the normal retirement benefit, including benefit service and compensation to the delayed retirement date. The amount is then actuarially increased to reflect the amount of benefits not paid since the participant's normal retirement date. The amount of any additional retirement benefits that otherwise would be accrued by the participant since normal retirement date is reduced (but not below zero) by the amount of actuarial increase.</p> <p>If payment of a participant's monthly retirement benefit is required to begin while the participant is still employed and accruing benefits under the plan, then the benefits accrued after the pension commencement date is reduced by the actuarial equivalent of retirement benefit payments made to the participant.</p>

Schedule SB, Part V — Summary of Plan Provisions

Deferred vested	
• Eligibility	5 years of vesting service
• Benefit	<p>A participant who has not reached his early retirement date but terminates employment after completing five or more years of vesting service is entitled to a deferred vested retirement benefit.</p> <p>The deferred vested retirement benefit shall be payable at the participant's normal retirement date. A participant with ten years of service may elect to have his benefit commence on the first day of any month coinciding with or following his 55th birthday. The benefit, if paid early, will be reduced by 5/12% for each month the benefit commences prior to normal retirement date.</p> <p>The annual deferred vested benefit (payable monthly) is the amount determined according to the normal retirement formula, based on benefit service and final average earnings at termination date.</p>
Disability	
• Eligibility	<p>After having completed 5 years of vesting service, the 1st of the month coincident with or next following the later of:</p> <ul style="list-style-type: none"> ▪ Being deemed disabled by the Social Security Administration ▪ Age 55
• Benefit	Same as early retirement benefit
Pre-retirement death	
• Eligibility	5 years of vesting service
• Benefit	<p>If eligible for retirement but not receiving benefits, the amount paid to the participant's Spouse is equal to the amount that the Spouse would have received as though the participant had retired on the date of death, elected a Joint and 50% Survivor Annuity, and died the next day.</p> <p>If vested but not yet eligible for retirement, the amount paid to the participant's Spouse is equal to the amount the Spouse would have received using the participant's vested accrued benefit as of the date of death, as though the participant had retired at the first date eligible, elected a Joint and 50% Survivor Annuity, and died the next day.</p> <p>If the present value of the pre-retirement death benefit is less than \$5,000, it can be paid as a lump sum.</p>

Schedule SB, Part V — Summary of Plan Provisions

Post-retirement death benefit	
• Benefit	The beneficiary is entitled to any benefits due under the applicable form of the participant's retirement benefit. If the present value of the post-retirement death benefit is less than \$5,000, it can be paid as a lump sum.
Form of benefits	
• Automatic form for unmarried participants	Single Life Annuity
• Automatic form for married participants	Joint and 50% Survivor Annuity
• Optional forms	The following forms are available: <ul style="list-style-type: none"> ▪ Single Life Annuity ▪ Joint and Survivor Annuity (married participants only) ▪ 120-month Certain and Continuous
Expenses	Plan expenses are paid from the Trust as permitted under ERISA, however, US Foods may pay such expenses.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit is \$255,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is \$205,000.

Schedule SB, Part V — Summary of Plan Provisions***Benefits Included or Excluded***

Unless noted below, all benefits provided by the plan, as restated and amended effective January 1, 2009, are included in this valuation.

- **Most recent plan amendments included:** US Foods, Inc. also amended the plan to open a lump sum window for terminated vested participants during the 4th quarter of 2012. Payments were made to plan participants during December 2012.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan applies late retirement actuarial increases for active participants with frozen benefits participants who defer retirement beyond their normal retirement date and this valuation includes those increases.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding***Additional Benefits Included or Excluded***

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

- Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2012 to 2013.
- US Foods, Inc. also amended their five qualified pension plans to open a lump sum window for terminated vested participants during the 4th quarter of 2012. Payments were made to plan participants during December 2012.

Schedule SB, Part V — Summary of Plan Provisions

- Per the collective bargaining agreement for Sky brothers, employees hired on or after November 3, 2012 will be eligible to participate in the US Foods, Inc. Defined Benefit Plan. Due to the one-year participation requirement, these participants will first be reflected in 2014 valuation for this plan.

Schedule SB, line 24 Change in Actuarial Assumptions

- Interest discounts and mortality rates were updated from 2012 to 2013 in accordance with PPA.
- The expense component of the normal cost increased from \$1,100,000 to \$1,300,000 to reflect our expectations for the current plan year.
- An experience analysis was completed during 2012. To align assumptions with past experience and to better reflect expected future plan experience the retirement assumption, the withdrawal assumption, salary scale assumption and the form of payment (timing and form) were updated beginning with the January 1, 2013 valuation.
