(1) PLAN DESCRIPTION:

The following description of the W.R. Meadows, Inc. Employees' Profit Sharing and 401(k) Plan and Trust (the Plan) of W.R. Meadows, Inc. and its domestic subsidiaries, W.R. Meadows of Arizona, Inc., Huebert Fiberboard Inc., and Blue Ridge Fiberboard, Inc. (collectively referred to as the Company) provides only general information. Participants should refer to the Summary Plan Description or Plan Agreement for a more complete description of the Plan's provisions.

General –

The Plan was established and became effective in 1962. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended and restated from time to time since January 1, 1996, when the Plan was amended and restated to include, among other things, provisions allowing participant pre-tax salary deferrals, participant loans and participant self-directed investments. In addition, on January 1, 2007, the Plan was amended and restated primarily to permit hourly-paid and highly compensated employees to participate in the Plan. On January 1, 2010, the Plan was amended to include the Company's newly formed subsidiary, Blue Ridge Fiberboard, Inc.

Eligibility –

The Plan is a contributory defined contribution plan covering substantially all employees, as defined, of the Company. Full-time covered employees commence participation in the Plan and are permitted to make salary deferral contributions and become eligible to receive Company contributions on the entry date following completion of one year of service. The Plan's entry dates are the first day of each month. Participants employed at the end of the Plan year, who have completed at least one year of service, are eligible to receive an allocated portion of the Company's discretionary profit sharing contribution. A year of service, for purposes of eligibility, is credited for each twelve consecutive month period in which an employee completes at least 1,000 hours of service.

Plan Administration –

The Plan is administrated by the Company. The Board of Directors of the Company appointed Capital Bank and Trust Company, an affiliate of American Funds Distributors, Inc., as the Plan's Trustee.

Contributions –

Participants may elect to make voluntary, pre-tax contributions in an amount not less than one percent of their compensation, but not more than the maximum allowed under Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

At the end of each Plan year, the Company may, out of its current or accumulated profits, contribute to the Plan an amount authorized by the Board of Directors. Also, if an election is made prior to December 1 of the preceding Plan year, the Company will make “Safe-Harbor” contributions to each eligible employee’s account in an amount equal to at least three percent of his or her compensation. The Company elected to make “Safe-Harbor” contributions for the 2013 and 2012 Plan years. Company contributions to the Plan were $616,613 and $590,464 in 2013 and 2012, respectively.

Participant Accounts –

Pre-tax, Company and rollover contributions are held in self-directed investment accounts in the name of each participant. Each participant’s account is credited with the participant’s contributions, Company “Safe-Harbor” contributions, as well as allocations of Plan earnings. Employer profit sharing contributions, if any, are allocated to participants based upon a formula using compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting –

Participants are immediately vested in their pre-tax, Company and rollover contributions and the earnings thereon.

Investment Options –

Participants may allocate their contributions (in multiplies of one percent) and those of the Company among multiple mutual funds and a common/collective trust fund. Employees may change their contribution allocation between investment options for future contributions and transfer prior contributions and associated earnings between investment options subject to certain restrictions set forth in the Plan. The Plan currently offers twelve mutual funds and one common/collective trust as investment options for participants. The investments offered have been selected by the Plan Trustee based upon the provisions of the Plan.

Plan Earnings –

Plan earnings are credited to participants based upon the net earnings, gains, losses, and expenses attributable to each participant's self-directed investment account.

Life Insurance –

Prior to January 1, 1995, participants could, at their discretion, invest a portion of their account balance in individual life insurance policies. Under the Plan, the insured must be the participant and the policy be issued by a legal reserve life insurance company authorized to do business in the State of Illinois. These policies are not included in Plan assets because they are allocated to individual participants.

Effective January 1, 1995, the Plan prohibits the purchase of new policies. However, policies existing on January 1, 1995, will be continued until the participant either purchases the policy from the Plan or requests that the Trustee surrenders it for its cash value. If a policy is surrendered for its cash value, the proceeds received are credited to the participant's self-directed investment account.

Notes Receivable from Participants –

Participants may borrow, but not less than $1,000, from their self-directed investment accounts. The maximum aggregate of each participant's outstanding loans cannot exceed the lesser of $50,000 or 50 percent of the participant's vested account balance. No participant may have more than two loans outstanding at any time. Participant loans are secured by the balance in the participant's self-directed investment account and bear a fixed interest rate equal to the prime rate of interest (on the date of borrowing) plus one percent. The interest rate is 4.25% on all participant loans outstanding at December 31, 2013. Principal and interest is paid ratably through weekly payroll deductions in terms generally ranging from 52 to 780 weeks.

Payment of Benefits –

Upon retirement, death, disability, termination of service, or certain in-service distributions, a participant may elect to receive a lump-sum distribution equal to the participant's vested account balance or to receive the vested account balance in installments over a period of not more than the life expectancy of the participant.

Rollover Contributions –

With the Company's consent, an eligible employee may make one or more rollover contributions to the Plan if the employee demonstrates to the Company's satisfaction that the contribution qualifies as a rollover contribution in accordance with the Internal Revenue Code.

Administrative Expenses –

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Plan Termination –

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting –

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Benefit payment to participants are recorded upon distribution.

Use of Estimates –

The preparation of financial statements, in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition and Investment Valuation –

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments, other than the Invesco Stable Value Fund (the Fund), are stated at fair value based upon quoted market prices on the last day of the year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. During 2013 and 2012, the Plan invested in fully benefit-responsive investment contracts through a common/collective trust fund, the Fund. The Fund invests in guaranteed investment contracts (GICs) and synthetic GICs. The GICs and synthetic GICs are fully benefit-responsive investment contracts issued by banks, insurance companies and other issuers. As required by U.S. GAAP, an adjustment is made to reflect this investment at contract value, which represents cost plus accrued income less redemptions.

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses –

The Plan pays all investment advisor fees. Fees for these services are based on the average market value of the assets invested in mutual funds and are netted against the earnings in each participant's self-directed investment account. In addition, certain loan and other fees are paid by participants. All remaining costs, charges and expenses incurred in the administration of the Plan are paid by the Company and excluded from these financial statements.

Subsequent Events –

The Plan has evaluated subsequent events through July 11, 2014, the date which the financial statements were available to be issued. There were no subsequent events to report that would have a material impact on the Plan's financial statements.

(3) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain portions of the Plan's investments are shares of collective and mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

(4) INVESTMENTS:

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2013	2012
American Funds EuroPacific Growth Fund	$ 1,246,246	$ 840,749
American Funds Growth Fund of America	2,559,221	1,844,299
American Funds Capital World Growth and Income Fund	1,728,849	1,331,919
American Funds Investment Company of America	2,078,955	1,523,929
American Funds American Balanced Fund	2,017,402	1,632,322
Invesco Stable Value Fund	1,977,528	1,972,952
Invesco Small Cap Growth Fund	1,372,838	977,118
Columbia Mid Cap Value Fund	1,028,511	***
PIMCO Real Return Fund	***	678,173

*** Represents less than five percent of the Plan's net assets at December 31.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2013	2012
Mutual funds	$ 2,827,026	$ 1,476,881
Common/collective trust fund	11,929	18,037
Total	$ 2,838,955	$ 1,494,918

Risks and Uncertainties –

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

(5) TAX STATUS:

The provisions of the Plan are based on the American Funds Distributors, Inc. Prototype Plan (the Prototype Plan). The Prototype Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company executed an Adoption Agreement which included making certain elections available under the Prototype Plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2013 and 2012.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) INFORMATION CERTIFIED BY TRUSTEE:

The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. The table below summarizes the information that has been prepared and certified to as complete and accurate by the Trustee as of December 31:

	2013	2012
Investment, at fair value -		
Mutual funds	$ 14,448,659	$ 10,928,894
Common/collective trust fund	1,977,528	1,972,952
Notes receivable from participants	688,380	581,940
Total assets certified by the Trustee	$ 17,114,567	$ 13,483,786
Investment income -		
Net appreciation in value of investments	$ 2,086,987	$ 1,039,851
Net realized gain on sale of investments	136,997	152,117
Interest and dividends	614,971	302,950
Interest on notes receivable from participants	23,798	19,354
Change in adjustment from contract value to fair value for fully benefit responsive investment contracts	(48,573)	13,275
Total investment income certified by the Trustee	$ 2,814,180	$ 1,527,547

(7) INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a fully benefit-responsive investment contract with Invesco National Trust Company (Invesco). Invesco maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by Invesco. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the Plan, (2) a material adverse change to the provisions of the Plan, (3) the employer elects to withdraw from the wrapper contract in order to switch to a different investment provider, or (4) if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Invesco may not terminate the contract at any amount less than contract value.

Invesco is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis as follows:

	2013	2012
Average yields:		
Based on annualized earnings	1.256%	0.884%
Based on interest rate credited to participants	1.449%	1.816%

(8) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the net assets available for benefits and the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2013	2012
Net assets available for benefit per the financial statements	$ 17,090,636	$ 13,411,282
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	23,931	72,504
Net assets available for benefits per the Form 5500	$ 17,114,567	$ 13,483,786

	2013	2012
Changes in net assets available for benefit per the financial statements:	$ 3,679,354	$ 1,765,503
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2013	23,931	-
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2012	(72,504)	72,504
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2011	-	(59,229)
Net income per Form 5500	$ 3,630,781	$ 1,778,778

As fully described in Note 2, U.S. GAAP require that fully benefit-responsive investment contracts be valued at the contract value on the Statements of Net Assets Available for Plan Benefits, whereas the Form 5500 requires all investments to be valued at fair value.

(9) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: This fund consists of the Invesco Stable Value Fund (the Fund). Included in the Fund are short-term securities which are stated at amortized cost (which approximates market value) if maturity is 60 days or less at the time of purchase, or at market value if maturity is greater than 60 days. Investments in units of collective trusts are valued at the respective NAV as reported by such trusts. Debt securities are valued on the basis of valuations provided by an independent pricing service approved by the Company. If valuations are not available from such pricing services, valuations are obtained from dealers making a market for such securities.

The preceding methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:
