# Mutual Bank Employee Stock Ownership and 401(k) Plan

## Notes to Financial Statements

December 31, 2013 and 2012

### Note 1: Description of the Plan

The following description of Mutual Bank Employee Stock Ownership and 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

#### **General**

*MutualFirst* Financial, Inc. (Company) established the Plan effective January 1, 1999. Effective July 1, 2009, the Plan was amended and restated to allow for the assets of two former 401(k) plans to be transferred and included in the Plan. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan is administered by a Retirement Plan Committee comprising up to five persons appointed by the Company's Board of Directors. First Bankers Trust Services, Inc. is the trustee for all Company common stock held by the Plan and Mid Atlantic Trust Company serves as the custodian for all other assets of the Plan.

The Plan purchased Company common shares using the proceeds of a borrowing (See Note 8) guaranteed by the Company and holds the stock in a trust established under the Plan. The borrowing was to be repaid over a period of 15 years by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Shares vest fully upon allocation.

#### **Unallocated and Allocated Shares**

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2013 and 2012, and for the years then ended present separately the assets and liabilities and changes therein pertaining to:

- (a) The accounts of employees with vested rights in allocated stock (Allocated)
- (b) Stock not yet allocated to employees (Unallocated)

### ***Contributions***

The Plan permits eligible employees through a salary reduction election to make annual pre-tax contributions up to IRS limitations to their respective 401(k) portion of the Plan. The Plan also allows for Roth 401(k) post-tax contributions, if desired by the participant. The Company safe harbor matching contributions will be determined annually by the Company's Board of Directors and will not exceed 100% of the participant's deferral on the first 3% of eligible compensation plus 50% of the next 2% of eligible compensation. The Company may contribute an additional annual discretionary matching contribution based upon existing employee salary deferrals.

Additionally, an annual Company discretionary profit-sharing contribution is also permitted for those participants who have worked greater than 1,000 hours during the Plan year and are employed on the last day of the Plan year. Employee rollover and catch-up contributions are also permitted under the 401(k) portion of the Plan.

In addition to salary reduction contributions, the Company may make contributions to the employee stock ownership (ESOP) portion of the Plan either in the form of cash or in Company stock.

### ***Participation***

Employees of the Company are generally eligible to participate in the 401(k) portion of the Plan after completing 30 days of service and attaining the age of 21 and entry is monthly.

### ***Participant Investment Account Options***

For the 401(k) portion of the Plan, investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. Participants who have participated in the Plan for at least three years may diversify all or a portion of their ESOP account by investing their account value in assets other than qualifying employer securities.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. Effective for the 2014 Plan year, the automatic deferral shall be automatically increased as of each January 1<sup>st</sup> (starting January 1, 2015) by 1%, up to a maximum automatic deferral of the lesser of 6% of eligible compensation or the maximum deferral allowable by IRS limitations.

### ***Participant Accounts***

Each participant's 401(k) account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant's ESOP account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each eligible participant's account based on the ratio of the participant's beginning of the year account balance to all eligible participants' beginning of the year account balances.

### ***Vesting***

Participants in the ESOP portion of the Plan are not 100% vested in their account until they have reached three years of credited service. Participants terminating due to normal retirement, death or disability will be 100% vested. Participants in the 401(k) portion of the Plan are immediately vested in all of their account balance except for the portion that relates to the Company discretionary profit-sharing contributions. This portion is 100% vested after three years of credited service. The nonvested balance is forfeited upon termination of service. Benefits forfeited will be added to the Company's regular and profit-sharing contributions, as applicable.

### ***Forfeited Accounts***

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2013 and 2012, totaled \$2,492 and \$5,952, respectively. Forfeitures reallocated during 2013 and 2012 amounted to \$2,633 and \$6,134, respectively.

### ***Payment of Benefits***

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

In-service withdrawals are available for certain portions of the 401(k) Plan as described by the Plan Document.

### ***Voting Rights***

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is permitted to vote, in its discretion, any share for which a participant has not given timely instructions.

### ***Notes Receivable From Participants***

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on a reasonable rate determined by the Plan Administrator.

Notes receivable from participants are reported at the amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

### ***Plan Termination***

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Bank Pension Committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. In the event of Plan termination, participants will become 100% vested in their accounts.

## **Note 2: Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The common shares of the Company are valued at the closing price reported on the active market on which they are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Money market funds are valued at amortized cost, which approximates fair value. Notes receivable from participants are valued at amortized cost, which approximates fair value.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

### ***Plan Tax Status***

The Plan obtained its latest determination letter on September 20, 2013, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The determination letter expires on January 31, 2016. The Plan has been amended and restated since receiving the determination letter, and the Plan has requested a new determination letter and is awaiting a response. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2010.

## **Note 3: Administration of ESOP Plan Assets**

First Bankers Trust Services, Inc., the trustee for the ESOP component of the Plan, holds Plan assets, which consists principally of common shares of *MutualFirst* Financial, Inc.

Company contributions are held and managed by the trustee, which invests cash received, interest and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan, which is reimbursed to the trustee through contributions as determined by the Company.

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees are paid directly by the Company.

### Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### Investments

Where quoted market prices are available in an active market, securities were classified within Level 1 of the valuation hierarchy. Level 1 securities included common stock, mutual funds and money market funds. If quoted market prices were not available, then fair values were estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs were not available, securities were classified within Level 3 of the hierarchy. The Plan held no investments classified as Level 2 or Level 3 at December 31, 2013 and 2012.

## **Notes to Financial Statements**

**December 31, 2013 and 2012**

### **Note 8: Employer Contributions**

The Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. This term loan was paid off on December 31, 2013.

### **Note 9: Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in common stock of the Company and has a loan payable to the Company. Administrative fees paid to the trustees of \$46,391 and \$31,348 for 2013 and 2012, respectively, were paid by the Plan. The Plan also invests in certain funds of the Plan custodian.

The Company provides certain administrative services at no cost to the Plan.

### **Note 10: Risks and Uncertainties**

The Plan invests in Company common stock which constitutes approximately 25% of the Plan's investments, which are exposed to various risks, such as market and credit risk. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### **Note 11: Subsequent Events**

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Effective January 1, 2014, the Company safe harbor matching contribution will be increased to 100% of the participant's deferral on the first 4% of eligible compensation plus 50% of the next 2% of eligible compensation.
