NOTES TO FINANCIAL STATEMENTS

SCHNEIDER PACKAGING EQUIPMENT CO., INC. EMPLOYEES'
DEFERRED SAVINGS AND PROFIT SHARING PLAN

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Schneider Packaging Equipment Co., Inc. Employees' Deferred Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Schneider Packaging Equipment Co., Inc., Schneider Installation & Service Corp. and Schneider S&R Machinery, LLC (collectively referred to as the "Company") who are age eighteen or older. An eligible employee's participation in the elective deferral feature of the Plan is on the first day of the payroll period coinciding with or next following his or her employment date. To become eligible to participate in the Company's matching and profit sharing contributions a participant must have completed a one year service requirement with the Company, as defined by the Plan. An eligible employee's participation in the Company's matching feature of the Plan is on the first day of the payroll period coinciding with or next following the date the employee meets the one year service requirement. An eligible employee's participation in the profit sharing feature of the Plan is on the earlier of the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date the employee meets the one year service requirement. The Plan is subject to the provisions of ERISA. The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: Participants may contribute tax-deferred and after-tax Roth dollars through payroll deduction equal to the lesser of 100% of annual compensation ("elective deferral contributions") or $17,500 into the Plan in 2013 ($17,000 in 2012). Contributions are subject to limitations determined by the Internal Revenue Service (IRS). Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, the participant may make "catch-up" contributions as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 6% of eligible compensation that a participant contributes to the Plan ("matching contributions"). Additional profit sharing amounts may be contributed at the discretion of the Company, although no such contributions have been made at December 31, 2013 or 2012.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Participant Accounts: Each participant's account is credited with elective deferral contributions, Company matching and profit sharing contributions, Plan earnings and losses and loan activity. Plan earnings and losses are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Receivables--Notes from Participants: Participants may borrow from their vested accounts a minimum of $1,000. The maximum amount of all loans outstanding cannot exceed the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the previous twelve months. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator (currently prime plus 1%). Principal and interest is paid ratably through weekly payroll deductions over a period not to exceed five years, unless the loan is for the purpose of acquiring a principal residence then the maximum period shall be ten years. The number of outstanding loans that a participant can have at one time is one general and one residential loan.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments over a period of not more than a participant's assumed life expectancy. If a participant's vested account balance is $1,000 or less, benefits will be paid as soon as administratively feasible following the participant's termination date.

Forfeited Accounts: At December 31, 2013 and 2012, forfeited nonvested accounts totaled $13,737 and $10,918, respectively. These accounts are used to offset Plan expenses and reduce future employer contributions. In 2013 and 2012, no Plan expenses or employer contributions were offset from forfeited nonvested accounts.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Basis of Accounting--Continued: Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared using the contract value basis for fully benefit-responsive investment contracts. At December 31, 2013 and 2012 the fair value of the Plan's insurance company general account equals contract value.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Receivables--Notes from Participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Events Occurring After Report Date: The Plan's management has evaluated events and transactions that occurred between December 31, 2013 and July 24, 2014, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

NOTE C--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

The Plan changed its custodian from ING Life Insurance and Annuity Company ("ING") to Transamerica Retirement Solutions ("Transamerica") effective December 12, 2012. The following is a summary of the Plan's asset information as of and for the years ended December 31, 2013 and 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information provided by the custodians of the Plan, Transamerica (current custodian--as of and for the year ended December 31, 2013 and for the period December 12, 2012 to December 31, 2012) and ING (former custodian--for the period January 1, 2012 to December 11, 2012) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that such information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets. Each asset representing 5% or more of the Plan's net assets is separately identified.

	2013	2012
Pooled separate accounts, at fair value:		
Vanguard Total Stock Market Index	$ 557,120	$ 404,581
Transamerica Small/Mid Cap Value Fund	443,147	326,703
Janus Balanced Retirement Account	663,723	608,315

Invesco Diversified Dividend	847,862	669,984
Vanguard Target Retirement 2035 Fund	408,939	324,779
Other	2,502,620	1,933,373
	$ 7,441,729	$ 5,803,835
Insurance company general account:		
Transamerica Stable Value Core Account	$ 349,006	$ 425,264

NOTE C--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)--Continued

The custodians also certified to the completeness and accuracy of $1,432,213 and $728,754 of net appreciation in fair value of investments, and $3,219 and $42,886 of dividends for the years ended December 31, 2013 and 2012, respectively.

NOTE D--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive group annuity contract with Transamerica Financial Life Insurance Company ("TFLIC"). The contract with TFLIC is presented in the financial statements at fair value which equals contract value. TFLIC maintains the contributions in a general account which is credited with contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The effective credited interest rate is set semi-annually and is effective on the first day of January and July. There is no stated minimum or maximum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to a plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fully benefit-responsive contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Approximate average yields:		
Based on actual earnings	0.80%	1.07%
Based on interest rate credited to participants	0.80%	1.07%

NOTE E--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2013. The methodologies used at December 31, 2013, are similar to those used at December 31, 2012:

- Pooled separate accounts: Investments in the pooled separate accounts are investments in registered investment companies and are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares (participation units) held at year end.

NOTE E--FAIR VALUE MEASUREMENTS--Continued

- Insurance company general account: Investments in the general account with TFLIC are valued at contract value, which equals fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$7,441,729	$ -0-	$ -0-	$7,441,929
Insurance company general account	-0-	349,006	-0-	349,006
Total investments at fair value	$7,441,729	$349,006	$ -0-	$7,790,735

	December 31, 2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$5,803,835	$ -0-	$ -0-	$5,803,835
Insurance company general account	-0-	425,264	-0-	425,264
Total investments at fair value	$5,803,835	$425,264	$ -0-	$6,229,099

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE G--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Transamerica is the Plan's custodian at December 31, 2013 and 2012, as defined by the Plan and, therefore, transactions with the custodian qualify as party in interest transactions. Fees incurred by the Plan for investment management and contract administrative services are customary for the services provided. Investment management fees are deducted from Plan earnings. Fees for contract administrative and auditing services are either paid directly by the Company or deducted from the Plan's forfeiture account.

NOTE H--TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Benefit Consulting Group, LLC. The prototype plan has received a favorable determination letter dated March 31, 2008 from the IRS as to the prototype plan's qualified status. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE I--RISKS AND UNCERTAINTIES

The Plan invests in various pooled separate accounts. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain pooled separate accounts, it is at least reasonably possible that changes in the values of pooled separate accounts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
