LCM INVESTMENTS II, LLLP 401(K) PLAN
STATEMENT OF CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS
FOR THE YEAR ENDED DECEMBER 31, 2013

(1) Description of Plan

The following description of the LCM Investments II, LLLP 401(K) Plan (the "Plan")(previously "MK Automotive Management, LLC 401(K) Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. On April 1, 2013, the Company amended the Plan, changing the name from MK Automotive Management, LLC 401(K) Plan to LCM Investments II, LLLP 401(K) Plan.

(a) General

The Plan is a defined contribution plan covering all full and part-time employees, including those qualifying as highly compensated employees, who have completed three months of service and are at least 18 years of age. The Plan was adopted with an effective date of January 1, 2006 and is sponsored by LCM INVESTMENTS II, LLLP (the Company"). The Plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was subsequently amended with effective dates of January 1, 2007, January 1, 2009, July 1, 2010 and April 1, 2013.

(b) Contributions

Participants may contribute amounts to their accounts up to the maximum allowed under Internal Revenue Code (IRC) section 402(g). For the year ended December 31, 2013, the maximum allowed was $17,500. As allowed by the IRS, the limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2013 plan year. Participants may also contribute distributions from other qualified defined benefit or defined contribution plans.

Participants may only elect to contribute to the Plan or change their elected contribution at the beginning of each month.

Effective April 1, 2013, the Company amended the Plan to include an automatic deferral provision of 3%. For new participants, the automatic deferral provision applies to employees who become participants on or after the effective date of the automatic deferral provision. For existing participants, the automatic deferral provision applies to all participants in the Plan as of the effective date of the automatic deferral provision, except those who have a salary deferral agreement in effect on the automatic deferral provision effective date. Participants may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. If the Company automatically enrolled a participant that did not want to participate in the Plan, the Company can refund the deferrals to the Participant within 90 days of the first payroll in which money was deferred, provided the participant notifies company management within a reasonable period of time prior to the end of the 90 day period.

(1) Description of Plan -Continued

(b) Contributions - Continued

The Plan also provides for the Company to make discretionary contributions in an amount equal to a matching percentage of a participant's eligible contributions for the Plan year or a profit sharing contribution at the option of the Company. For 2013, the Company matched 25% of participant contributions up to $1,200. The Company did not make a profit sharing contribution during 2013.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Effective January 1, 2007, the Plan was amended to make participants 100% vested in the matching contribution portion of their accounts. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on continuous years of service. On July 1, 2010, the Plan was amended to make participants vesting in the matching contribution portion of their accounts based on continuous years of service. A participant vests in the matching contribution at a rate of 20% per year after two years of service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions.

(e) Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of 50% of the present value of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by 50% of the balance in the participant's account and bear interest at various rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a maximum period of 5 years except in the case of a loan for the purchase of a principal residence. Participants may have a total of two loans outstanding from the Plan at any given time. Interest income from loans is presented as other income in the Statement of Changes of Net Assets Available for Benefits.

(1) Description of Plan – Continued

(f) Payment of Benefits

At termination of service, for any reason, disbursement of vested balances is made by lump-sum only. A participant is entitled to receive a distribution from his or her deferral contribution account without terminating employment upon attainment of age 59-1/2. The Plan provides for hardship distributions in accordance with the Plan agreement.

(g) Forfeitures

Non–vested Company contributions that are forfeited are retained in the Plan and reduce future administrative expenses of the Plan and Company contributions. As of December 31, 2013 and 2012, the Plan had $1,001 and $15,359, respectively, available to reduce future Company contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting and present net assets available for benefits and changes in those assets.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values are based on quoted market prices, audited financial statements and other observable information for similar items in active or inactive markets. See Note 3 for discussion of fair value measurements.

Realized and unrealized gains and losses represent the change in market value of the investment contracts during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies – Continued

(e) Administrative Expenses

All reasonable Plan investment expenses are paid for by the Plan. All other reasonable expenses are paid for by the Company.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Fair Value Measurements

Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of quoted prices in active markets of similar assets, quoted prices in inactive markets of identical assets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available to the Plan.

(a) Level 1 Fair Value Measurements

The fair values of most pooled separate accounts and mutual funds are based on quoted market prices in active markets published daily.

(b) Level 2 Fair Value Measurements

The Fixed Income Account is based on a stated interest rate and is guaranteed by Transamerica Life Insurance Company ("Transamerica"), the Plans custodian. Pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities.

(3) Fair Value Measurements – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

December 31, 2013	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Pooled separate accounts	$ 4,320,511	$ 4,320,511
Mututal funds	1,805,197	1,805,197
	$ 6,125,708	$ 6,125,708

	Fair Value	Fair Value Measurements Using Observable Information for Similar Items in Active or Inactive Markets (Level 2)
Fixed income account	$ 251,141	$ 251,141
Pooled separate accounts	290,052	290,052
	$ 541,193	$ 541,193

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

December 31, 2012	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Pooled separate accounts	$ 4,248,604	$ 4,248,604
Fixed income account	560,004	560,004
	$ 4,808,608	$ 4,808,608

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in the net appreciation in fair value of investments.

(4) Investment Contracts With Insurance Company

As of December 31, 2013, the Plan has investment contracts with Transamerica for the purpose of investing Plan assets. These investment contracts were determined to not be fully-benefit responsive. Participants can elect to invest amounts allocated to their accounts in pooled separate accounts, mutual funds or fixed income accounts maintained by Transamerica. The contracts are included in the financial statements at fair value, as reported to the Plan by Transamerica.

The contributions to the fixed income accounts with Transamerica are maintained in a general account. Fair market value of the account is the value paid when funds are withdrawn prior to their maturity. The guaranteed interest rate in effect through December 31, 2013 is 0.80%. At December 31, 2013, the declared yield and crediting interest rate for the fixed income fund was 0.80%. The crediting interest rate is based on the interest rate decided by the issuer, but cannot be less than stated in the investment contract. At December 31, 2013, contract value approximates fair value.

(5) Information Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica and The Hartford Life Insurance Company ("Hartford"), the custodians as of December 31, 2013 and 2012, respectively, have certified that the following data included in the accompanying financial statements (held at end of year) is complete and accurate in their respective year of being custodian:

- Investments as of December 31, 2013 (Transamerica) and 2012 (Hartford), as shown in the statements of net assets available for benefits.

- The schedule of assets (held at end of year) as of December 31, 2013 included in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule of assets (held at end of year).

(7) Party-in-Interest Transactions

Certain Plan investments are managed by Transamerica and Mass Mutual (previously "Hartford"). Transamerica is the current custodian of the Plan. Mass Mutual was the custodian through March 25, 2013. Therefore, these transactions qualify as party-in-interest transactions. The Hartford was purchased by Mass Mutual in January 2013.

(8) Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in Company contributions.

(9) Income Tax Status

The Plan is a non-standardized prototype plan developed by Transamerica. The Company adopted the prototype plan effective April 1, 2013. The Internal Revenue Service has determined and informed Transamerica by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertain tax positions, if any, in accordance with FASB Accounting Standards Codification 740. In accordance with these professional standards, the Company recognizes tax positions only to be the extent management believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. The Plan Administrator believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements for the year ended December 31, 2013.

The Plan Administrator believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plans Statements of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits. Accordingly, the Plan has not recorded any accruals for interest and penalties for uncertain income tax positions at December 31, 2013.

The Company's income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed. As of December 31, 2013, the following tax years are subject to examination:

Jurisdiction	Open Years for Filed Returns
Federal	December 31, 2010 – 2013

(10) Subsequent Events

Management has evaluated subsequent events through July 22, 2014 the date on which the financial statements were available to be issued. As of July 22, 2014, Management did not identify any other items for financial disclosure purposes.
