We were engaged to audit the accompanying financial statements of Wabash Electric Supply, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by United of Omaha Life Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

PERMISSION TO PUBLISH EXCERPTS FROM THIS REPORT OR REFERENCES THERETO, WITH MENTION OF OUR NAME, IS WITHHELD UNTIL THE FORM AND SUBSTANCE OF SUCH EXCERPTS OR REFERENCES ARE APPROVED BY US.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

Overview

The Wabash Electric Supply, Inc. 401(k) Plan (the "Plan") is a defined contribution plan sponsored by Wabash Electric Supply, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information.

Eligibility

The Plan covers all employees of the Employer who are 18 years of age and have completed at least one year of service. Employees may enter the Plan on January 1, April 1, July 1, and October 1 following completion of the eligibility requirements.

Contributions

Employees may make voluntary pre-tax contributions of 1% to 100% of compensation, up to the dollar limits set by the Internal Revenue Code.

Employees are eligible for a discretionary match contribution from the Employer provided the participants have completed at least 1,000 hours of service. The Employer may provide a matching contribution of the participants' elected salary reduction, subject to a 5% maximum of the employee's compensation. The Employer provided a 50% matching contribution for the year ended December 31, 2013.

Effective January 1, 2013, the Plan was amended altering the definition of compensation for match calculations to exclude overtime wages.

Forfeitures

Participants who terminate from the Plan prior to becoming fully vested must forfeit a percentage of their Employer contributions. These forfeitures are used to reduce future Employer contributions and pay Plan expenses. Forfeitures of approximately $35 were used to pay Plan expenses for the year ended December 31, 2013. There is approximately $1,475 available in the forfeiture account to offset future Employer contributions and cover Plan expenses.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, Employer contributions, if provided, plus an allocation of Plan earnings, and is charged with certain fees, administrative expenses, and withdrawals. Plan earnings are allocated to participants' accounts on a pro rata basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant-directed.

Note 1. Plan Description (Continued)

Investment Options

Participants have the option of directing their contributions into various pooled separate accounts and one guaranteed fixed fund offered through United of Omaha Life Insurance Company.

Benefit Payments

Upon termination of employment, retirement, disability, or death, distributions are made in lump-sum, installment payments, or annuity contracts equal to the value of the participant's vested interest in his or her account. In-service distributions from vested amounts may be made to a participant who has not separated from service provided he or she has attained age 59 1/2. Hardship distributions are also allowed as described in the Plan.

Vesting

Vesting is based on years of service. Participants begin vesting in Employer contributions after two years of service at 20% and increase 20% each year until full vesting after six years of service, or at normal retirement age, early retirement age, or death. Participants are always 100% vested in any salary deferral contribution to the Plan.

Termination

Although the Employer has not expressed any intent to do so, the Employer has the right to terminate the Plan. In the event the Plan is terminated, each participant will automatically become 100% vested and a lump sum distribution will be made to the participant.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income Tax Status

The Plan is a prototype plan of Retirement Financial Services, Inc., which obtained its latest determination letter on March 31, 2008, stating that the Plan is a qualified plan under Section 401 of the Internal Revenue Code. The Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan sponsor and Plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through July 22, 2014, the date the financial statements were available to be issued.

Contributions received from participants for 2013 are net of corrections of $8,416 made in 2014 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Net realized and unrealized appreciation in fair value of investments was decreased by allocable income of $329 related to excess deferral contributions. The total of the corrective distributions is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2013.

Note 3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian, United of Omaha Life Insurance Company, and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments as shown in the accompanying statements of net assets available for benefits.
b. Net investment earnings, as shown in the accompanying statement of changes in net assets available for benefits, including interest income and net realized and unrealized appreciation in fair value of investments.
c. Schedule of assets (held at end of year).

Note 4. Significant Investments

The fair value of investments that represent 5% or more of the Plan's net assets are summarized below:

As of December 31, 2013:	
United of Omaha Life Insurance Company funds:	
Guaranteed Investment Contract	$ 1,643,613
Stadion Balanced Portfolio	827,983
Stadion Growth Portfolio	709,646
Stadion Moderate Growth Portfolio	853,795
As of December 31, 2012:	
United of Omaha Life Insurance Company funds:	
Guaranteed Investment Contract	$ 1,223,640
Mutual Directions 1	321,488
Stadion Balanced Portfolio	635,491
Stadion Growth Portfolio	587,015
Stadion Moderate Growth Portfolio	1,007,617
T. Rowe Price Growth Stock Fund	312,586

Note 5. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Fair value is estimated by United of Omaha Life Insurance Company based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of participation units outstanding (commonly referred to as the net asset value). The value of the underlying investments is primarily provided by outside pricing services for bonds and stocks and transfer agents for the mutual funds.

Intermediate term bond: Funds have average durations that are greater than 3.5 years and less than six years. Most of the funds rotate among a variety of sectors in the bond market, based upon which appear to offer better values. Whatever types of bonds they hold, these funds are less sensitive to interest rates, and therefore less volatile, than funds that have longer durations. The funds seek to maximize long term total return.

Large blend: Funds have portfolios that are fairly representative of the overall stock market in both size, growth rates, and price. They tend to invest across the spectrum of U.S. industries and owing to their broad exposure, the funds' returns are often similar to those of the S&P 500 Index.

Large growth: Funds invest in companies that are projected to grow faster than other large cap stocks. Most of these funds focus on companies in rapidly expanding industries.

Note 5. Fair Value Measurements (Continued)

Large value: Funds focus on companies that are less expensive or growing more slowly than other large cap stocks. These funds often feature investments in energy, financial, or manufacturing sectors.

Mid cap core: Funds invest in stocks of various sizes. The funds track the performance of the S&P 400 Index, which measures the investment return of mid-capitalization stocks.

Short term bond: Funds have durations between one and 3.5 years, thus making them attractive to fairly conservative investors. These funds invest in a variety of bonds. Funds seek to maximize total return, consistent with income generation and product investment management.

Small growth: Funds focus on faster-growing companies whose shares are at the lower end of the market-capitalization range. Funds tend to favor companies in up-and-coming industries or young firms in their early growth stages. As a result, the category tends to move in sync with the market for initial public offerings. Funds strive to provide long term capital growth.

Small/mid cap value: Funds invest in small and mid cap stocks which are often more volatile than large cap stocks as smaller companies generally face higher risks due to their limited product lines, markets and financial resources. An open-end fund that seeks long term growth of capital.

Guaranteed investment contract: Fair value is estimated by discounting the cash flows of the guaranteed account using a discount rate that represents the interest rate that would be credited on accounts of similar duration.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2013 and 2012.

Total assets at fair value	$ -	$ 4,445,377	$ 1,223,640	$ 5,669,017

Note 5. Fair Value Measurements (Continued)

A reconciliation of the beginning and ending balance of the investments measured at fair value using significant unobservable inputs (Level 3) is as follows:

	Guaranteed Investment Contract
Balance, beginning of year	$ 1,223,640
Interest income	19,310
Unrealized gains (losses) relating to instruments still held at the reporting date	(26,379)
Purchases	1,964,119
Sales	(1,537,527)
Balance, end of year	$ 1,643,163

Unrealized gains (losses) included in changes in net assets for the period above are reported in the adjustment from fair value to contract value in the statement of net assets available for benefits.

Note 6. Guaranteed Investment Contract

The Plan's Guaranteed Investment Contract with United of Omaha Life Insurance Company are considered fully benefit-responsive. United of Omaha Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average yield and crediting interest rate were approximately 0.97% and 2.30% for the years ended December 31, 2013 and 2012, respectively. There is no minimum crediting interest rate.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with United of Omaha Life Insurance Company. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note 7. Transactions with Parties-In-Interest

The Employer provides certain accounting, recordkeeping, and administrative services for the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Employer. The Plan invests in pooled separate accounts affiliated with and a fixed income fund sponsored by the Custodian.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
