ERIKS SEALS AND PLASTICS DIVISIONAL 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

A. Description of the Plan

General

The following description of the ERIKS Seals and Plastics Divisional 401(k) Plan & Trust, formerly the ERIKS Corporation Divisional 401(k) Plan and Trust, (the "Plan") provides only general information. The Plan is sponsored by ERIKS Seals and Plastics, formerly the ERIKS Corporation, (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company who have at least six months of service and are age 18 or older. Eligible employees may enter the Plan the first day of the calendar quarter following the date on which they meet the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage Company employees to save and invest, systematically, a portion of their current compensation so that they may have a source of additional income upon their retirement, or for their family in the event of death.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan from other eligible benefit plans.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan provides for the Company to make matching contributions as follows: Participants must be (1) employed on the last day of the Plan year, and complete 1,000 hours of service during the Plan year; or, (2) have died, retired or suffered total and permanent disability, or had early or normal retirement during such Plan year to be eligible to receive matching contributions. The Company makes matching contributions of one dollar for every one dollar contributed by each participant, up to a maximum of four percent of the participants' eligible compensation. The Company may also make discretionary non-elective contributions, of which none were made in 2013 or 2012.

A. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferral and employer contributions in 1% increments into any of the investment options available in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Employer's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their elective contributions plus actual earnings thereon. Participants terminating employment as a result of disability or death will be 100% vested in their employer account balances. Beginning January 1, 2007, every active employee in the Company is fully vested in Company contributions plus actual earnings. For employees who were terminated prior to January 1, 2007, vesting in company contributions plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years for general purpose loans and from one to thirty years for the purchase of a principal residence. Notes bear interest at a rate determined by the plan administrator. Interest rates were 4.25% to 6.00% at December 31, 2013 and 2012. Principal and interest is paid ratably through payroll deductions.

A. Description of the Plan – continued

Benefit Payments

Participants withdrawing during the year for reasons of termination of service or disability, retirement, or death are entitled to their vested account balance. Benefits are distributed in the form of rollover or lump sum distributions. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Benefit payments greater than $5,000 may be deferred. Participant's balances of less than $1,000 are automatically distributed in the form of a lump sum for any of the reasons noted above. The Plan also allows for in-service withdrawals if the participant is 59 ½ years of age.

A participant may receive a hardship distribution from their salary deferral contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for burial or funeral expenses for the participant's deceased parent, spouse, children or dependents; (4) for the payment of post-secondary tuition expenses; (5) for the repair of damage to participant's principal residence; or, (6) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts shall be used to restore the account balances of former Plan participants who are rehired within five years, to pay Plan administrative expenses, or to reduce Company contributions. The Plan utilized approximately $2,400 and $1,180 of forfeitures to offset Company contributions during the years ended December 31, 2013 and 2012, respectively. Net assets available for benefits included unallocated forfeitures of approximately $4,900 and $6,000 as of December 31, 2013 and 2012, respectively.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. Under the terms of the Plan, administrative expenses may be paid out of the Plan, unless paid by the Company, which are then not included in the accompanying financial statements.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

B. Summary of Significant Accounting Policies

Investments Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurement*, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies under FASB ASC Topic No. 820.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan invested in a synthetic guaranteed investment contract through a common collective trust, the Wilmington Trust Retirement and Institutional Services Company ("Wilmington") Collective Investment Trust III. Wilmington guaranteed principal and accrued interest, based on crediting interest rates for participants-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. Rates are reset on a quarterly basis with no minimum crediting rate. If the Plan chooses to end its participation in this fund, the Plan will receive the greater of the Plan's guaranteed contract value or market value. Charges are withdrawn from market value and reflected within the interest rates credited to the guaranteed contract value.

The Plan accounted for its investment in the common collective trust at fair value in accordance with FASB ASC Topic No. 962, *Plan Accounting—Defined Contribution Pension Plans.* The common collective trust was made up of a synthetic guaranteed investment contract in which the Plan owned an interest in the underlying assets and fully benefit-responsive wrapper contracts from independent third parties, which provided market value and cash flow risk protection to the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of the investment in the common collective trust is presented in the statement of net assets available for benefits as well as the adjustment of the investment in the common collective trust from fair value to contract value.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from participants are accrued in the period in which they are deducted in accordance with salary deferral agreements and when they become obligations of the Company, as determined by the plan administrator.

Notes Receivable from Participants

Participant loans are recorded at the unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

C. Investments

C. Investments – continued

During 2013 and 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	2013	2012
Mutual funds	$ 1,046,285	$ 534,346
Common collective trust	(11,240)	26,848
Net realized and unrealized gains on investments	$ 1,035,045	$ 561,194

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability. There were no Level 3 investments at December 31, 2013 and 2012.

FASB ASC Topic No. 820 requires the methodologies used to measure the fair value of assets and liabilities be described. These methodologies were consistently applied to all assets and liabilities carried at December 31, 2013 and 2012 and are as follows:

- Mutual funds are measured using the net asset values ("NAV") of the shares held by the Plan at year end and are considered Level 1 investments. There are no significant restrictions on redeeming these investments at NAV.

D. Fair Value Measurements – continued

- The common collective trust is measured based on information reported by the investment manager using credit ratings of the underlying portfolio based on the trust's investment contracts and is considered a Level 2 investment.

The following table details the Plan's investments at December 31, 2013 and 2012:

	2013		
	Level 1	**Level 2**	**Total**
Cash- interest bearing	$ 7,478,945	$ -	$ 7,478,945
Mutual funds:			
Fixed Income funds	490	-	490
Total investments at fair value	$ 7,479,435	$ -	$ 7,479,435

	2012		
	Level 1	**Level 2**	**Total**
Mutual funds:			
Growth funds	$ 1,818,265	$ -	$ 1,818,265
Value funds	1,796,281	-	1,796,281
Mid-cap funds	730,495	-	730,495
Small-cap fund	309,716	-	309,716
Fixed Income funds	280,322	-	280,322
Common collective trust	-	1,512,524	1,512,524
Total investments at fair value	$ 4,935,079	$ 1,512,524	$ 6,447,603

These investments are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement within the levels of the fair value hierarchy.

E. Tax Status

The Company has adopted the Newport Group Retirement Plan Service Non-Standardized Prototype 401(k) Plan which has a favorable opinion letter from the Internal Revenue Service as of March 31, 2008. The Plan Sponsor may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

E. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The prototype plan has been amended since receiving its opinion letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2010.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Information Certified by the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investments, interest-bearing cash, and participant loans certified by the trustee, which included total investments and notes receivable from participants as of December 31, 2013 and 2012, the total investment income (loss) for the years ended December 31, 2013 and 2012, and all information included in the supplemental Schedule H, line 4-i Schedule of Assets (Held at End of Year).

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2013	2012
Net assets available for benefits per the financial statements	$ 7,924,096	$ 6,658,884
Difference in reporting of benefit-responsive investments at contract value per the financial statements and fair value per the Form 5500	-	83,336
Net assets available for benefits per the Form 5500	$ 7,924,096	$ 6,742,220

H. Reconciliation of Financial Statements to Form 5500 – continued

The following is a reconciliation of the changes in net assets per the financial statements to the Form 5500 for the years ended December 31:

	2013	2012
Net increase in assets available for benefits per the financial statements	$ 1,265,212	$ 1,197,860
Current year difference in reporting of benefit-responsive investments at contract value per the financial statements and fair value per the Form 5500	-	83,336
Prior year difference in reporting of benefit-responsive investments at contract value per the financial statements and fair value per the Form 5500	(83,336)	(83,348)
Net increase in assets available for benefits per the Form 5500	$ 1,181,876	$ 1,197,848

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Parties-in-Interest Transactions

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Transactions with the trustee qualify as parties-in-interest transactions. Notes receivable from participants also qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules.

J. Subsequent Events

Effective January 1, 2014, the Plan changed trustees from Wilmington Trust Retirement and Institutional Services Company to Fidelity Trust Company and adopted a new volume submitter plan document.

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through July 18, 2014, the date the financial statements were available for issuance.

Although the contributions were remitted late, the plan sponsor believes they were remitted as soon as the assets could be reasonably segregated.
