Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by State Street Bank & Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the Trustee is complete and accurate.

Their report, dated July 16, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. PLAN DESCRIPTION

The following description of the Norm's Restaurants Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who have been employed for at least one year by Norm's Restaurants (the "Company" and the "Plan Sponsor") and affiliates, and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 15 percent of their pre-tax compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Company may make discretionary matching contributions, none of which were made for the year ended December 31, 2013. The Company may also make discretionary nonelective contributions for those participants who completed 1,000 hours of service during the Plan year and were employed on the last day of the Plan year. For the year ended December 31, 2013, the Company made a discretionary nonelective contribution of $825,000.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions upon completion of three years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches early or normal retirement age, as defined by the Plan, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and any remaining forfeitures are allocated in the same proportion as the Company nonelective contribution. During the year ended December 31, 2013, forfeitures of $6,389 were reallocated to eligible participants. As of December 31, 2013, there were $6,877 forfeitures available for future use.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, and allocations of the Company's nonelective contribution, forfeitures, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments in accordance with the Plan. For vested account balances of $5,000 or less, a participant may only receive a lump-sum amount.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by State Street Bank & Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of a fully benefit-responsive investment contract and the contract value be presented on the face of the statements of net assets available for plan benefits. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payable to Participants

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 20 percent of the Plan's net assets are invested in the American Century Strategic Allocation Aggressive Fund.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common Collective Trusts – The Invesco Stable Asset Fund and SSgA S&P 500 Index Fund, held in common collective trusts ("CCT"), are valued at the net asset value ("NAV") of units of the collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market; therefore, the CCT is classified as Level 2 within the valuation hierarchy.

The primary investment objective of the Invesco Stable Asset Fund is to provide preservation of principal and to maintain a stable interest rate and the primary investment strategy of the SSgA S&P 500 Index Fund is to approximate as closely as practicable the performance of the underlying investments. The CCT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2013

Reclassifications

Reclassifications have been made to the prior year presentation of the Plan's investments at fair value by investment type to conform to the current year presentation.

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2013		2012	
American Century Heritage Fund	$ 2,172,860		$ 1,701,785	
American Century Strategic Allocation Aggressive Fund	4,866,427		4,070,170

Invesco Stable Asset Fund	2,583,890	*	2,539,312	*
Janus Forty Fund	1,984,814		1,475,483	

* Amount represents contract value.

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $1,404,796 and net appreciation of investments in common collective trusts was $175,849.

NOTE 4. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan document which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and has identified an operational error that is being corrected through the Employee Plans Compliance Resolution System. Accordingly, other than the error being corrected, the Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Trustee of the Plan charges the Plan transactions fees which qualify as party-in-interest transactions for which exemptions exist. The Trustee received indirect compensation of $500. ADP, the recordkeeper and broker-dealer, received $6,050 for administration fees that were paid by participants through the Plan and receives indirect compensation from investments based on a formula which is based on average daily balances.

NOTE 6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $22,563,333 and $609,639, respectively, less the adjustment from fair value to contract value of $25,581, as of December 31, 2013 and $18,766,756 and $580,944, respectively, less the adjustment from fair value to contract value of $25,779, as of December 31, 2012.

b. Net appreciation of investments of $1,580,645, dividend income on investments of $1,842,314, and interest income on notes receivable from participants of $22,278 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.75 percent. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31:

	2013	2012
Net assets available for plan benefits per the financial statements	$ 23,972,391	$ 20,121,921

Change in adjustment from fair value to contract value	(198)
Net increase in net assets available for plan benefits per the Form 5500	$ 3,850,272

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through July 28, 2014, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
