NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Continental Currency Services, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

A. General

The Plan is a defined contribution plan established January 1, 1996 by Continental Currency Services, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable provisions of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

Two affiliated companies, Principal Trust Company and Principal Life Insurance Company ("Principal"), served as trustee and custodian, respectively, of the Plan through December 31, 2012. In 2013 Principal Trust Company, became the sole custodian and trustee of Plan investments. Principal Life Insurance Company continues to serve as third-party administrator and maintains the records of participant data under a group annuity contract that provides for Plan operating, administrative and management expenses to be charged directly to investment funds. Such fees are factored into each fund as a reduction in investment return. Administrative fees for participant requested transactions including participant loan administration and benefit payment processing totaling approximately $18,000 were charged directly to participants in 2013.

C. Eligibility

Substantially all employees of the Company who are 21 or older are eligible for the Plan. The Plan was amended January 1, 2013 to reduce the service period for employees to be eligible to enter the Plan from one year to six months. Plan entry is the first day of the quarter following attainment of eligibility.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation, as defined in the Plan, up to the maximum amount allowable under current income tax regulations. Participants of age 50 and older may contribute an additional $5,500 in catch-up contributions in 2013. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan. The Plan was amended effective January 1, 2013 to increase the deferral rate from 2% to 3% for participants who are auto-enrolled in the Plan. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with participant directions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Employer Contributions

The Company is allowed to make discretionary matching contributions, as defined in the Plan, and as approved by the Board of Directors. A participant must complete a minimum of 1,000 hours of service during the Plan year to be eligible for an annual matching contribution. For the year ended December 31, 2013, the Company matched 50% of each participant's contributions up to a maximum of $850.

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of Plan earnings or losses and expenses. Plan assets are invested among Plan investment options based solely on instructions received from participants.

The contributions of participants who decline to make an investment election are invested in the Principal Target Date retirement fund appropriate for the individual's age and projected date of retirement. Target Date funds consist of portfolios of securities chosen to meet an investment strategy appropriate for a participant who will reach retirement age at a specified date in the future.

G. Vesting

Participants are immediately 100% vested in their entire accounts under the Plan.

H. Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive benefits equal to the value of the vested interest in his or her account. Normal retirement age is 55. Participants elect to receive benefits from among one of the payment options offered under the Plan including annuities and lump sum payments. Hardship distributions are permitted under certain limited circumstances, as defined in the Plan. Benefits are recorded when paid.

I. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears interest a fixed rate based on available market financing rates at loan inception and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended. The plan administrator approves the specific terms and conditions of each loan. Principal and interest are paid ratably through payroll deductions. Participant loans outstanding at December 31, 2013 carried at interest rates ranging from 5.25% to 10.25%.

Notes receivable are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes are recorded as distributions based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Plan maintained investments in the Principal Stable Value Fund at December 31, 2013 and 2012. This investment meets the definition of fully benefit-responsive investment contract. The statements of net assets available for benefits present the fair value of this fund as well as the adjustment of the investment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 6).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an advisory letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes that the Plan is operated in accordance with, and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from Federal income and state income taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for tax years for which applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company, the trustee and custodian, respectively.

NOTE 5 - 5% INVESTMENTS

The following table presents the fair value of investment funds that include 5% or more of the Plan's net assets available for benefits at December 31:

	2013	2012
Stable Value Fund (At Contract Value)	$ 2,593,387	$ 2,405,371
Target 2010 Fund	669,264	644,519
Target 2015 Fund	962,275	919,917
Target 2025 Fund	752,906	576,764

Income Fund	*	691,026
Core Plus Bond Account	*	606,836
Target 2020 Fund	*	632,791

* Fair value is less than 5% of net assets available for benefits.

Net appreciation in fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) was as follows:

Pooled Separate Accounts	$ 815,320
Common/Collective Trusts	672,291
Mutual Funds	135,222
	$ 1,622,833

NOTE 6 - FAIR VALUE MEASUREMENTS

Accounting guidance on measuring fair value establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds are valued at closing market prices. Fair value of pooled separate accounts is based on closing market prices of the accounts' underlying securities. The Principal Stable Value Fund is a common/collective trust that invests primarily in guaranteed interest contracts issued by banks and insurance companies. The fund is reported at fair value generally based on the latest trading prices of the funds' underlying securities or by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following tables summarize Plan investments at December 31 based on the inputs used to value them:

NOTE 7 - PRINCIPAL STABLE VALUE FUND

The Principal Stable Value Fund seeks to offer a level of investment income that is consistent with principal preservation and invests primarily in guaranteed interest contracts issued by insurance companies and other financial institutions. The average yield earned by the Plan and the rate credited to participants was 0.58% and 1.02% for 2013 and 2012, respectively. Units of investment

NOTE 7 - PRINCIPAL STABLE VALUE FUND (Continued)

are redeemable at contract value (purchase price plus accrued interest). There are no funding commitments or limits on participants' ability to redeem units at contract value, except for provision that prohibits participants from making a direct exchange from this fund to a competing fund. Redemption restrictions and/or market value adjustments may apply to Plan level redemptions. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain investments offered under the Plan are issued by Principal. Though purchases and sales of these securities are considered party-in-interest transactions under ERISA regulations, such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 21, 2014, the date on which the financial statements were available to be issued. There are no material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The difference between the financial statements and the financial information presented in the Form 5500 is attributable to reporting fully benefit-responsive investment contracts at fair value in Form 5500.
