**401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE A - Description of the plan**

The following description of the Ritrama, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was established on November 1, 1990. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code.

General

The Plan is a defined contribution plan generally covering all eligible employees of Ritrama, Inc. (the Company) who have attained the age of 21 and have one month of service, as defined in the Plan. The Plan excludes certain non-resident aliens who have no earned income from sources within the United States, employees of any affiliated employer, as defined, other than those allowed by the Plan, and any member of a collective bargaining unit for who either (a) a separate retirement plan has been established or is contributed to pursuant to collective bargaining negotiations, or (b) no such separate plan has been established or is contributed to after collective bargaining which has included discussion of retirement benefits, unless such collective bargaining provided for coverage under this Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's administration costs, except the fees required for the Plan's annual audit, are absorbed by the Plan.

Contributions

Participants can elect to defer the lesser of 100% of compensation, as defined in the Plan, or the maximum permitted by the Internal Revenue Service.

The Plan is a "Safe Harbor Plan". The Company is required to make matching contributions equal to 100% of the participant's 401(k) deferrals up to 3% of compensation, and 50% of the participant's 401(k) deferrals from 3% to 5% of compensation. The matching contribution made on behalf of the participant cannot exceed 4% of compensation. The Plan allows for catch-up contributions for participants who are age 50 or older.

As of January 1, 2014, the Plan was amended for automatic enrollment. The terms of the automatic enrollment, including but not limited to the percentage, automatic increases to that percentage, the proportion that is considered a Pre-Tax Elective Deferral and/or a Roth Elective Deferral, and the Participants to whom it applies, will be set forth in an administrative policy regarding Elective Deferrals as promulgated from time to time by the Administrator.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE A - Description of the plan, continued**

*Participant accounts*

A separate account is maintained for each participant in the Plan reflecting participant and Company contributions and allocation of the Plan's earnings and losses. The net value of each participant's account is established at the close of each business day through the valuation of each fund's assets at market value. The Plan includes provisions whereby participants can direct investment of their account balances between many programs depending on their personal investment objectives. Participants can change their investment direction or transfer funds on a daily basis.

*Vesting/Forfeitures*

Participants are 100% vested as to their contributions and the Company's matching contributions.

*Payment of benefits*

Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability, termination of employment, qualified domestic relations order, or financial hardship (including from rollover accounts), as defined in the Plan. Any distribution made without a qualifying event may be subject to a 10% federal tax penalty. Distributions may be made in the form of direct rollover or lump-sum cash distribution. Mandatory automatic cash out of vested balances of \$1,000 (\$5,000 as of January 1, 2014) or less are permitted under the Plan.

Financial hardship withdrawals of the participant's voluntary 401(k) contributions are permitted in specialized circumstances of immediate and heavy financial need. A participant who receives a hardship distribution of voluntary contributions shall be prohibited from making elective deferrals for six months after receipt of distribution.

*Notes receivable from participants*

The Plan allows participants to borrow against their vested account balance in the Plan, at the discretion of the trustee. Participants may borrow up to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior one-year period, or one-half of their vested account balance. No loan of less than \$1,000 will be made. No more than one loan per participant may be outstanding at any time. The loans are payable over five years, unless used to acquire a principal residence. The loans are secured by the balance in the participants account and bear a fixed interest rate of prime plus 2% as of the loan date. Interest rate on all notes receivable are 5.25%. Principal and interest is paid ratably through payroll deductions.

**RITRAMA, INC.**  
**401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE B - Summary of significant accounting policies, continued**

*Basis of presentation*

The accompanying financial statements have been prepared on an accrual basis and include recognition of net unrealized appreciation and depreciation of investments, which is included as a component of net appreciation in fair value of investments. The accounting records are maintained by a third party administrator engaged by the Plan sponsor, in conjunction with The Charles Schwab Trust Company (the trustee) who maintains the assets and distributes benefits.

*Valuation of investments*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

The Accounting Standards Codification (ASC) Topic on *Defined Contribution Pension Plans* requires that investment contracts held by a defined contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common / collective trusts as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit. Due to the level of risk associated with certain investment securities, it is reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

*Notes receivable from participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

*Use of estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE B - Summary of significant accounting policies, continued**

*Evaluation of subsequent events*

The Plan has evaluated subsequent events through July 24, 2014, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date to recognize or disclose in these financial statements.

**NOTE C - Investments / notes receivable from participants (unaudited)**

All investments and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and interest and dividends and net (depreciation) appreciation in the fair value of investments for the years ended December 31, 2013 and 2012, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by The Charles Schwab Trust Company, the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information, except to compare such information to the information in the accompanying financial statements.

Investments that represent 5% percent or more of the Plan's net assets are separately identified as follows:

**NOTE D - Fair value measurements**

Financial Accounting Standards Board (FASB) ASC Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Plan is released from risk, the margins for risk will also be released through net realized gains (losses) in net income. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3: Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect our own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of option pricing models, discounted cash flow models and similar techniques. The results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability.

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE D - Fair value measurements, continued**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Registered investment funds:* Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment funds held by the Plan are deemed to be actively traded.

*Common/collective trust:* Valued at net asset value of units of a bank collective trust after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts as reported in the audited financial statements of the fund. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013 and 2012.

**NOTE F - Tax status**

The Plan adopted a standardized prototype plan document sponsored by The Charles Schwab Trust Company. The Charles Schwab Trust Company obtained its latest determination letter from the Internal Revenue Service (IRS) dated May 23, 2008, which states that the prototype document satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related Trust established under the Plan is tax-exempt as of the financial statement date; and no provision for income taxes has been included in the Plan's financial statements.

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE F - Tax status, continued**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

**NOTE G - Related party transactions**

In 2013 and 2012, the Plan was under contract with an administrator (Schwab Retirement Services, Inc.) who is affiliated with the trustee of the Plan. Fees paid by the Plan for the administrative services provided were \$12,920 and \$21,494 in 2013 and 2012, respectively.

The Plan invests in the Schwab S & P 500 Index which is managed by The Charles Schwab Trust Company. The Charles Schwab Trust Company is the Trustee as defined in the Plan, and therefore this transaction qualifies as a party-in-interest transaction.

Notes receivable from participants also qualify as party-in-interest transactions.

**NOTE H - Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.
