Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sulphur Springs Bancshares, Inc. Employee Stock Ownership 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Sulphur Springs Bancshares, Inc. Employee Stock Ownership 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Specifically, it is an employee stock ownership plan with 401(k) provisions that is intended to invest primarily in Sulphur Springs Bancshares, Inc. (referred to as the Plan Sponsor or Company) common stock and managed investments which are funded by contributions from both the participants and the Plan Sponsor. The Plan was adopted January 1, 1991, and most recently amended effective July 1, 2007, to incorporate certain additional provisions. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible for participation upon entering the first of the month of employment following their respective hire date.

Contributions

For 2013 and 2012, participants may contribute up to 15% of their compensation (as defined) on a tax-deferred basis, subject to certain maximum limitations imposed by the Internal Revenue Code ($17,500 and $17,000 for 2013 and 2012, respectively). The Company may make discretionary matching contributions. During 2013 and 2012, discretionary matching contributions totaled approximately $146,000 and $138,000, respectively. Rollover contributions are allowed only if such contributions will not jeopardize the tax exempt status of the Plan, and may be made prior to meeting the eligibility requirements for participation in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching contributions (any amount equal to $0.50 for every dollar of salary deferral made up to 6% of the participant's total compensation) and plan earnings and charged with an allocation of plan expenses. Allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

All participant contributions are immediately fully vested and nonforfeitable. The Company's discretionary matching contributions vest to participants immediately, and discretionary profit sharing contributions vest on a graduated scale of twenty, forty, sixty, eighty and one hundred percent after one, two, three, four, and five years of service, respectively.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants, as well as Company stock. At any time, participants may liquidate any mutual fund holdings and invest the funds in cash or a money market investment. Additionally, participants may change their investment options within mutual funds on a quarterly basis. Participants initiate these changes by contacting the Plan's registered investment advisor or the Plan's custodian.

Notes from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates based generally on the prime lending rate. Loans are required to be repaid within 5 years of the date of the loan except in the case of certain loans to acquire a principal residence, which may be repaid over a period not to exceed 10 years. Principal and interest are repaid ratably through payroll deductions.

Payments of Benefits

Payments for benefits under the Plan are recorded when paid. Upon termination of service due to death, disability or retirement, participants may receive a lump sum payment equal to their vested account balance. Participants who are also active employees can request a hardship withdrawal up to their vested account balance, subject to certain conditions and restrictions.

Forfeitures

Forfeitures represent the portion of non-vested account balances of terminated participants. The employer matching forfeiture allocation, if any, is maintained in a forfeiture account and reallocated to all other participants as provided by the Plan. For the year ended December 31, 2013, there were no forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Notes from Participants

Notes from participants are carried at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. The majority of the Plan's administrative expenses are paid by the Company.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with investment securities, and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Benefits Payable to Terminated Participants

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments of the Plan are presented at fair market value (see Notes 5 and 9). Quoted market prices, if available, are used to value investments.

Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no liability for tax penalties has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through July 22, 2014, the date the financial statements were available to be issued.

3. Recent Accounting Pronouncements

In October 2012, the FASB issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of topics in the Accounting Standards Codification. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will be effective for fiscal periods beginning after December 15, 2013. This statement is not expected to have a material impact on the Plan's financial statements.

In January 2013, the FASB issued Accounting Standards Update 2013-01, *Balance Sheet (Topic 210).* The amendments in this update clarify the scope of disclosures about offsetting assets and liabilities. The amendments clarify that the scope of update 2011-11 applies to derivatives accounted for in accordance with *Derivatives and Hedging (Topic 815)*, including bifurcated embedded derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset or subject to an enforceable master netting arrangement or similar agreement. This standard is effective for fiscal years beginning on or after January 1, 2013. This statement did not have a material impact on the Plan's financial statements.

In February 2013, the FASB issued Accounting Standards Update 2013-02, *Comprehensive Income (Topic 220).* The objective of this update is to improve the reporting of reclassifications out of accumulated other comprehensive income. The amendments seek to attain that objective by requiring an entity to report the effect of significant reclassifications out of accumulated other comprehensive income on the respective line items in net income if the amount being reclassified is required under U.S. generally accepted accounting principles to be reclassified in its entirety to net income. This standard is effective for annual reporting periods beginning after December 15, 2013. This statement is not expected to have a material impact on the Plan's financial statements.

In February 2013, the FASB issued Accounting Standards Update 2013-03, *Financial Instruments (Topic 825): Clarifying the Scope and Applicability of a Particular Disclosure to Nonpublic Entities.* The amendments in this update clarify that the requirement to disclose "the level of the fair value hierarchy within which the fair value measurements are categorized in their entirety (Level 1, 2, or 3)" does not apply to nonpublic entities for items that are not measured at fair value in the statement of financial position but for which fair value is disclosed. The guidance in this update became effective upon issuance. This statement did not have a material impact on the Plan's financial statements.

In February 2013, the FASB issued Accounting Standards Update 2013-04, *Liabilities (Topic 405): Obligations Resulting from Joint and Several Liability Arrangements for which the Total Amount of the Obligation is Fixed at the Reporting Date*. The guidance in this update requires an entity to measure obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date, as the sum of the following: (a) The amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors; and (b) any additional amount the reporting entity expects to pay on behalf of its co-obligors. The guidance in this update also requires an entity to disclose the nature and amount of the obligation as well as other information about those obligations. The guidance in this update becomes effective for fiscal years ending after December 15, 2014. This statement is not expected to have a material impact on the Plan's financial statements.

In July 2013, the FASB issued Accounting Standards Update 2013-10, *Derivatives and Hedging (Topic 815): Inclusion of the Fed Funds Effective Swap Rate (or Overnight Index Swap Rate) as a Benchmark Interest Rate for Hedge Accounting Purposes.* The amendments in this update permit the Fed Funds Effective Swap Rate (OIS) to be used as a U.S. benchmark interest rate for hedge accounting purposes under Topic 815, in addition to UST and LIBOR. The amendments also remove the restriction on using different benchmark rates for similar hedges. The amendments in this update are effective prospectively for qualifying new or redesignated hedging relationships entered into on or after July 17, 2013. This statement did not have a material impact on the Plan's financial statements.

In July, 2013, the FASB issued Accounting Standards Update 2013-11, *Income Taxes (Topic 740).* The objective of this update is to eliminate the diversity in practice of the presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss or a tax credit carryforward exists, and will better reflect the manner in which an entity would settle at the reporting date any additional income taxes that would result from the disallowance of a tax position when net operating loss carryforwards, similar tax losses, or tax credit carryforwards exist. This standard is effective for fiscal years beginning after December 15, 2014. This statement is not expected to have a material impact on the Plan's financial statements.

4. Information Certified by John Hancock (Unaudited)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012 and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by John Hancock Life Insurance Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following financial information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the Plan's financial statements and supplemental schedule related to the following:

	2013	2012
Statement of Net Assets Avaialble for Benefits:		
Investments in registered investment companies	$ 9,340,316	$ 7,607,499
Statement of Changes in Net Assets Available for Benefits:		
Unrealized appreciation - investments in registered investment companies	$ 899,739	$ 699,555

5. Investments

The following table presents investments that represented 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Investments in registered investment companies:		
Lifestyle Conservative	$ 2,186,030	$ 1,772,699
Lifestyle Balanced	1,645,708	1,427,154
Short-Term Federal	992,068	637,710
Lifestyle Growth	881,021	733,825
Lifestyle Moderate	741,215	595,789

The following table presents investments which appreciated in value during the years ended December 31, 2013 and 2012 (including gains and losses on investments bought and sold, as well as held during the year).

	2013	2012
Registered investment companies	$ 899,739	$ 699,555
Employer securities	38,265	420,915
	$ 938,004	$ 1,120,470

The investment in employer securities represents 38,265 shares of the Company's common stock at both December 31, 2013 and 2012, which are recorded at estimated fair market value. The Company obtains an annual valuation of its common stock by an unrelated third party, which has determined the fair value per share to be $132.00 and $131.00 at December 31, 2013 and 2012, respectively.

6. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan or any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted with the Company and John Hancock qualify as party-in-interest transactions.

7. Tax Status

The Plan obtained its latest determination letter on December 11, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor believes that no events, circumstances, or amendments have changed since the date of the most recent determination letter that would result in non-compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying Plan financial statements.

8. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

9. Fair Value Disclosures

The fair value of an asset or liability is the price that would be received to sell that asset or paid to transfer that liability in an orderly transaction occurring in the principal market (or most advantageous market in the absence of a principal market) for such asset or liability. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. ASC Topic 820, "Fair Value Measurements and Disclosures," establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- *Level 1 Inputs* - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

- *Level 2 Inputs* - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.

- *Level 3 Inputs* - Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

In general, fair value is based upon quoted market prices, where available. If such quoted market prices are not available, fair value is based upon internally developed models that primarily use, as inputs, observable market-based parameters. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. These adjustments may include amounts to reflect counterparty credit quality and the issuer's creditworthiness, among other things, as well as unobservable parameters. Any such valuation adjustments are applied consistently over time. The Plan's valuation methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While management believes the Plan's valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. Furthermore, the reported fair value amounts have not been comprehensively revalued since the presentation dates, and therefore, estimates of fair value after the statement of net assets available for benefits date may differ significantly from the amounts presented herein.

Assets and liabilities measured at fair value at December 31, 2013 and 2012 are as follows (in thousands):

	Fair Value Measurements Using		
	Level 1	Level 2	Level 3
December 31, 2013:			
Registered investment companies (1)	$ 9,340,316	$ -	$ -
Employer securities (2)	-	-	5,050,982
December 31, 2012:			
Registered investment companies (1)	$ 7,607,499	$ -	$ -
Employer securities (2)	-	-	5,012,717

(1) Registered investment companies principally invest in mutual funds and are valued at the net asset value (NAV) of the pool of investments owned by the mutual funds held by the Plan at year end. Investments in these funds can be redeemed daily upon request.

(2) Employer securities are measured at estimated fair value with the assistance of an independent valuation specialist. The value was determined based on the market valuation approach utilizing completed and announced sales transactions of similar companies, discounted for the lack of control of a minority interest.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2013 and 2012:

	Employer Securities	
	2013	2012
Balance, beginning of year	$ 5,012,717	$ 4,327,802
Purchases and issuances	-	264,000
Unrealized appreciation	38,265	420,915
Balance, end of year	$ 5,050,982	$ 5,012,717
