NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013
(See Independent Auditor's Report)

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following is a brief description of Square Deal Machining, Inc. 401(k) Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan under Section 401(k) of the Internal Revenue Code that was established on January 1, 2005 for the purpose of providing retirement benefits for eligible employees of Square Deal Machining, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers substantially all employees who have completed one year of service.

Contributions

The Plan allows participants to defer up to 100% of their eligible compensation, but participants are limited to the annual threshold set by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans in the form of direct rollover contributions.

The Company, at its discretion, may make a matching contribution at the end of the year that will be allocated to participant accounts based on a percentage of their elective deferrals. For the year ending December 31, 2013, the company made no discretionary contributions.

The Plan provides that all employee contributions to the Plan will be invested in certain individual funds as directed by each participant. The Plan currently offers ten mutual funds and two common trust bond funds as investment options for participants to choose from.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. There is a five year graded vesting schedule with regard to the Company's contributions of 20% vesting after one year of service, and an additional 20% vesting for each additional year of service. In addition, a participant's account balance will become fully vested upon reaching retirement age, becoming disabled or dying while employed by the Company. Normal retirement age is 65.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Payment of Benefits

Upon termination of employment, participants may receive all or part of their vested account balance paid at any time. If the value of a terminated participant's vested interest is $1,000 or less, the value is automatically distributed to the participant in a lump-sum amount. Active participants may receive a portion of their vested accounts once they reach age 65. Required minimum distributions are made once a participant reaches age 70½. Additionally, active participants may take hardship withdrawals to satisfy financial hardships as specified in the Plan document.

Forfeitures

Forfeited, non-vested accounts are retained in the Plan and are first used to pay administrative expenses. The remaining forfeitures shall be allocated to reduce the contribution of the employer. During the year ending December 31, 2013, forfeitures totaled $1,472.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The Plan uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The fair value of the common collective trust funds are valued at the unit value as reported by the investment managers.

The net realized and unrealized appreciation (depreciation) in fair value of investments reflects the change in market value from beginning of year to end of year and realized gains and losses on sale of underlying investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan sponsor in addition to those paid by the Plan.

Subsequent Events

The Company has evaluated events and transactions that have occurred between December 31, 2013 and July 28, 2014, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. No significant subsequent events have been noted to have occurred within this time period.

NOTE 3 - CERTIFICATION

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted market prices, when available.

Level 2 Fair Value Measurements

The fair value of common collective trust funds for which quoted market prices are not available have been estimated using the unit value, as reported by the trust managers using the fair value of the underlying investments. There are no unfunded commitments for the common collective trust funds as of December 31, 2013. There is no waiting period or other restrictions on redemptions from the common collective trust funds. The following are descriptions of the common collective trust funds:

Short-Term Bond Fund

This fund invests primarily in fixed income securities of the U.S. Government, U.S. Government Agencies, and high quality corporate debt obligations. The fund's target duration is two years with bond maturity ranges between one and five years.

Core Bond Fund

This fund invests primarily in fixed income securities of the U.S. Government, U.S. Government Agencies, and high quality corporate debt obligations. The fund's target duration is five years with bond maturity ranges between two and fifteen years. Management of the fund seeks income and preservation of principal.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net depreciation in fair value of investments.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Chemung Canal Trust Company. Chemung Canal Trust Company has physical and administrative control of certain assets of the Plan and executes transactions therein. Administrative fees paid by the Plan for the investment management services amounted to $3,613 for the year ended December 31, 2013.

NOTE 6 - INVESTMENTS IN EXCESS OF 5% OF NET ASSETS

The following investments, as reported at fair value, represent 5% or more of the Plan's net assets at December 31, 2013:

Vanguard Lifestrategy Conservative Growth Fund	$	39,278
Vanguard Lifestrategy Moderate Growth Fund		32,585
Dodge & Cox Stock Fund		129,973
T Rowe Price Growth Fund		116,014
Vanguard Lifestrategy Growth Fund		113,567
Vanguard Extended Market Index Fund		65,897
	$	497,314

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the amounts contributed by the sponsor.

NOTE 8 - INCOME TAX STATUS

The Plan is a prototype plan. The Internal Revenue Service has determined and informed the custodian by a letter dated March 31, 2008 that the prototype Plan and the related trust established under the Plan are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
