Independent Auditors' Report

To the Trustees and Plan Administrator of the
Aptiv Solutions 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Aptiv Solutions 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, FSB, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the asset custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Aptiv Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Plan Description

The following description of the Aptiv Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective May 1, 1985, is a defined contribution plan and retirement trust covering substantially all eligible employees of Aptiv Solutions (the Company), formerly Averion International Corp. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2011 the Plan, formerly the Averion International Corp. 401(k) Plan, was amended, restated and renamed the Aptiv Solutions 401(k) Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Prior to July 1, 2011, the Plan allowed for automatic enrollment to all new participants at a rate of 4% of their compensation. Effective July 1, 2011, when the Plan was amended and restated, the automatic enrollment feature was removed. Participants may change the percent of pretax annual compensation at any time. Participants may also opt-out of contributing to the Plan at any time. Participants may elect to contribute funds from other qualified retirement plans ("rollover" contributions), subject to certain requirements.

The Company may elect to make a discretionary matching contribution. For the years ended December 31, 2013 and 2012, the Company matched 25% of each participant's pretax contributions up to a maximum of 6% of the participant's compensation.

The Plan allows participants to elect to have some or all of their elective deferrals designated as Roth elective deferrals.

Participant Accounts

A separate account is established for each participant upon enrollment in the Plan. Each participant's account is credited with the participant's contributions, allocations of the Company contributions and Plan earnings, and charged with an allocation of administrative expenses.

1. Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Upon death, disability or retirement, a participant becomes 100% vested in employer contributions. Otherwise, vesting in employer contributions and earnings thereon, occurs according to the following schedule:

Completed Years of Service	Vesting Percentage
1	33%
2	67%
3	100%

Notes Receivable from Participants

Participants may borrow, from their fund accounts, an aggregate amount up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan allowed is $2,500. Loans bear interest at the prime rate as published in the *Wall Street Journal* plus 1%. At December 31, 2013, the interest rates on outstanding participant loans ranged from 3.25% to 4.25%. Loans are collateralized by the participant's non-forfeitable interest in the Plan and are supported by a promissory note.

Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. As of December 31, 2013, loans mature through December 2017.

Payments of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65, or in the case of early retirement, age 55, with at least one year of service. There are also retirement benefits available upon late retirement, disability and death. Distributions are made in lump sum payments.

1. Plan Description (continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan agreement. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan agreement, the participant's account will be restored. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures shall be allocated to reduce the Company's contributions. Forfeitures of $11,100 and $49,000 were used to reduce the Company's contributions in 2013 and 2012, respectively. Unallocated forfeitures at December 31, 2013 and 2012 were $24,049 and $11,193, respectively.

Investment Options

All investment options are fully participant-directed. Participants may direct the investment of their contributions and the Company's discretionary matching contributions into any of the Plan's available investment options.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, and are presented on the accrual basis of accounting in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure with ERISA.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income, including interest on participant loans, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses.

The assets of the Plan are invested in mutual funds and a common collective trust. Mutual fund investments are stated at fair market value as determined by the asset custodian based on the last reported sales price on the last business day of the Plan year. The Plan's interest in a common collective trust (the Morley Stable Value I Fund) is valued based on information reported by the asset custodian using audited financial statements of the common collective trust at year-end. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value change during the period.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The common collective trust investment held by the Plan represents a fully benefit-responsive investment contract. The statements of net assets available for benefits are required to present the fair value of the investment contract, as well as the adjustment to the fully benefit-responsive investment contract from fair value to contract value.

The adjustment from fair value to contract value for the investment contract in the common collective trust was determined by the asset custodian by calculating the Plan's proportional share of the adjustment listed in the fund's audited financial statements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrator fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As required by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, the statements of net assets available for benefits present the fair value of the investment in the common collective trust. At December 31, 2013, the fair value and contract value of the common collective trust was $612,522 and $614,235, respectively, and an adjustment from fair value to contract value has been recorded in the financial statements. At December 31, 2012, fair value and contract value of the common collective trust was $878,420 and $895,284, respectively, and an adjustment from fair value to contract value was recorded in the financial statements. The average yield and crediting rates for 2013 were 1.26% and 1.17%, respectively. The average yield and crediting rates for 2012 were 1.68% and 1.42%, respectively.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or separation from service. If a participant voluntarily terminates employment, the participant may elect to receive a distribution of 100% of their vested benefits or they may elect to purchase an annuity with the portion of the Plan assets that came over from the Company's previous employee retirement plan. Separated participants who have a vested account balance of less than $1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than $1,000, but not in excess of $5,000, who terminate employment and fail to make a timely distribution election, will be paid to an individual retirement account designated by the Plan Administrator. Participants who have a vested account balance in excess of $5,000 may defer distribution of their account balance until their normal retirement date or as otherwise provided in the Plan.

The Plan allows for in-service withdrawals upon attainment of age 59 and 1/2. A participant may also request a withdrawal upon demonstration by the participant to the Plan Administrator that the participant is suffering a "hardship." Hardship is defined in applicable regulations related to Section 401(k) of the IRC.

Administrative Expenses

Most expenses incurred in the administration of the Plan are paid by the Company. The Plan's asset custodian is paid by the Plan for certain fees relating to investment management services.

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in any combination of shares of mutual funds and a common collective trust with various investment objectives. Investment securities, including mutual funds, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, net appreciation (depreciation) in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Nationwide Trust Company, FSB, the asset custodian.

As of December 31, 2013 and 2012, investments representing 5% or more of the Plan's net assets available for benefits were as follows:

	2013	2012
Vanguard Target Retirement 2025 Inv	**$ 2,411,557**	$ *
T. Rowe Price Health Sciences	**2,143,447**	*
Vanguard Target Retirement 2030 Inv	**1,797,593**	*
Vanguard Target Retirement 2040 Inv	**1,246,100**	*
Fidelity Freedom 2025 A	*****	2,109,247
Fidelity Freedom 2030 A	*****	1,523,961

* The investment balance did not exceed 5% of the Plan's net assets available for benefits.

For the Plan years ended December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,046,780 and $1,833,489, respectively.

4. Fair Value Measurements

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures* (ASC 820) for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 expands the disclosure requirements around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in the measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

4. Fair Value Measurements (continued)

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall for assets measured on a recurring basis as of December 31:

Description	**Level 1**	**Level 2**	**Level 3**	**Total**
2013				
Investments:				
Mutual funds	**$ 20,958,515**	**$ -**	**$ -**	**$ 20,958,515**
Common collective trust	**-**	**612,522**	**-**	**612,522**
Total investments	**$ 20,958,515**	**$ 612,522**	**$ -**	**$ 21,571,037**

Description	**Level 1**	**Level 2**	**Level 3**	**Total**
2012				
Investments:				
Mutual funds	$ 17,241,353	$ -	$ -	$ 17,241,353
Common collective trust	-	878,420	-	878,420
Total investments	$ 17,241,353	$ 878,420	$ -	$ 18,119,773

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end using market prices on active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. The common collective trust is designated as a Level 2 investment and is valued based on information reported by the asset custodian using the audited financial statements of the common collective trust at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

5. Income Tax Status

The Plan has not obtained a tax determination letter from the Internal Revenue Service (IRS). The Plan adopted a Summit Financial Corp. prototype non-standardized profit sharing plan, which received an IRS opinion letter on March 31, 2008, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has adopted amendments since this date, and the Plan Administrator believes that the Plan and related trust are designed and are currently being operated in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. Discrimination Testing

The Plan failed the Actual Deferral Percentage (ADP) testing for the Plan year ended December 31, 2013. The nature of the ADP test is to test compliance with the nondiscrimination provisions of the IRC. The test stipulates that salary deferrals made as contributions to the Plan by members of the highly compensated group are limited within a specified range of non-highly compensated deferrals. When deferrals of the highly compensated group exceed the specified range, the excess deferrals must be returned to the highly compensated individuals within 12 months of the Plan year-end. Accordingly, during 2014, the Plan returned $139 of excess contributions related to the Plan year ended December 31, 2013. All amounts were refunded within 12 months of the respective Plan year-end. These amounts have been recorded as a liability to the Plan as of December 31, 2013.

The Plan failed the ADP testing for the Plan year ended December 31, 2012. Accordingly, during 2013, the Plan returned $5,098 of excess contributions related to the Plan year ended December 31, 2012. All amounts were refunded within 12 months of the respective Plan year-end. These amounts have been recorded as a liability to the Plan as of December 31, 2012.

7. Party-in-Interest Transactions

Section 3(14) of ERISA defines party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the asset custodian are considered party-in-interest transactions.

8. Subsequent Events

The Plan has evaluated events occurring between December 31, 2013 and July 22, 2014, the date the financial statements were available to be issued.
