NOTES TO FINANCIAL STATEMENTS

GUTCHESS COMPANIES 401(k) SAVINGS PLAN

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Gutchess Companies 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Gutchess Lumber Co., Inc. and its wholly-owned subsidiaries: Gutchess Hardwoods, Inc. and Gutchess Freedom, Inc. (collectively the "Company") who have completed one year of service with a minimum of 1,000 hours during the Plan year and are age 19 or older. An employee is eligible to participate in the elective deferral, Company discretionary and Company matching features of the Plan on the first day of each month following the date the employee meets the eligibility requirements. Participants are eligible to receive a Company matching contribution only if they make deferral contributions to the Plan. Participants are also eligible to receive an allocation of Company discretionary nonelective contributions if they are employed on the last day of the Plan year. The Plan is subject to the provisions of ERISA. The Plan Administrator is responsible for the administration of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Participants may contribute the lesser of 60% of their annual compensation as defined by the Plan, or $17,500 into the Plan for 2013 ($17,000 for 2012), ("elective deferral contributions"). Contributions are subject to the limitations determined by the Internal Revenue Service (IRS). Additionally, if a participant has or is projected to attain age 50 before the end of the calendar year, that participant may make "catch-up" contributions of $5,500 as determined by the IRS, for 2013 and 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% of the first 8% of total eligible compensation that a participant contributes to the Plan ("non-discretionary matching contributions"). Additional Company discretionary nonelective contributions may be contributed at the discretion of the Company. There were no Company discretionary nonelective contributions made to the Plan in 2013 and 2012. Contributions are subject to certain individual account and aggregate Plan limitations.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Participant Accounts: Each participant's account is credited with elective deferral contributions, allocations of the Company's non-discretionary matching and discretionary nonelective contributions, Plan earnings and losses and a participant's loan activity. Plan earnings and losses are allocated based on account balances. Allocation of Company discretionary nonelective contributions is based on a participant's eligible compensation to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's non-discretionary matching and discretionary nonelective contribution portions of their accounts plus actual earnings thereon is based on years of service as identified in the Plan agreement. A participant is fully vested after six years of credited service.

Receivables--Notes from Participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are up to five years, unless the loan is for the purpose of acquiring a principal residence then the maximum period shall be ten years. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator. Participants are permitted to initiate up to two loans in a given Plan year, however they may only have a maximum of one home loan and one hardship loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon termination of a participant's employment for any reason, including death, disability or retirement, a participant may elect to receive a lump-sum cash distribution, a direct rollover distribution, a combination of both, or an installment distribution equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is between $1,000 and $5,000, and the participant fails to make a distribution election, a lump-sum amount will be rolled over to an individual retirement account without their consent. If a participant's vested account balance is $1,000 or less, and the participant fails to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

Forfeited Accounts: Company non-discretionary matching and discretionary nonelective contributions from forfeited nonvested accounts are retained by the Plan and used to offset Plan expenses and to reduce subsequent Company contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled approximately $5,088 and $7,033, respectively. Company contributions were reduced by $11,883 and $181,572, respectively, from forfeited nonvested accounts. The Company did not use forfeited nonvested accounts to pay fees in 2013 or 2012.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of shares in registered investment companies are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant-directed.

Receivables--Notes From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Events Occurring After Reporting Date: The Plan Administrator has evaluated events and transactions that occurred between December 31, 2013 and July 30, 2014, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by the Plan Administrator.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2013 and 2012, included throughout the Plan's financial statements and supplemental schedules, that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets. Each asset representing 5% or more of the Plan's net assets is separately identified.

	2013	2012
Money market funds at fair value:		
Fidelity Retirement Money Market	$ 2,225,147	$ 1,969,217
Shares in registered investment companies at fair value:		
Fidelity Freedom 2020	$ 2,430,560	$ 2,038,063
Fidelity Blue Chip Growth Fund	2,575,749	1,750,605
Fidelity Freedom 2030	1,786,511	1,411,415
Fidelity Diversified International Fund	923,416	703,622
Other	7,176,425	5,826,220
	$14,892,661	$11,729,925
Receivables-notes from participants	$ 147,078	$ 177,518

Fidelity Management Trust Company also certified to the completeness and accuracy of $2,051,620 and $1,217,455 of net appreciation in fair value of investments and $598,343 and $272,236 of interest and dividend income related to the aforementioned Plan assets for the years ended December 31, 2013 and 2012, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: The fair value of money market funds approximates carrying value due to the nature of the instrument.

Shares in registered investment companies: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and to transact at that price. The shares held in registered investment companies are deemed to be actively traded.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total

NOTE E--CORRECTIVE DISTRIBUTIONS

Corrective distributions totaling $6,505 and $39,745 were recorded as liabilities on the Plan's Statement of Net Assets Available for Benefits at December 31, 2013 and 2012, respectively, due to employee contributions exceeding contribution limitations of the Plan during the 2013 and 2012 Plan years.

NOTE F--TAX STATUS

The Plan uses a volume submitter plan written by Fidelity Management and Research Company. The IRS has determined and informed the volume submitter plan sponsor by a letter dated March 31, 2008 that the volume submitter plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE G--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments include shares in registered investment companies and money market funds managed by Fidelity who is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules. Participants are charged fees for loan processing and recordkeeping services relating to non-Fidelity funds. Fees paid by the Plan to Fidelity for these services amounted to $2,852 and $2,427 for the years ended December 31, 2013 and 2012 respectively. These fees are deducted from individual participant accounts.

Administrative expenses for recordkeeping and auditing services are provided by parties in interest and are paid directly by the Company.

NOTE H--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts and all Plan assets will be distributed to participants in single lump sum payments.

NOTE I--RISKS AND UNCERTAINTIES

The Plan invests in shares of registered investment companies and money market funds. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is as least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE K--PROHIBITED TRANSACTIONS

During 2012, the Company inadvertently failed to timely remit certain employee contributions to the Plan's trustee. Contributions totaling $903 were not remitted to the trustee within the time period prescribed by DOL regulations. As a result, the Company has calculated and remitted $17 in lost earnings to the Plan in 2013. In addition, filings required due to the identification of these prohibited transactions were submitted to the IRS and the DOL in accordance with applicable regulations.
