Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **WRAAA Retirement Savings Plan (the Plan)**, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance and Annuity Company (Transamerica), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the custodian is complete and accurate.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of the WRAAA Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

(a) General

The Plan, which was established January 1, 2001 and restated July 23, 2012, is a defined contribution plan maintained for the benefit of employees of White River Area Agency on Aging, Inc. (the Employer and Plan Sponsor) who have met eligibility requirements as defined in the Plan. Generally, an employee is eligible to participate in the Plan at the next entry date upon attaining age twenty-one. Entry dates are January 1 and July 1.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Employer utilizes the services of Transamerica, a third-party administrator, to process investment transactions and maintain participant account balances. Transamerica is also the Plan's asset custodian and investment manager. Transamerica receives fees for performing investment management, recordkeeping, compliance and other administrative services related to the Plan, a portion of which are paid by the Plan Sponsor and a portion of which are paid by the Plan. Fees paid to Transamerica for administrative services totaled approximately \$22,200 for the year ended December 31, 2013. As discussed in Note 1(f), forfeitures were used to pay a portion of Transamerica fees for the Plan Sponsor. Fees paid by the Plan are reported as administrative expenses on the statement of changes in net assets available for benefits.

An employee of the Plan Sponsor is Trustee of the Plan and is responsible for the oversight of the Plan. In addition, the Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance based on information provided by the third-party investment manager.

Certain duties related to the administration of the Plan are performed by employees of the Plan Sponsor; however, the Plan Sponsor does not charge the Plan for the estimated cost of such services. Other expenses paid by the Plan Sponsor on behalf of the Plan totaled approximately \$7,000 for the year ended December 31, 2013.

(b) Contributions

Participants may make pretax contributions to the Plan through elective salary deferrals, not to exceed specific dollar limitations established by the Internal Revenue Service (IRS). Participants may also make rollovers into the Plan, consisting of amounts distributed from other qualified defined benefit or defined contribution plans.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN (Continued)

(b) Contributions (Continued)

The Employer may make a matching contribution for each participant equal to a percentage of each participant's salary deferral. Employer matching contributions are also subject to limitations imposed by the IRS. The amount of the matching contribution, if any, is determined annually by the Employer and may only be received by eligible participants who have at least one year of service, as defined in the Plan agreement, and who are employed on the last day of the Plan year. In addition, the Employer may make a profit-sharing contribution. The amount of this profit-sharing contribution, if any, is also discretionary and may only be received by eligible employees who are employed on the last day of the year.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Employer's contributions and Plan earnings, net of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are fully vested at all times in their own contributions and earnings thereon. A participant is fully vested in contributions made by the Employer, plus earnings thereon, when the participant attains retirement age, becomes disabled or dies. If a participant terminates employment for any other reason, he or she will vest in contributions made by the Employer, plus earnings thereon, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 or less	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(e) Investment Options

Participants may direct the investment of their contributions in one or more investment options offered under the Plan's group annuity contract with Transamerica, including a variety of pooled separate accounts structured for different levels of risk tolerance and time horizons and a stable value fund. Participants may change their investment options at any time.

(f) Forfeitures

If a participant incurs a one-year break in service and has less than a 100% vested interest in Employer contributions allocated to his or her account, the non-vested portion of his or her account balance will be forfeited. Forfeitures may be used to first pay Plan expenses, and any remaining forfeitures can be used to reduce future Employer contributions. Forfeitures used to pay Plan expenses totaled approximately \$1,500 during the year ended December 31, 2013. Forfeitures available for future allocation at December 31, 2013 and 2012 were approximately \$16,800 and \$11,700, respectively.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN (Continued)

(g) Payment of Benefits

A participant may retire at age 65 with 5 years of service or at age 55 with 10 years of service. Upon termination of service due to retirement, disability or death, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, in an annuity to provide fixed or variable income or in monthly installments over a period not to exceed the shorter of fifteen years or the participant's or beneficiary's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or as an annuity, as specified in the Plan.

(h) Hardship Withdrawals

In case of immediate and heavy financial hardship, a participant may withdraw all or a portion of the value of his or her account. A withdrawal shall be deemed for purposes of an immediate and heavy financial hardship if the withdrawal is necessary for certain eligible expenses, such as medical care, cost related to the purchase of a principal residence for the participant, payment of tuition and related education fees for the next twelve months of post-secondary education, payments necessary to prevent eviction of the participant from his or her principal residence or to avoid foreclosure on said residence, payments for funeral or burial expenses or expenses to repair damage to the participant's principal residence.

If a hardship withdrawal is made, the participant's salary deferral is suspended for six months after the receipt of the hardship withdrawal.

(i) Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment Contract with Insurance Company

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment manager. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes realized and unrealized gains and losses on investments bought and sold, as well as those held during the year.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Investment Contract with Insurance Company (Continued)

Pooled Separate Accounts

Pooled separate accounts are investment options offered by Transamerica that are similar to mutual funds, except that the investments in pooled separate accounts may only be made by Transamerica contract holders. The underlying assets that comprise the various pooled separate account options may include mutual funds, cash and cash equivalents, U.S. and foreign debt and equity securities, real estate and mortgages. The pooled separate accounts are not obligations of Transamerica, and the return on these accounts is not guaranteed.

Stable Value Fund

The stable value fund is a fully benefit-responsive investment. Contract value, rather than fair value, is the relevant measurement attribute for reporting net assets available for benefits attributable to the stable value fund, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan agreement. Contract value represents contributions made to the account, plus interest earned, less withdrawals and administrative fees paid from the account. Generally accepted accounting principles require an adjustment from fair value to contract value be separately reported on the statements of net assets available for benefits, however at December 31, 2013 and 2012, there were no differences between contract value and fair value.

The repayment of principal and interest accumulated in the stable value fund is a financial obligation of Transamerica. Although participants may make withdrawals at contract value without condition, limitation or restriction, certain events may limit the Plan's ability to transact at contract value with Transamerica. Such events include certain amendments to the Plan, such as a complete or partial termination or merger with another plan; bankruptcy of the Plan Sponsor or other events attributable to the Plan Sponsor that cause a significant withdrawal from the Plan; or failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, realization of the full contract value may no longer be probable in certain situations, such as a significant decline in the creditworthiness of Transamerica. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. There are no reserves against contract value for credit risk of the issuer or otherwise.

The stable value fund has no stated maturity, and interest rates are reset semi-annually. The crediting interest rates in effect at December 31, 2013 and 2012 were 1.45% and 1.65%, respectively, and the average rates earned on the stable value fund during 2013 and 2012 were 1.45% and 1.75%, respectively.

(c) Payment of Benefits

Benefits are recorded when paid. There are no amounts allocated to withdrawing participants that have not been paid at December 31, 2013 and 2012.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the Plan's investments and related investment activity, reflected in the financial statements and supplemental schedules was certified by Transamerica as of December 31, 2013 and 2012, and for the year ended December 31, 2013. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedules.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled Separate Accounts

The fair values of the pooled separate accounts are based on the net asset value of each pooled separate account in which the Plan invests multiplied by the number of units held by the Plan at the financial reporting date. The net asset value is determined based on the market values of the underlying assets comprising the pooled separate accounts. Underlying investments in mutual funds or equity securities are measured using quoted market prices in active market for identical assets. Underlying investments in fixed income securities are measured based on the pricing data provided by outside valuation service providers who generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities. While the underlying assets that comprise the pooled separate accounts are generally valued based on quoted prices, the values of the pooled separate accounts are not publicly quoted.

The Plan has the ability to redeem all investments in the pooled separate accounts at net asset value on a daily basis. Transamerica may impose a hold period of 30 days for withdrawals or transfers exceeding certain percentages or amounts as defined in the investment contract.

Stable Value Fund

The stable value fund seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity.

The stable value fund with Transamerica is not actively traded. Fair value of the stable value fund is determined using an income approach and is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

NOTE 7: TAX STATUS

Effective January 1, 2001, the Plan executed an adoption agreement for the Transamerica Life Insurance and Annuity Company Volume Submitter Profit Sharing 401(k) Plan Prototype (the Prototype). As an adopter of the Prototype, the Plan is not subject to tax under present income tax law.

WRAAA Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE 7: TAX STATUS (Continued)

The Plan obtained its latest determination letter on August 27, 2009, in which the IRS informed the Plan Sponsor that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of that determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting standards require the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan may be subject to audit by the IRS; however there are currently no audits for any tax periods in progress. The Plan Sponsor believes that as of December 31, 2013, the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 8: REFUNDS OF EXCESS CONTRIBUTIONS

The Plan's statements of net assets available for benefits as of December 31, 2012, include a liability totaling \$3,396, representing amounts due to certain active participants for salary deferrals and related Employer contributions made in excess of amounts allowable under relevant nondiscrimination provisions of the Plan. As of December 31, 2013, there were no amounts due to active participants for contributions made in excess of amounts allowable under relevant nondiscrimination provisions of the Plan.

NOTE 9: PROHIBITED TRANSACTIONS

During 2013, the Plan Sponsor did not remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These transactions are considered nonexempt party-in-interest transactions, which may result in an imposition of a 15 percent excise tax on the amount of the transactions. The Plan Sponsor intends to compensate participants for any lost earnings resulting from the delay in contributions. Management estimates that lost earnings associated with the delay in contributions is immaterial.

NOTE 10: RISKS AND UNCERTAINTIES

Investment securities underlying the pooled separate accounts are exposed to various risks such as interest rate, market and credit risks. In addition, some of the pooled separate accounts may invest in international securities. There are certain inherent risks involved when investing in international securities that are not present with investments in domestic securities, such as foreign currency exchange rate fluctuations, adverse political and economic developments, natural disasters and the

possible prevention or delay of currency exchange due to foreign governmental laws or restrictions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the net asset values of the pooled separate accounts could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 11, 2014, the date that the financial statements were available to be issued.
