The following description of the INSPIRIS of Tennessee Medical Services, P.C. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formerly known as Inspiris, Inc. 401(k) Plan and was sponsored by Inspiris, Inc. On March 8, 2011, Inspiris, Inc. was acquired by Collaborative Care Holdings, LLC and INSPIRIS of Tennessee Medical Services, P.C. succeeded Inspiris, Inc. as the Plan sponsor and Plan administrator. The Plan became known as INSPIRIS of Tennessee Medical Services, P.C. 401(k) Plan. On December 30, 2013, INSPIRIS of Tennessee Medical Services, P.C. merged with and into Optum Medical Services, P.C. ("the Company"). The Plan is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was frozen to participation and contributions effective December 31, 2012.

Effective June 29, 2011, employees of non-professional services corporations became employees of United HealthCare Services, Inc. and ceased participation in the Plan. Effective January 1, 2012, employees of a participating employer that adopted the Optum Partner Services 401(k) Savings Plan, formerly known as WellMed Medical Group, P.A. 401(k) Plan, ceased to be eligible to participate in the Plan. Effective April 1, 2012 the remaining active participants became employees of Optum Clinical Services, Inc. and ceased participation in the Plan.

Contributions

Prior to the December 31, 2012 freeze date, eligible employees of a participating employer were permitted to contribute on a pre-tax basis an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). For the year ended December 31, 2013, the Company made contributions to correct certain plan operational errors.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, matching contributions, and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed and the Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

Reclassification

For comparability, certain 2012 amounts have been reclassified to conform with classifications adopted in 2013.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan has investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded and applied based on the loan amortization schedule. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 5 - Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted market prices included in Level 1 that are observable for the asset either directly or indirectly.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price reported by the fund.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 5 - Fair Value of Financial Instruments (cont.)

The Company is responsible for the determination of fair value. Accordingly, the Company performs periodic analysis on the prices received from the Trustee used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the Trustee. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 7 – Tax Status

The Plan uses a prototype plan document sponsored by Taylor/Webster Inc. The prototype sponsor received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. The prototype plan has been amended since receiving the determination letter. The Plan Administrator is aware of certain operational issues, but will take all necessary action to maintain the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 – Late Contributions

During 2013, the Company failed to remit certain participant loan repayments to the Plan on a timely basis, which is a prohibited transaction under ERISA. The Company has calculated the lost earnings to the participants and has contributed that amount to the Plan in order to correct the prohibited transactions.

NOTE 9 - Subsequent Events

The Plan has evaluated subsequent events through July 29, 2014, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Effective January 1, 2014 the Plan was amended to name Optum Medical Services, P.C. as the Plan's sponsor and the Optum Partner Services Plan Administration Committee as Plan Administrator. The Plan was amended effective January 1, 2014 to fully vest all employer contributions in each participant account.
