PLAN ADMINISTRATOR OF THE ALEXANDER
LUMBER CO. RETIREMENT SAVINGS PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ALEXANDER LUMBER CO. RETIREMENT SAVINGS PLAN, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of or for the year ended December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

(1) DESCRIPTION OF THE PLAN:

The Alexander Lumber Company Retirement Savings Plan (the Plan) is a defined contribution plan established on January 1, 1988, and maintained for the benefit of eligible employees of Alexander Lumber Co. and Brittingham & Hixon Lumber Co. (the Companies). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. General provisions of the Plan include the following:

Trustee –

Fidelity Management Trust Company (Fidelity) serves as Trustee of the Plan.

Eligibility –

Employees of the Companies become eligible to participate in the Plan at the first enrollment date (the first day of the next month) following the completion of three months of service, as defined in the Plan Agreement. Employees must be twenty-one years of age as of the enrollment date in order to be eligible. Union employees, who are covered by the terms of a collective bargaining agreement between the Companies and the Union, are not eligible. Leased employees and nonresident aliens, who do not receive any earned income from their employer, are also not eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions –

Each year, participants may contribute up to 60 percent of their compensation, as defined in the Plan Agreement, on a pretax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a default Fidelity Freedom Fund until changed by the participant. The Plan provides for a discretionary employer matching contribution on behalf of each participant in an amount equal to a percentage, as determined annually by the Companies' Board of Directors, of the participants' deferral contributions during the Plan year. For the years ended December 31, 2013 and 2012, the matching contribution percentage was 50 percent of deferral contributions not to exceed \$1,000. Contributions are subject to certain limitations.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Participant Accounts –

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company contributions, and allocation of investment earnings or losses. Participant accounts may also be debited for certain loan fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options –

Participants may allocate their contributions (in multiples of one percent) and those of the Companies among multiple mutual funds and a common/collective trust fund (the Fidelity Managed Income Portfolio). Employees may change their contribution allocation between investment options for future contributions and transfer prior contributions and associated earnings between investment options subject to certain restrictions set forth in the Plan. The Plan currently offers eighteen mutual funds and one common/collective trust as investment options for participants.

Vesting –

Participants are always 100 percent vested in their employee pretax account, rollover account and any earnings thereon. Vesting in employer contributions is on a graduated scale and these participants will not be fully vested until the completion of five years of service.

Forfeitures –

Forfeitures of employer contributions are permitted to be used to pay administrative expenses or to reduce future employer contributions. As of December 31, 2013 and 2012, \$12,124 and \$6,483 of forfeitures of employer contributions were held by the Plan, respectively.

Administrative Expenses –

Certain expenses incurred in the administration of the Plan are paid directly by the Companies.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Notes Receivable from Participants -

Participants may borrow, but not less than \$1,000, from their self-directed investment accounts. The maximum aggregate of each participant's outstanding loans cannot exceed the lesser of \$50,000 or 50 percent of the participant's vested account balance. No participant may have more than one loan outstanding at any time. Participant loans are secured by the balance in the participant's self-directed investment account and bear a fixed interest rate determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Interest rates are between 4.25 and 8.50 percent on participant loans outstanding at December 31, 2013. Principal and interest is paid ratably through payroll deductions in terms up to five years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not exceed ten years.

Payment of Benefits -

Upon termination, retirement, death or disability, a participant's benefit is equal to the value of the participant's vested account and is payable at the election of the participant. Hardship withdrawals are also allowed as permitted under the Internal Revenue Code subject to certain restrictions as defined in the Plan Agreement.

Rollover Contributions -

With the Companies' consent, an employee may make one or more rollover contributions to the Plan if the employee demonstrates to the Companies' satisfaction that the contribution qualifies as a rollover contribution in accordance with the Internal Revenue Code.

(2) SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Benefit payments to participants are recorded upon distribution.

DECEMBER 31, 2013 AND 2012

Use of Estimates –

The preparation of financial statements, in conformity with U.S. GAAP, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition and Investment Valuation –

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Under U.S. GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. During 2013 and 2012, the Plan invested in fully benefit-responsive investment contracts through a common/collective trust, the Fidelity Managed Income Portfolio (MIP). The Fidelity MIP invests in guaranteed investment contracts (GICs) and synthetic GICs. The GICs and synthetic GICs are fully benefit-responsive investment contracts issued by banks, insurance companies and other issuers. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

DECEMBER 31, 2013 AND 2012

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable –

The liability for employees' excess contributions represents amounts owed to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Expenses –

Substantially all administrative expenses of the Plan are paid by the Companies and are excluded from these financial statements. Certain loan fees are paid by participants. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events –

The Plan has evaluated subsequent events through July 7, 2014, the date which the financial statements were available to be issued.

(3) PARTY-IN-INTEREST TRANSACTIONS:

Certain portions of the Plan's investments are shares of collective and mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties -

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

(5) SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE:

The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The table below summarizes the information that has been prepared and certified to as complete and accurate by the Trustee as of December 31:

	<u>2013</u>	<u>2012</u>

(6) PLAN TERMINATION:

Although the Companies have not expressed any intention to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(7) TAX STATUS:

The Plan has adopted a prototype plan sponsored by Fidelity Management and Research Co. Fidelity Management and Research Co. requested that the Internal Revenue Service provide an opinion related to the acceptability of the prototype plan under Section 401 of the Internal Revenue Code and received a favorable opinion dated March 31, 2008. The Plan Administrator has not requested a determination letter from the Internal Revenue Service for the qualification of the Plan. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2013 and 2012.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: This fund consists of the Fidelity MIP. The fair value of fully benefit-responsive investment contracts included in the Fidelity MIP is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(10) INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a fully benefit-responsive investment contract with Fidelity. Fidelity maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by Fidelity. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the Portfolio or the Administration of the Portfolio that is not consented to by the wrap issuer, (4) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow, (5) any communication given to unit holders by the Plan Sponsor, any other Plan Fiduciary, or Trustee that is designed to induce or influence unit holders not to invest in the Portfolio or to transfer assets out of the Portfolio, and (6) any transfer of assets from the Portfolio directly to a competing investment option. The Plan Administrator does not believe that any events, which could limit the Plan's ability to transact at contract value with participants, are probable of occurring. Fidelity may not terminate the contract at any amount less than contract value.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Fidelity is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a monthly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2013</u>	<u>2012</u>
Average yields:		
Based on annualized earnings (1)	1.70%	1.86%
Based on interest rate credited to participants (2)	0.85%	1.22%

(1) Computed by dividing the annualized one-day income of the underlying investments at period end by the fair value of investments and wrap contract at period end.

(2) Computed by dividing the annualized one-day income from wrap contracts credited to participants at period end, net of expenses, by the fair value of investments and wrap contracts at period end.

The Fidelity MIP, which invests in these investment contracts, reports on a September 30 year end. Therefore, the above yields are as of September 30, the investment's financial statement date.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ALEXANDER LUMBER CO. RETIREMENT SAVINGS PLAN, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of or for the year ended December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

(1) DESCRIPTION OF THE PLAN:

The Alexander Lumber Company Retirement Savings Plan (the Plan) is a defined contribution plan established on January 1, 1988, and maintained for the benefit of eligible employees of Alexander Lumber Co. and Brittingham & Hixon Lumber Co. (the Companies). Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. General provisions of the Plan include the following:

Trustee –

Fidelity Management Trust Company (Fidelity) serves as Trustee of the Plan.

Eligibility –

Employees of the Companies become eligible to participate in the Plan at the first enrollment date (the first day of the next month) following the completion of three months of service, as defined in the Plan Agreement. Employees must be twenty-one years of age as of the enrollment date in order to be eligible. Union employees, who are covered by the terms of a collective bargaining agreement between the Companies and the Union, are not eligible. Leased employees and nonresident aliens, who do not receive any earned income from their employer, are also not eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions –

Each year, participants may contribute up to 60 percent of their compensation, as defined in the Plan Agreement, on a pretax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a default Fidelity Freedom Fund until changed by the participant. The Plan provides for a discretionary employer matching contribution on behalf of each participant in an amount equal to a percentage, as determined annually by the Companies' Board of Directors, of the participants' deferral contributions during the Plan year. For the years ended December 31, 2013 and 2012, the matching contribution percentage was 50 percent of deferral contributions not to exceed \$1,000. Contributions are subject to certain limitations.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Participant Accounts –

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company contributions, and allocation of investment earnings or losses. Participant accounts may also be debited for certain loan fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options –

Participants may allocate their contributions (in multiples of one percent) and those of the Companies among multiple mutual funds and a common/collective trust fund (the Fidelity Managed Income Portfolio). Employees may change their contribution allocation between investment options for future contributions and transfer prior contributions and associated earnings between investment options subject to certain restrictions set forth in the Plan. The Plan currently offers eighteen mutual funds and one common/collective trust as investment options for participants.

Vesting –

Participants are always 100 percent vested in their employee pretax account, rollover account and any earnings thereon. Vesting in employer contributions is on a graduated scale and these participants will not be fully vested until the completion of five years of service.

Forfeitures –

Forfeitures of employer contributions are permitted to be used to pay administrative expenses or to reduce future employer contributions. As of December 31, 2013 and 2012, \$12,124 and \$6,483 of forfeitures of employer contributions were held by the Plan, respectively.

Administrative Expenses –

Certain expenses incurred in the administration of the Plan are paid directly by the Companies.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Notes Receivable from Participants -

Participants may borrow, but not less than \$1,000, from their self-directed investment accounts. The maximum aggregate of each participant's outstanding loans cannot exceed the lesser of \$50,000 or 50 percent of the participant's vested account balance. No participant may have more than one loan outstanding at any time. Participant loans are secured by the balance in the participant's self-directed investment account and bear a fixed interest rate determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Interest rates are between 4.25 and 8.50 percent on participant loans outstanding at December 31, 2013. Principal and interest is paid ratably through payroll deductions in terms up to five years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not exceed ten years.

Payment of Benefits -

Upon termination, retirement, death or disability, a participant's benefit is equal to the value of the participant's vested account and is payable at the election of the participant. Hardship withdrawals are also allowed as permitted under the Internal Revenue Code subject to certain restrictions as defined in the Plan Agreement.

Rollover Contributions -

With the Companies' consent, an employee may make one or more rollover contributions to the Plan if the employee demonstrates to the Companies' satisfaction that the contribution qualifies as a rollover contribution in accordance with the Internal Revenue Code.

(2) SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Benefit payments to participants are recorded upon distribution.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Use of Estimates –

The preparation of financial statements, in conformity with U.S. GAAP, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition and Investment Valuation –

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Under U.S. GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. During 2013 and 2012, the Plan invested in fully benefit-responsive investment contracts through a common/collective trust, the Fidelity Managed Income Portfolio (MIP). The Fidelity MIP invests in guaranteed investment contracts (GICs) and synthetic GICs. The GICs and synthetic GICs are fully benefit-responsive investment contracts issued by banks, insurance companies and other issuers. The Statements of Net Assets Available for Benefits present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

ALEXANDER LUMBER COMPANY
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable –

The liability for employees' excess contributions represents amounts owed to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Expenses –

Substantially all administrative expenses of the Plan are paid by the Companies and are excluded from these financial statements. Certain loan fees are paid by participants. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events –

The Plan has evaluated subsequent events through July 7, 2014, the date which the financial statements were available to be issued.

(3) PARTY-IN-INTEREST TRANSACTIONS:

Certain portions of the Plan's investments are shares of collective and mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Risks and Uncertainties –

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

(5) SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE:

The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The table below summarizes the information that has been prepared and certified to as complete and accurate by the Trustee as of December 31:

	<u>2013</u>	<u>2012</u>

(6) PLAN TERMINATION:

Although the Companies have not expressed any intention to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(7) TAX STATUS:

The Plan has adopted a prototype plan sponsored by Fidelity Management and Research Co. Fidelity Management and Research Co. requested that the Internal Revenue Service provide an opinion related to the acceptability of the prototype plan under Section 401 of the Internal Revenue Code and received a favorable opinion dated March 31, 2008. The Plan Administrator has not requested a determination letter from the Internal Revenue Service for the qualification of the Plan. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2013 and 2012.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the net assets available for benefits and the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2013</u>	<u>2012</u>
Net assets available for benefit per the financial statements	\$ 14,685,538	\$ 12,416,123
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>26,795</u>	<u>35,999</u>

	<u>2013</u>	<u>2012</u>
Changes in net assets available for benefit per the financial statements	\$ 2,269,415	\$ (586,746)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2013	26,795	-
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2012	(35,999)	35,999
Adjustment from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2011	<u>-</u>	<u>(29,485)</u>
Net income (loss) per Form 5500	<u><u>\$ 2,260,211</u></u>	<u><u>\$ (580,232)</u></u>

As fully described in Note 2, U.S. GAAP requires that fully benefit-responsive investment contracts be valued at the contract value on the Statements of Net Assets Available for Benefits, whereas the Form 5500 requires all investments to be valued at fair value.

(9) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: This fund consists of the Fidelity MIP. The fair value of fully benefit-responsive investment contracts included in the Fidelity MIP is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(10) INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a fully benefit-responsive investment contract with Fidelity. Fidelity maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by Fidelity. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the Portfolio or the Administration of the Portfolio that is not consented to by the wrap issuer, (4) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow, (5) any communication given to unit holders by the Plan Sponsor, any other Plan Fiduciary, or Trustee that is designed to induce or influence unit holders not to invest in the Portfolio or to transfer assets out of the Portfolio, and (6) any transfer of assets from the Portfolio directly to a competing investment option. The Plan Administrator does not believe that any events, which could limit the Plan's ability to transact at contract value with participants, are probable of occurring. Fidelity may not terminate the contract at any amount less than contract value.

ALEXANDER LUMBER COMPANY

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Fidelity is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a monthly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2013</u>	<u>2012</u>
Average yields:		
Based on annualized earnings (1)	1.70%	1.86%
Based on interest rate credited to participants (2)	0.85%	1.22%

(1) Computed by dividing the annualized one-day income of the underlying investments at period end by the fair value of investments and wrap contract at period end.

(2) Computed by dividing the annualized one-day income from wrap contracts credited to participants at period end, net of expenses, by the fair value of investments and wrap contracts at period end.

The Fidelity MIP, which invests in these investment contracts, reports on a September 30 year end. Therefore, the above yields are as of September 30, the investment's financial statement date.
