Independent Auditors' Report

To the Plan Administrator
Retirement Plan for Hourly Paid Employees of
Ahlstrom Filtration LLC - Madisonville and Taylorville Locations

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Hourly Paid Employees of Ahlstrom Filtration LLC - Madisonville and Taylorville Locations, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SEI Private Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Information

The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Retirement Plan for Hourly Paid Employees of Ahlstrom Filtration LLC - Madisonville and Taylorville Locations (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory defined benefit plan covering all hourly paid employees of the Madisonville, Kentucky, and Taylorville, Illinois, locations of Ahlstrom Filtration LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Freeze - The Plan was amended to provide that no additional service will be credited after December 31, 2010 for calculating benefits under the Plan.

Eligibility - All eligible hourly paid employees of the Company on the Plan's effective date (July 1, 1989) were automatically included as a plan participant on that date. All employees hired after this date and prior to May 1, 2006 became a participant under the Plan as of the date he or she became an employee of the Company. Effective May 1, 2006, employees who first completed an hour of service on or after that date shall not be eligible to participate in the Plan.

Benefits - Pension benefits provided under the terms of the Plan include those for normal retirement (age 65), early retirement (age 55 and completion of 10 years of continuous service), disability (upon total permanent disability following completion of 15 years of continuous service) and late retirement (beyond normal retirement date).

The monthly retirement benefit of a participant becoming eligible at normal retirement date is currently equal to \$36 (normal retirement benefit amount) multiplied by the participant's years of credited service.

The monthly retirement benefit of a participant becoming eligible for early retirement is equal to the normal retirement benefit amount multiplied by the participant's full years of credited service up to the actual retirement date. This benefit shall be payable at his or her normal retirement date, unless the participant chooses to have the benefit commence at his or her actual retirement date, in which case the benefit is reduced 1/180 for each full month up to 60 months that the date of commencement of the participant's benefit payments precedes the normal retirement date and 1/360 for each full month in excess of 60 months that the date of commencement of the participant's benefit payments precedes the normal retirement date.

The monthly retirement benefit of a participant who works beyond his or her normal retirement date is equal to the normal retirement benefit amount multiplied by the participant's full years of credited service up to the actual retirement date.

AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Disability - The disability benefit is the same benefit determined under normal retirement based on the credited service to disability date and payable immediately in the full unreduced amount.

Termination Benefit - Upon termination of employment for any reason other than death or retirement after having completed 5 full years of continuous service, a participant shall be entitled to a monthly benefit equal to the benefit determined under normal retirement based on the benefit unit in effect at, and credited service to, the date of termination, and commencing, at the election of the participant, either 1) upon what would have been the participant's normal retirement date in the full, unreduced amount, or 2) if the participant had completed 10 full years of continuous service on the first day of any month after attainment of age 55, but reduced the same as for early retirement.

Upon the death of a former participant who is eligible for a deferred retirement benefit, the surviving spouse will receive a monthly benefit equal to 50% of the benefit that would have been payable to the participant for his lifetime only had he elected to have benefit payments commence on the first day of the month after he reached age 65. This survivor benefit shall commence on the later of 1) the first day of the month following the former participant's death, or 2) the participant's earliest early retirement date (normal retirement date if the former participant had less than ten years of continuous service at date of termination).

Death Benefits Before Retirement - Upon the death of a participant who has reached age 55 and completed 10 years of continuous service, or who has reached his normal retirement age, the surviving spouse will receive a monthly benefit, payable for life, equal to 50% of the normal benefit based on the deceased participant's credited service to date of death and commencing immediately.

Upon the death of a participant before termination of employment and before age 55, but after the completion of 10 years of continuous service, the surviving spouse will receive a monthly benefit, commencing on the first of the month following the date the participant would have attained age 55 and payable for life. The benefit is equal to 50% of the benefit that would have been payable to the participant for his lifetime only had he terminated employment as of his date of death and elected to have benefit payments commence on the first day of the month after he reached age 65.

Death Benefits After Retirement - The normal form of benefit payments under the Plan is payments for the lifetime of the participant only. However, unless a specific election to the contrary is made, benefits to participants who are married as of the date their benefit payments are scheduled to commence will be payable in an actuarially reduced amount under the 50% joint and survivor "automatic" form of payment. In addition, a joint and survivorship option with 50% or 100% continuation, and a ten-year certain and life option are available for election by the participant on an actuarially equivalent basis.

Vesting - Eligible employees become fully vested under the Plan upon completion of five years of service. In connection with the plan freeze, all active participants became fully vested effective December 31, 2010.

AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Plan Expenses - In accordance with the plan trust document, expenses incident to the operation of the Plan, including premiums for termination insurance payable to the Pension Benefit Guaranty Corporation (PBGC), fees for professional services and the costs of such other technical or clerical assistance as may be required shall be paid out of the trust fund, to the extent not paid for by the employer.

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are determined based upon certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics, all of which are subject to change. Due to uncertainties inherent in the estimation process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events - Subsequent events were evaluated through July 30, 2014, the date the financial statements were available to be issued.

AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and supplemental schedules as of and for the years ended December 31, 2013 and 2012, for investments and investment income was derived, without audit, from information certified to be complete and accurate by SEI Private Trust Company (SEI), the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered as of the benefit information date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as determined by the Plan's independent actuary is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2013 and 2012, are as follows:

	2013	2012
Mortality rates	The prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using the blended static table option for smaller plans	The prescribed mortality assumption under Section 430(h)(3)(A) of the Internal Revenue Code using the blended static table option for smaller plans
Discount rate	7.75% per annum	7.75% per annum
Retirement age	65	65

AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 5 - FUNDING POLICY

The Company has voluntarily agreed to make annual contributions to the Plan sufficient to provide the Plan with assets with which to pay pension benefits to plan participants. The amounts contributed to the Plan are determined by the Company on the basis of (a) annual actuarial valuations of the Plan by an independent consulting actuary, (b) the maximum amount permitted by law or regulation as a federal income tax deduction, and (c) the minimum amount certified by the actuary as necessary during any plan year to avoid an accumulated funding deficiency as defined by ERISA. Based upon valuations as of January 1, 2013 and 2012, contributions of \$-0- and \$195,000 were made for 2013 and 2012, respectively. The Plan has met the minimum funding requirements of ERISA for the years ended December 31, 2013 and 2012.

NOTE 6 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31, 2013 and 2012, were as follows:

	<u>2013</u>	<u>2012</u>
Mutual funds:		
SEI Long Duration Fund	\$ 7,073,246	\$ 6,906,370
SEI Large Cap Disciplined Equity Fund	2,594,248	2,457,969
SEI World Equity Fund	1,666,648	1,777,023
SEI Small/Mid Cap Equity Fund	743,648	713,958

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$284,865, all of which was attributable to mutual funds.

NOTE 7 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**RETIREMENT PLAN FOR HOURLY PAID EMPLOYEES OF
AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value.

Mutual Funds - Mutual funds are valued at the quoted net asset value of shares held by the Plan at year end.

There have been no changes in the methodologies used at December 31, 2013 and 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

2013				
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bond	\$ 7,073,246	\$ -	\$ -	\$ 7,073,246
Equity	5,004,544	-	-	5,004,544

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

	2012			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Equity	\$ 6,906,370	\$ -	\$ -	\$ 6,906,370
Bond	4,948,950	-	-	4,948,950
Total Assets at Fair Value	\$ <u>11,855,320</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>11,855,320</u>

There were no transfers between levels of investments during the years ended December 31, 2013 and 2012.

NOTE 8 - PARTY-IN-INTEREST

Certain plan investments are shares of mutual funds managed by affiliates of SEI. SEI is the trustee and investment manager of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Trustee and investment management fees paid to SEI or its affiliates totaled \$38,966 and \$38,624 for the years ended December 31, 2013 and 2012, respectively.

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 20, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

**RETIREMENT PLAN FOR HOURLY PAID EMPLOYEES OF
AHLSTROM FILTRATION LLC - MADISONVILLE AND TAYLORVILLE LOCATIONS
NOTES TO FINANCIAL STATEMENTS**

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan is terminated, the net assets of the Plan will be allocated to the participants and beneficiaries of the Plan in accordance with ERISA and its related regulations and the plan document.

Generally, benefits are provided in the following order:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b. Other vested benefits insured by the PBGC, a U.S. Government agency, up to the applicable limitations discussed below.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2014, that ceiling is \$4,943 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Disability

Disabled worker experience under OASDI from 1973 to 1976, published in the Social Security Administration's Actuarial Study No. 75 (June, 1978). A unisex rate has been used based on a population mix of 80% male and 20% female. The rates of disablement have been multiplied by 50% in order to more closely approximate recent group disability experience. The following numbers of disablements and terminations illustrate the disability rates used:

Attained Age	Number of Disablements Per Thousand
20	0.640
30	1.055
40	2.140
50	5.285
60	12.74
70	-
80	-

Retirement

It was assumed that participants will retire upon becoming eligible for normal retirement.

Benefit commencement date:

- Preretirement death benefit The later of the death of the active participant or the date the participant would have been eligible for retirement.
- Deferred vested benefit The later of age 65 or termination of employment
- Disability benefit Upon disablement
- Retirement benefit Upon termination of employment

Form of payment

Unmarried participants are assumed to elect the normal form of life annuity. Married participants are assumed to elect the 50% joint and survivor "automatic" form of payment.

Percent married

75% of males; 75% of females.

Spouse age

Wife three years younger than husband.

SCHEDULE SB ATTACHMENTS

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date

First day of plan year

Funding target

Present value of accrued benefits

Target normal cost

Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.

Actuarial value of assets

Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including any discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued based on discussions with Ahlstrom Filtration LLC regarding the likelihood that these benefits will be paid. Towers Watson has reviewed the plan provisions with Ahlstrom Filtration LLC and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to \$10,000) in a single lump sum payment. Such lump sums are not explicitly valued as such; rather such participants' benefits are valued using the benefit choice assumptions described above.

**Change in assumptions and
methods since prior valuation**

The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of January 2012 for the 2012 plan year to January 2013 for the 2013 plan year and reflect the rate corridors of MAP-21.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.
