INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Odessa Pumps & Equipment, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

I have audited the accompanying financial statements of the Odessa Pumps & Equipment, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits of as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012**

NOTE 1: DESCRIPTION OF PLAN

The following description of the Odessa Pumps & Equipment, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan Sponsor (i.e. the Company, Employer) is Odessa Pumps & Equipment, Inc.

This Plan, effective as of January 1, 2011, is intended to qualify as an Employee Stock Ownership Plan, as defined in Section 4975(e)(7) of the Internal Revenue Code (hereinafter referred to as the "Code"). In addition, in accordance with Section 54.4975-11(a)(5) of the Treasury Regulations, this Plan also forms a portion of the Plan which is a Stock Bonus Plan, which is intended to qualify under Section 401(a) of the Code. This Plan reflects the applicable provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") and the guidance issued thereunder. This Plan reflects the applicable provisions of the Pension Protection Act of 2006 ("PPA'06"), as well as the applicable provisions of the final regulations under Code Section 415 (the "Final § 415 Regulations") and the applicable provisions of the Heroes Earnings Assistance and Relief Tax Act of 2008 ("HEART '08").

The plan is administered by an Administration Committee appointed by the sponsor company's board of directors. The individual owners of the Company serve as the Plan's trustees.

Contributions

The Company funded the Plan for two years before selling the stock to the Plan in June 2013, in order for the Plan to not have to borrow money to buy stock. Since the Plan has no borrowings, it is considered a non-leveraged ESOP. The Plan was funded in March 2012 with an initial contribution of \$1,000,000 and later in November 2012 with a contribution of \$2,000,000. On June 26, 2013, the ESOP purchased 241,546 common shares of Odessa Pumps and Equipment, Inc. common stock from ten of the shareholders at a per share value of \$10.35. The total purchase price was \$2,500,000. This investment is herein referred to as "Company common stock" or "Company stock".

Contributions shall be made to the Trust in such amounts as may be determined by the Company's Board of Directors, provided that such Contributions shall not exceed the maximum amounts deductible under Section 404(a)(3) and, during any C corporation year, Section 404(a)(9) of the IRC. Notwithstanding the foregoing, Contributions may not be made in amounts which would permit the limitation described in Section 11(b) of the Plan to be exceeded. Contributions for each year, as determined by the Company's Board of Directors, shall be paid to the Trust not later than the due date for filing the Company's federal income tax return for that year, including extensions of such date.

Contributions may be paid in cash or shares of Company Stock as the Company's Board of Directors may from time to time determine in their discretion. Shares of Company Stock will be valued at their then fair market value.

Eligibility

Each employee shall become eligible to participate in the Plan from and after the entry date coinciding with or next following the date on which the employee has completed a year of service (1,000 hours during the plan year), measured during the eligibility computation period, and provided the employee has attained age twenty-one (21).

NOTE 1: DESCRIPTION OF PLAN - continued

Eligibility-continued

Plan entry dates are January 1st and July 1st. All Employees who were employed by the employer on the effective date of this Plan are automatically eligible to participate in this Plan as of the effective Date.

Distribution of Benefits

In the event of a participant's separation from service due to death, disability or after attaining normal retirement age, subject to Subsection 14(e) of the Plan, distribution of a participant's plan benefit shall commence during the following plan year, beginning not later than one year after the close of the plan year in which such event occurs. Distributions for other separations from service will commence as soon as administratively feasible during the sixth plan year following the plan year in which the participant's employment terminates. Distribution of such accounts will be made in substantially equal annual installments over a period of five years. The Trust, as determined by the Company, may distribute such participant's plan benefit entirely in cash or entirely in the form of employer securities, or a combination of each. Distributions made in the form of employer securities shall be made in the form of whole shares of employer securities with the value of any fractional shares paid in cash.

Voting Rights

All company stock held by the Trust shall be voted by the Trustee in accordance with instructions from the Committee. Notwithstanding the foregoing, participants and/or beneficiaries shall be entitled to direct the voting of any voting shares of company stock allocated to their accounts with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of a trade or business, or other similar transactions prescribed by regulation. In accordance with instructions from the Committee, the Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a participant has failed to give timely voting direction.

Plan Termination

Although the Company has established the Plan with the bona fide intention and expectation that it will be able to make contributions indefinitely, nevertheless, the Company shall not be under any obligation or liability to continue its contributions or to maintain the Plan for any given length of time. The Company may in its sole discretion discontinue such contributions or terminate the Plan in whole or in part in accordance with its provisions at any time without any liability for such discontinuance or termination. In the event of a termination or complete discontinuance of contribution, then the accounts of all participants affected by the termination or discontinuance of contributions will become non-forfeitable. In the event of a partial termination, the accounts of all participants affected by the partial termination will become non-forfeitable. After termination of the Plan, the Trust will be maintained until the plan benefits of all participants have been distributed. plan benefits may be distributed following termination of the Plan or distributions may be deferred and distributed as provided in the Plan, as the Company shall determine. If plan benefits will be distributed after the Plan is terminated, the distribution may be delayed until IRS approval is received.

Participant Accounts

The plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of each anniversary date of with an allocation of shares of the company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting

If a participant's employment with the company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the company. Participants vest 20 percent per year after two years of service and are 100 percent vested after six years of service.

Put Option

Under federal income tax regulations, the employer stock that is held by the plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company common stock into investments, which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Participant Accounts & Forfeitures.

Employer contributions and plan forfeitures are allocated to each participant's account in the proportion that each such participant's covered compensation bears to the total covered compensation of all such participants for that year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

ODESSA PUMPS & EQUIPMENT, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan investments as of December 31, 2013 consist primarily of the Company's common stock which is stated at fair value. See Note 3 for discussion of fair value measurements.

Plan investments as of December 31, 2012 consisted of a money market account and fixed income securities, such as mortgage backed securities and U.S. government securities. These investments are reported in the statement of net assets available for benefits as trustee-directed investments. See Note 3 for discussion of fair value measurements.

The net appreciation (depreciation) in the fair value of all of these investments consists of realized and unrealized gains or losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Operating expenses

The Plan sponsor absorbs the operating expenses associated with administering the plan, such as recordkeeping and accounting fees.

Investment advisory and consulting fees paid by the Plan to their investment advisors and wealth management service provider totaled \$5,342 in 2013 and \$8,658 in 2012.

Risks & Uncertainties

The Plan investments as of December 31, 2013 consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plans investments as of December 31, 2012 consisted of various investment options in a combination of various securities that are subject to certain market risks, interest rates, and credit risks. Due to the risks associated with these investments, there is a level of uncertainty related to changes in the value of the investment securities; therefore it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in assets available for benefits.

New Accounting Pronouncements

In July 2013, the FASB issued ASU No. 2013-09, "*Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04* (ASU 2013-09). The amendments in this Update defer indefinitely the effective date of certain required disclosures in Update 2011-04 (Topic 820) of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by a nonpublic employee benefit plan in its plan sponsor's own nonpublic entity equity securities, including equity securities of its plan sponsor's nonpublic affiliated entities. This update did not have a material impact on the Plan's financial statements.

Reclassifications

Certain reclassifications were made to the 2012 financial statement amounts to conform to the current year presentation. Specifically, investment fees that were included in the net investment income amounts in 2012 have been reclassified as expenses in 2013.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. Quoted market prices are used to value mutual funds and money market accounts. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Fixed income securities, corporate bonds and U.S. government securities are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: The fair value of the Company common stock is based on by an annual independent appraisal. This appraisal was based on a combination of the asset-based, market and income valuation approaches.

ODESSA PUMPS & EQUIPMENT, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 3: FAIR VALUE MEASUREMENTS - continued

The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparable data, and applicable discounts and premiums. The appraisal was performed by a professional licensed business valuation firm in accordance with generally accepted standards of the valuation profession referred to as Uniform Standards of Professional Appraisal Practice.

The Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for the Plan's investments. The carrying values of receivables and cash included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2013 and 2012, and are thus not included in the following table.

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2013</u>

NOTE 3: FAIR VALUE MEASUREMENTS - continued

The following tables reconcile the beginning and ending balances of fair value measurements using Level 3 inputs of the Company common stock for the year ended December 31, 2013:

<u>December 31, 2013</u>	<u>Company Common Stock</u>
Beginning balance	\$ -
Purchases	2,500,000
Sales	-
Issuances	-
Total gains and losses included in changes in net assets available for benefits	3,769
Ending Balance	<u>\$ 2,503,769</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, , 2013, are reported in net unrealized appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2013 and 2012, there were no significant transfers into or out of Level 3.

NOTE 4: INVESTMENTS

The following individual investments represent five percent (5%) or more of the Plan's net assets as calculated at December 31:

	<u>2013</u>
Investment in Company common stock	\$2,503,769
	<u>2012</u>
Trustee-directed: Cargile Investment Money Market Account	\$2,000,018

Net appreciation (depreciation) in the fair value of investments is as follows for the years ended December 31:

	<u>2013</u>	<u>2012</u>
Company common stock	\$3,769	\$ -
Fixed income securities	<u>(28,999)</u>	<u>(3,171)</u>
Total	<u>\$(25,230)</u>	<u>\$(3,171)</u>

NOTE 5: PARTIES-IN-INTEREST

City Bank Wealth Management and Cargile Investment Management provided investment advisory services to the Plan in 2013 and 2012. These services include fixed income securities managed by City Bank Wealth Management and a money market account held by Cargile Investment Management. Investment consultation and advisory fees paid by the plan qualify as party-in-interest transactions.

DECEMBER 31, 2013 and 2012

NOTE 5: PARTIES-IN-INTEREST - continued

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. These fees totaled \$5,342 in 2013 and \$8,658 in 2012. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions.

The Plan's investment in the Company common stock at December 31, 2013 qualifies as party in interest investments. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 6: INCOME TAX STATUS

The Plan and related trust have applied for a determination by the Internal Revenue Service that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are not subject to tax under present regulations. The application and related fee was filed in April 2012. As of the date of this report, no determination has been made. However, the Plan administrative committee and Plan's tax counsel believe that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Federal tax filings generally remain subject to examination for three years after original filing.

NOTE 7: ADMINISTRATION OF PLAN ASSETS

The Administrative Committee as appointed by the Board of Directors of the Company is responsible for the administration of the plan. The Plan's assets are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which may cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. The Company shall pay all expenses in connection with the design, establishment, or termination of the Plan. The Trust shall pay all costs of administering the Plan, unless such expenses are paid by the Company.

NOTE 8: SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 30, 2014, the date which the financial statements were available to be issued. No significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.
