401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Grene Vision Group, L.L.C. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Grene Vision Group, L.L.C. who have attained the age of 21 and have completed 12 months of service in which at least 1,000 hours of work was completed. Employees are treated as participants on the first day of the Plan year or the first day of the seventh month of the Plan year following the date on which eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year participants may contribute to the Plan, between 1% and 75%, up to the maximum allowed by the Internal Revenue Code (\$17,500 for 2013) as adjusted for applicable percentages of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$5,500 for 2013). Participants may also contribute amounts representing distributions from other qualified plans. The Company's matching contribution is a discretionary percentage of the participant's "eligible contributions" to the Plan. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan. The Company may contribute additional discretionary amounts if it so decides.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings, and are charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. An administrative fee may also be charged for participant requested services. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon and the employer's safe harbor contributions are always 100% vested. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is fully vested after 5 years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate as published from time to time in the Wall Street Journal. Principal and interest are paid either through direct payments or ratably through regular payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$4,544 and \$0, respectfully. These accounts will be used to pay future plan expenses. Also in 2013, \$3,200 of plan expenses were paid from forfeited nonvested accounts.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits - Benefits are recorded when paid.

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are stated at fair market value and certified by John Hancock. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Excess Contribution Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses - The Company provides certain administrative services and pays certain administrative expenses on behalf of the Plan. The Plan does not reimburse the Company for the cost of such services; therefore, they are not included in the financial statements.

Reclassification - Certain amounts in the prior year financial statements have been reclassified to conform with current year presentation.

Subsequent Events - These financial statements considered subsequent events through July 28, 2014, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedule related to the following.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

GRENE VISION GROUP, L.L.C.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (CONTINUED)

(g) This investment category seeks to achieve investment income consistent with the preservation of principal. The fund primarily invests in federal and other government bonds, corporate bonds, and commercial mortgages.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuations techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Level 3.

5. TAX STATUS

The Plan adopted is based on a prototype plan designed to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the prototype plan has received an opinion letter dated March 31, 2008, that this Plan is relying on. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC exempting it from federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements.

Therefore, no provision or liability for income taxes has been included in the financial statements. Tax years that remain subject to examination in the Plan's major tax jurisdictions are 2009, 2010, 2011, 2012, and 2013.

6. PLAN TERMINATION

Although it has expressed no intent to do so, the Company reserves the right to amend, modify, or terminate the Plan at any time subject to Plan and ERISA provisions. Upon termination of the Plan, all amounts allocated to the accounts of each participant shall be immediately vested and paid according to Plan provisions.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. John Hancock is the Custodian as defined by the Plan and, therefore, these transactions, as well as notes receivable from participants, qualify as party-in-interest transactions.

**GRENE VISION GROUP, L.L.C.
401(k) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
