ECT 401(K) TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ECT (the "Company") 401(k) Tax Deferred Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Environmental Consulting & Technology, Inc. (the "Company") who have completed one hour of service within the three month time period following date of hire and are age twenty-one or older, as defined in the Plan agreement. The Company's Plan Administration Committee controls and manages the operation and administration of the Plan. SunTrust Bank, Inc. ("SunTrust") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Each year, participants may elect to contribute (pretax) up to 100% of their annual compensation pursuant to a salary reduction agreement, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees who have met the eligibility requirements of the Plan are automatically enrolled contributing 3% of base compensation. Employees who are automatically enrolled have the option to opt out of the Plan. The Company contributes 20% of the first 5% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No additional contributions were made for the year ended December 31, 2013. Contributions are subject to certain limitations.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a fully benefit-responsive investment contract as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, increases or decreases in the market value of investments, and charged with benefit payments, transaction fees related to loans, loan repayments and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ECT 401(K) TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of credited services, 40% after two years of credited service, 60% after three years of credited service, 80% after four years of credit service, and a participant is 100% vested after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts at a minimum of $500 up to a maximum equal to the lesser of $50,000 (reduced by the excess of a participant's highest outstanding balance of all loans made from the Plan during the one-year period ending on the day before the date on which the loan is made or the current outstanding balance of all loans from the Plan to that participant on the date on which the loan is made) or 50% of their vested account balance. The loans are secured by 50% of the account balance in the participant's account and bear interest at rates at prime plus 1%, with prime as published in the Wall Street Journal. At December 31, 2013, outstanding loans bore interest rates ranging from 4.25% to 6.00%. Principal and interest is paid ratably through bi-weekly payroll deductions within five years unless used to purchase a primary residence.

Payment of Benefits – On termination of service due to disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account.

If the participant terminates employment with a vested account balance at the date of termination that does not exceed $1,000 (including rollover contributions), a distribution of the vested account balance will be made, regardless of whether consent was received, and will be administered feasibly following termination of employment. If participant terminates employment with a vested account balance exceeding $1,000, participant may elect to postpone distribution until no later than the April 1st following the end of the year in which participant has reached age 70 ½.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59 ½ years. Upon termination due to death, a participant's designated beneficiary will be entitled to a lump sum distribution of 100% of the account value.

DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Withdrawals - Hardship withdrawals are permitted only if the participant has no other resources available to meet the financial need. Hardship withdrawals include purchase of a principal residence, payment of post-secondary educational costs, medical expenses, prevention of eviction from or foreclosure on the principal residence of the participant, and such other needs as may be designated by Internal Revenue Code and related regulations. The amount withdrawn may not exceed the amount needed and is subject to approval of the Plan Administrator. Participant may not contribute to the Plan for a six month period following distribution.

Forfeited Accounts – At December 31, 2013 and 2012 forfeited non-vested accounts totaled $887 and $3, respectively. These accounts will first be used to reduce the employer match and then employer non-elective contributions. During 2013, forfeitures of $2,266 were used to offset employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”)

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Date of Management’s Review - In preparing these financial statements, the Plan’s administrator and trustee have evaluated events and transactions for potential recognition or disclosure through July 25, 2014, the date that the financial statements were available to be issued.

Investments Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

DECEMBER 31, 2013 AND 2012

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the stable value fund as well as the adjustment to the fully benefit-responsive stable value fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded upon distribution.

Administrative Expenses – The Plan’s administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant’s account.

NOTE 3 – INVESTMENTS

The Plan has contracted with SunTrust Bank, Inc. ("SunTrust") to invest the assets of the Plan and maintain participant account records. Participants can direct which account(s) their contributions are to be invested in and may change investment vehicles at any time.

The investment information included in the accompanying financial statements and supplemental schedule has been certified by SunTrust Bank, Inc. as complete and accurate. Incorporation of their financial information in the accompanying financial statements and supplemental schedule is based solely on that certification.

The following table presents investments that represent more than 5% or more of the Plan's net assets at December 31:

	2013	2012	
Vanguard 500 Index Signal	$ 2,515,967	$ 2,119,130	
Federal Capital Preservation Fund ISP	2,270,870	2,043,863

Oppenheimer Developing Markets Fund – A	1,110,053	1,047,061	

*Fair value was below 5% of Plan net assets at December 31, 2012.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows.

Mutual funds and self-directed accounts	$ 2,698,564
Common collective trust	18,412
	$ 2,716,976

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

ECT 401(K) TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies are used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds and Self-Directed Accounts - Level 1 investments are measured using publicly available quoted prices in active markets for identical assets. Level 1 investments include mutual funds. Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes a third party pricing service to determine the fair value of each of these investment securities. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Stable Asset Fund – The Stable Asset Fund is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets accounted for at fair value as of December 31, 2013 and 2012:

NOTE 5 – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2013 and 2012 that was obtained from data prepared and certified as complete and accurate by the Plan trustee:

	2013	2012
Investments, at fair value	$ 20,715,379	$ 18,379,347
Notes receivable from participants	$ 154,395	$ 199,396

	2013
Net appreciation in fair value of investments including interest and dividends	$ 3,663,578
Interest income from notes receivable from participants	$ 5,052

The certification mentioned above includes all investment information discussed in Notes 3 and 4 and in the Supplemental Schedule of Assets (Held at End of Year).

* All investments are certified as fair value with the exception of the common collective trust, stable asset fund, which is certified at contract value.

NOTE 6 – STABLE ASSET FUND

The Plan has a fully benefit-responsive investment contract (the “Contract”) with SunTrust Bank, Inc. SunTrust Bank, Inc. maintains the contributions in a common collective trust. The Contract is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The Contract is included in the statements of net assets available for benefits at fair value, with an adjustment to contract value included as an adjustment to net assets available for benefits, as reported to the Plan by SunTrust Bank, Inc. Contract value represents contributions made under the Contract, plus investment income credited to the Contract based on contract rates currently earned by SunTrust Bank, Inc., less funds used to make benefit payments to participants and to pay administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

ECT 401(K) TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 6 – STABLE ASSET FUND (Continued)

The fair value of the Contract at December 31, 2013 and 2012 was $2,278,312 and $2,079,876, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events, such as the premature termination of the Contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with SunTrust Bank, Inc. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Circumstances that Impact the Fund – The Fund invests in assets, typically fixed income securities or bonds, mortgage-backed and asset-backed securities, U.S. Treasury obligations, and guaranteed investment contracts, and enters into "wrapper" contracts issued by third parties. A wrapper contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrapper contracts are designed to allow a stable asset portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrapper contract, the wrapper issuer agrees to pay the difference between the contract value and the market value of the underlying assets if the market value falls below the contract value.

The wrapper contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrapper issuer.
- Any change in law, regulations, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow.
- Employer-initiated transactions by participant plans as described above.

In the event that wrapper contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets decline. The Fund's ability to receive amounts due pursuant to these wrapper contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrapper issuer's ability to meet its contractual obligations under the wrapper contracts may be affected by future economic and regulatory developments.

ECT 401(K) TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 6 – STABLE ASSET FUND (Continued)

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrapper contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrapper contract following termination of a wrapper contract. Wrapper contracts are not transferable and have no trading market. There are a limited number of wrapper issuers. The Fund may lose the benefit of a wrapper contract on any portion of its assets in default in excess of a certain percentage of portfolio assets.

Average yields:	2013	2012
Based on actual earnings	1.21%	1.59%
Based on interest rate credited to participants	1.46%	1.95%

NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by SunTrust. SunTrust is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services were $17,244 for the year ended December 31, 2013.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 9 – TAX STATUS

The Plan is relying on the Internal Revenue Service (the "IRS") approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 13, 2008 that the prototype plan document was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not obtained a determination letter in their name from the IRS stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan administrator does believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE 9 – TAX STATUS (Continued)

Accounting in conformity with accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 10 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 – UNDISTRIBUTED ACCOUNT BALANCES OF TERMINATED PARTICIPANTS

As of December 31, 2013 and 2012, undistributed account balances of terminated participants amounted to $56,411 and $628,303, respectively.
