NOTE A - DESCRIPTION OF THE PLAN

The following description of The Los Angeles Lakers, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established on January 1, 1991, by The Los Angeles Lakers, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"). The Plan provides for a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of all eligible employees of The Los Angeles Lakers, Inc., LAL Women's Basketball, LLC, JB Family Investments LLC, LAL D Team LLC, and Los Angeles Lakers Youth Foundation (collectively, the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Eligibility and Enrollment

An employee who is part of an eligible class, as defined in the Plan document, is eligible for participation in the Plan upon completion of six months of service in which at least 500 hours are worked and attainment of age 21. Certain job classes, as defined in the Plan document, are eligible to make contributions but are not eligible to receive Employer contributions under the Plan. Upon eligibility, the Employer will automatically withhold 3.5% of an employee's compensation as tax-deferred contributions, unless the employee affirmatively elects another percentage or not to contribute at all. The Employer will automatically increase an employee's tax deferred contributions by an additional 1% upon each anniversary of eligibility, up to a maximum of 10%, unless the employee makes an affirmative election against the increase or the employee is a highly compensated employee.

3. Participant Accounts

Separate accounts are maintained for each participant's elective deferrals, employee rollovers and Employer contributions. Plan earnings are allocated to the participant's fund account balances on an individually directed basis in accordance with the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Contributions

Participants may elect to contribute, on a tax-deferred basis and/or an after-tax basis, from 1% to 30% of eligible compensation, up to the maximum deferral per Section 402(g)(1) of the IRC of $17,500 for the year ended December 31, 2013. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum catch-up contribution for the year ended December 31, 2013 was $5,500. Employer contributions to the Plan are discretionary, as provided in the Plan document.

During the year ended December 31, 2013 the Employer made matching contributions for the first 3.5% of a participant's compensation, subject to an annual maximum of $1,400 per participant, totaling $163,232. In addition, the Employer may elect to contribute additional discretionary matching contributions, qualified matching contributions, or qualified non-elective contributions, none of which were elected to be made during the year ended December 31, 2013.

5. Vesting

Participants are 100% vested in their employee deferrals, rollover contributions, Employer qualified non-elective and Employer qualified matching contributions plus actual earnings thereon. However, vesting in the Employer matching contributions portion of their accounts plus earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4 or more	100%

6. Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance. Participants may only have one note receivable outstanding at any time. All notes receivable shall bear a reasonable rate of interest as determined by the plan administrator. Notes receivable must be repaid within five years of the date of issuance in accordance with terms established by the plan administrator. Notes receivable for the purchase of a principal residence may be paid back over a reasonable period of time that may not exceed ten years.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Payment of Benefits

Benefits are payable to a participant or beneficiary upon termination of employment, retirement, total and permanent disability, or death, as specified by the Plan. Distributions from the Plan for terminated employees are made in the form of a lump-sum cash payment, installment payments, or terminated employees may request a transfer of their vested balance to another qualified plan, regardless of the balance in their account. In-service withdrawals are permitted if certain criteria are met.

8. Forfeited Accounts

At December 31, 2013, non-vested forfeited accounts totaled $8,173. These accounts will be reallocated to participants in the Plan on a pro rata basis, as provided in the Plan document.

9. Investment Options

Participants may direct participant and Employer contributions as desired, in any of a variety of investment options held by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively "Prudential"). Participants may change their investment options daily.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts, which equals contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a fair value basis.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

5. Administrative Expenses

Substantially all expenses of maintaining the Plan are paid by the plan sponsor. Investment related expenses are included in net appreciation in fair value of investments.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

7. Benefit Payments

Benefits are recorded when paid.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN AND TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Prudential, the custodian and trustee, as complete and accurate, except for comparing such information certified by the custodian and trustee to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Prudential in the accompanying statements of net assets available for benefits were $17,159,214 and $13,212,315, as of December 31, 2013 and 2012, respectively. Net investment income certified by Prudential in the accompanying statement of changes in net assets available for plan benefits was $2,930,346 for the year ended December 31, 2013. Interest income on notes receivable from participants certified by Prudential in the accompanying statement of changes in net assets available for plan benefits was $7,365 for the year ended December 31, 2013.

Investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 were as follows:

	2013	2012
Investments at fair value:		
Mid Cap Growth/Artisan Partners Fund	$ 1,878,538	$ 1,335,776
T. Rowe Price Growth Stock Strategy	$ 2,594,035	$ 1,854,547
Principal Preservation Separate Account	$ 3,516,894	$ 3,166,639
Dryden S&P 500 Index Fund	$ 2,009,166	$ 1,536,535
Core Bond Enhanced Index/PIM Fund	$ 1,401,563	$ 1,165,014
American Funds Europacific Growth Fund	$ 2,071,670	$ 1,547,318
Invesco Diversified Dividend A	$ 1,486,383	$ 1,069,828

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	$ 1,897,115
Mutual funds	939,592
	$ 2,836,707

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts: The fair value of units of account in the pooled separate accounts is based on the accumulated values of the underlying investments at the end of the year.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Investment Contract with Insurance Company: Valued at contract value, which represents deposits made to the contract, plus earnings at guaranteed interest rates, less withdrawals and fees. See Note E for further discussion.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1995, the Plan entered into a benefit-responsive investment contract with Prudential. The contract is affected directly between the plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

As described in Note B, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Prudential, represents deposits made under the contract, plus interest earnings at the established crediting rates, less withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value approximated fair value as of December 31, 2013 and 2012.

When establishing interest crediting rates, Prudential considers many factors, including current economic and market conditions and the general interest rate environment. The crediting interest rate may not be less than 1.5% and is evaluated semiannually.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the interest rate environment and cash flow levels, over time. Also, there are no events that allow the issuer to terminate the contract which would require the Plan sponsor to settle at an amount different than contract value paid either within ninety days or over time.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Average annual yields for the years ended December 31, 2013 and 2012 are as follows:

	2013	2012
Based on actual earnings	1.50%	1.85%
Based on interest rate credited to participants	1.50%	1.85%

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE G - INCOME TAX STATUS

The Employer adopted a Volume Submitter Plan which received its most recent favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE H - RELATED-PARTY TRANSACTIONS

Plan investments are held and managed by Prudential. Prudential is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 30, 2014, the date the financial statements were available to be issued, and there were no such events to report.
