Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds or held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of March 28, 2013 (date of Plan termination) and December 31, 2012, and for the period from January 1, 2013 through March 28, 2013 (date of Plan termination), that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

Note 2 of the financial statements describe the basis of accounting. The financial statements are prepared on the liquidation basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is modified with respect to this matter

Other Matter – Plan Termination

As discussed in Notes 8 to the financial statements, the Plan Sponsor voted in March 15, 2013 to terminate the Plan. On March 28, 2013 (date of Plan termination), the Plan was terminated as a result of the Plan Sponsor being acquired by Precision Castparts Corporation. Upon termination of the Plan, the Plans net assets were transferred to Precision Castparts Corp. 401(k) Retirement Savings Plan on March 28, 2013.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content (liquidation basis) of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 28, 2013 (DATE OF PLAN TERMINATION) AND DECEMBER 31, 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of Dickson Testing Company, Inc. (the "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan was a defined-contribution plan covering substantially all full-time employees of Dickson Testing Company, Inc. and Aerocraft Heat Treating Company, Inc. (the "Companies"). Eligible employees defined under this Plan were employees who had been employed by the Companies for six months and had reached the age of 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Termination

On March 15, 2013, the Plan Sponsor passed a resolution to terminate the Plan. The Plan was terminated on March 28, 2013 (date of Plan termination), and the net assets of the Plan were transferred into Precision Castparts Corp. 401(k) Retirement Savings Plan as a result of the Plan sponsor being acquired by Precision Castparts Corporation ("PCC"). See Note 8, Plan Termination, for additional details.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the liquidation basis. This presentation prescribes an adjustment of carrying amounts of assets and liabilities to the amounts expected in liquidation. This adjustment results in measuring the assets at net realizable value and the liabilities at net settlement value and discounting the values when the effect is significant. See Note 8 "Plan Termination"

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Each year, participants were allowed to contribute up to 80 percent of their pretax annual compensation, subject to Internal Revenue Code ("IRC") dollar limitations, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the period from January 1, 2013 to March 28, 2013 (date of Plan termination), the Companies contributed an amount equal to 25 percent of the amount that each participant contributes to the Plan, not to exceed six percent of eligible compensation. Additional amounts were allowed to be contributed at the option of the Companies, and the match was subject to change from year to year. All employer contributions were invested in participant directed accounts. Contributions were subject to certain limitations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Participant Accounts

Each participant's account was credited with his or her deferral contributions, as well as the Companies' matching contributions and plan earnings. Forfeited balances of terminated participants' nonvested employer contributions were used to reduce future Companies' contributions or cover the Plan's administrative expenses. The benefit to which a participant was entitled was the vested percentage in his or her account.

Vesting

Participants became immediately vested in both their voluntary tax-deferred contributions and the Companies matching contributions.

Investment Options

Participants directed the investment of all contributions into various investment options offered by the Plan. The participants were allowed to change their investment options at any time.

Notes Receivable from Participants

Participants were allowed to borrow up to the lesser of 50% of their vested account balance or $50,000. The notes were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as was determined by the Plan administrator. Interest rates on the notes outstanding ranged from 5.00% - 9.75%. Principal and interest were paid ratably through recurring payroll deductions. The notes receivable were secured by the vested balance in the participant's account and bore interest at a rate commensurate with the prevailing rate charged by commercial lenders for a note receivable of similar duration, repayment terms and security, as was determined by the Plan administrator. There were no outstanding notes receivable from participants as of March 28, 2013 (date of Plan termination). Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant was allowed to elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments over a period of the life of the participant or spouse. For termination of service due to other reasons, a participant was allwed to receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allowed in-service hardship withdrawals before retirement age for qualifying circumstances. Benefits are recorded when paid.

Forfeitures

Forfeitures were used to reduce any employer's future contributions or cover the Plan's administrative expenses. For the period from January 1, 2013 through March 28, 2013 (date of Plan termination), forfeitures used to reduce employer contributions totaled $597.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *(See Note 5)*

Plan assets were transferred to the Precision Castparts Corp. 401(k) Retirement Savings Plan before the close of business on March 28, 2013.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Costs

The Plan Sponsor elected to pay all administrative expenses including general trustee costs. Participants were charged only with special transaction charges.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

State Street Bank & Trust (the "Trustee") has certified that the following information included in the financial statements as of March 28, 2013 (date of Plan termination) and December 31, 2012 is complete and

a. Investments as included in the Statements of Net Assets Available for Benefits in Liquidation (Liquidation Basis).

The Trustee has certified that the following information included in the financial statements for the period from January 1, 2013 through March 28, 2013 (date of Plan termination) is complete and accurate:

b. All information pertaining to investment income and expenses in the Statement of Changes in Net Assets Available for Benefits (Liquidation Basis).

NOTE 4 - INVESTMENTS

Plan assets were transferred to the Precision Castparts Corp. 401(k) Retirement Savings Plan before the close of business on March 28, 2013. The Plan had no investments as of March 28, 2013 (date of Plan termination). The fair value of individual investment funds that represent 5 percent or more of the Plan's net assets as of December 31, 2012 is as follows:

NOTE 4 - INVESTMENTS (continued)

	2013	2012
Pimco Total Return Fund A	N/A	$ 225,598
Invesco Stable Asset ADP 85	N/A	$ 757,831
Invesco Energy A	N/A	$ 430,429
Fidelity Advisor Equity Income T	N/A	$ 246,352
Fidelity Advisory Equity Growth T	N/A	$ 204,411
T. Rowe Price Retirement 2020 R	N/A	$ 235,975
T. Rowe Price Retirement 2030 R	N/A	$ 937,494
T. Rowe Price Retirement 2040 R	N/A	$ 583,987
T. Rowe Price Retirement 2050 R	N/A	$ 223,474

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC, *Fair Value Measurements* are described as

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quote prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Inputs to the valuation measurement are unobservable, supported by the little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

have been no changes in the methodologies used at March 28, 2013 (date of Plan termination). The Plan had no investments as of March 28, 2013 (date of Plan termination). Plan assets were transferred to the Precision Castparts Corp. 401(k) Retirement Savings Plan before the close of business on March 28, 2013.

Shares of registered investment companies: Valued at the number of shares of the underlying fund multiplied by the closing net asset value (NAV) per share quoted by that fund.

Collective trust fund: Valued at the number of shares of the underlying fund multiplied by the closing net asset value per share quoted by that fund.

Guaranteed investment contracts: Guaranteed investment contracts are fully benefit-responsive annuity contracts that are valued at fair value which is the amount plan sponsors would receive currently if they were to withdraw or transfer within the Plan prior to their maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value instrument at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2012:

	Fair Value Measurements at December 31, 2012			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies				
Equity fund	$ -	$ 1,273,928	$ -	$ 1,273,928
Global equity fund	-	46,352	-	46,352
Bond fund	-	229,479	-	229,479
Asset allocation fund	-	2,106,617	-	2,106,617
Collective trust fund				
Equity fund	-	79,216	-	79,216
Global equity fund	-	28,572	-	28,572
Guaranteed investment contracts	-	-	783,002	783,002
	$ -	$ 3,764,164	$ 783,002	$ 4,547,166

As of December 31, 2012, the Plan had no asset measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following is a summary of changes in fair value of the investment contract, the plan's level 3 assets for the year ended December 31, 2012.

Balance, beginning of year at December 31, 2011	$ 760,546
Purchases, sales, issuances, and settlements (net)	22,456
Balance, end of year at December 31, 2012	$ 783,002
Purchases, sales, issuances, and settlements (net)	(783,002)
Balance, end of year at March 28, 2013	$ -

NOTE 6 - GUARANTEED INVESTMENT CONTRACTS

Invesco Stable Asset is a fully benefit-responsive annuity contract issued by the Invesco, with a fixed rate of interest. The interest rate for the period January 1, 2012 to December 31, 2012 was approximately 1%.

The contracts are presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Invesco maintains the contributions in a general account. Contract value, as reported to the Plan, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

Fair value is the amount plan sponsors would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity. The fair value represents discontinuation value or contract value times 97% (One minus 3% withdrawal charge).

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 7 - EXCESS CONTRIBUTION REFUNDABLE

Participant contributions in 2012 totaling $30,999 were refunded to certain active participants in 2013 to satisfy the nondisrimination provision of the Plan. These excess deferral contributions were included in corrective distributions in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTE 8 - PLAN TERMINATION

On March 15, 2013, the Plan sponsor passed a resolution to terminate the Plan based on the provisions of ERISA. The Plan was terminated on March 28, 2013 (date of Plan termination), and its net assets were transferred from State Street Bank and Trust Company to Fidelity Management Trust Company. The transfer resulted from the Plan Sponsor being acquired by PCC, and transferring net assets into Precision Castparts Corp. 401(k) Retirement Savings Plan on March 28, 2013.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of collective trust funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

NOTE 10 - TAX STATUS

The Plan utilizes a prototype non-standardized plan provided by ADP Retirement Services, Inc. ("ADP"). The Internal Revenue Service informed ADP by a letter dated March 31, 2008 that the form of this Plan is acceptable under section 401 of the IRC for use by employers for the benefit of its employees. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 28, 2013 (date of Plan termination) and December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

As of March 28, 2013 (date of Plan termination) and December 31, 2012, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 12 - CONCENTRATION OF MARKET AND CREDIT RISK

The Plan's exposure to credit loss in the event of nonperformance of investments was limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk was dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences.

NOTE 13 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January 15, 2014, the date the financial statements were available to be issued.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked "yes":

For a description of indirect compensation received by service providers listed on Line 2 that was disclosed as a formula, please see Line 3(e). Re: Dickso n Testing Company, Inc. 401k Profit Sharing Plan

Dear Sir or Madam,

It recently came to our attention that our Form 5500 submission on January 15, 2014 failed to complete. It seems this was due to the 2012 form being used erroneously for a 2013 plan year. ADP, our administrator, has corrected the problem with the form. We also found that the original file of our Plan audit for 2013 was password protected, so we have corrected this also.

We apologize for this administrative oversight and respectfully resubmit the final 5500 for this Retirement Plan.

Sincerely,

Jim Edwards
