Notes to Financial Statements December 31, 2013 and 2012

#### **NOTE 1 - PLAN DESCRIPTION**

The following description of the Larson Fruit Company 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description.

#### General

The Plan is a defined contribution Plan established on January 1, 1999 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to all employees of Larson Fruit Company (the Company). Employees of the Company become eligible to enter the Plan, make employee 401(k) contributions and receive matching contributions after they have completed 1 year of service and attained the age of 21.

#### **Contributions**

Both the Company and Plan participants may make contributions to the Plan.

A participant may make voluntary contributions by payroll deduction, which is limited under Section 402(g) of the Internal Revenue Code. The Company makes a matching contribution of 50% of the first 4% of a participant's contribution to a maximum of 2% of the participant's compensation. The employer may elect to make an additional profit sharing contribution.

#### Participant accounts

Each participant's account is credited with the participant's voluntary contribution and the Company matching contribution. The Plan allows each participant to direct the investment of the assets in their individual account. The gains or losses for each participant account are a result of the performance of the funds selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All accounts are valued on a daily basis.

#### Vesting

Participants are immediately vested in their voluntary contributions plus related earnings thereon. Vesting on Company matching contributions is based on years of continuous service. A participant is 0% vested the first two years then 20% vested per year thereafter. A participant is 100% vested after six years of credited service. Additionally, participant accounts become fully vested upon reaching retirement age, retirement due to total or permanent disability, or upon death.

#### Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive, at a date specified by the participant, a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants are not required to receive distributions until age 70-1/2. In the event of termination for any reason, a participant with a balance of less than \$1,000 will receive a single lump-sum distribution. Benefits are recorded when paid.

#### Participant loans

Participant loans are not permitted per the Plan.

Notes to Financial Statements December 31, 2013 and 2012

#### **NOTE 1 - PLAN DESCRIPTION - CONTINUED**

#### Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become 100% vested in their accounts.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Date of management review

Subsequent events have been evaluated through July 28, 2014 which is the date the financial statements were available to be issued.

#### **Basis of accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

#### Uses of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### Investment valuation and income recognition

All investments in the Plan are stated at fair value as determined by quoted market prices supplied by the Plan trustee. The net appreciation (depreciation) in fair value of investments is the realized gain or loss on disposition of investments plus the unrealized increase or decrease in the fair value of investments held from the beginning of the Plan year or date of purchase, whichever is later. Security transactions are recorded as of the trade dates. Dividends are recorded on the ex-dividend date.

#### **Directed investment**

The Plan allows for investment direction by individual participants. Investments may be allocated to various mutual funds. There are no restrictions on participants' allocations among these funds.

## **Administration expenses**

The Plan sponsor absorbs certain Plan administration and audit fees.

#### NOTE 3 - TAX STATUS OF THE PLAN

The Plan has obtained a determination letter in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. As such, no provision has been made for income taxes.

The Plan's informational tax returns are subject to possible examination by the taxing authorities until the expiration of the statue of limitations on those tax returns; generally three years.

Notes to Financial Statements December 31, 2013 and 2012

#### NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements and supplemental information were prepared in part or entirely from information certified by the Trustee, Benefit Trust Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$1,807,268 and \$1,440,683 at December 31, 2013 and 2012, respectively and related investment income of \$290,856 for the year ended December 31, 2013.

#### **NOTE 5 - PLAN INVESTMENTS**

Plan investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2013 and 2012 are as follows:

	2013	<u>2012</u>
Pimco Total Return Institutional Fund	\$ 111,540	\$ 118,852
Vanguard Bond Index Intermediate Term	N/A	\$ 121,778
Federated Prime Value Obligation	\$ 118,204	\$ 120,392
T. Rowe Price Mid Cap Growth Fund	\$ 138,739	\$ 78,917
Vanguard Group 500 Index Signal	\$ 268,067	\$ 188,576
Vanguard Group Mid Cap Index	\$ 316,732	\$ 223,672

#### NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements December 31, 2013 and 2012

#### NOTE 7 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

# Fair Value Measurements Using:

December 31, 2013	<u>F</u>	'air Value	] M	oted Prices In Active Iarkets for Identical Assets (Level 1)	Un	ignificant observable Inputs (Level 3)

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan.

#### Level 1 Fair Value Measurements

The fair value of shares of registered investment companies are based on quoted net asset values of the shares held by the Plan at year-end.

Notes to Financial Statements December 31, 2013 and 2012

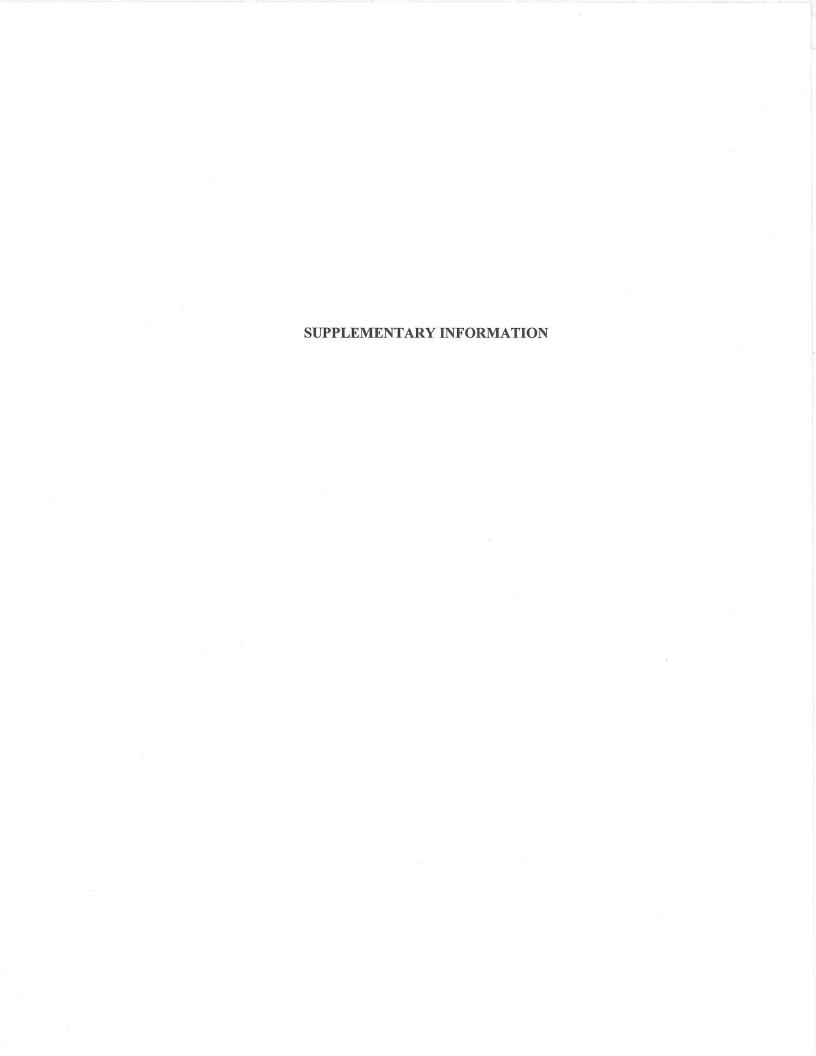

### NOTE 7 – FAIR VALUE MEASUREMENTS - CONTINUED

#### Level 3 Fair Value Measurements

Common/collective trust investments are comprised of shares of a stable value fund. A stable value fund is a collection of various investments with a bank or insurance company "wrap" contract that provides a more stable value to investors. They are only available to tax-deferred savings plans. The fair market value is determined by the value of the underlying assets as well as the terms of the wrap contract.
