PROFIT SHARING AND 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

1. PLAN DESCRIPTION

The following description of Silberline Manufacturing Co., Inc. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan which was established for the benefit of all eligible nonunion employees of Silberline Manufacturing Co., Inc. (the "Company") who are not members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

The Company, at its discretion, may make a contribution to the Plan. This contribution is allocated to eligible participants as outlined in the Plan's provisions. No contributions were made in 2013 or 2012. Participants in the Plan may contribute up to 6% of pretax compensation, as defined. The Company contributed \$1.00 for each \$1.00 of participant's elective deferral contributions up to 3% of the participant's compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to January 1, 1987, participants were permitted to make individual retirement program (IRP) contributions to the Plan. These employee contributions were permitted to remain invested in the Plan. Participants direct all contributions into various investment options offered by the Plan. The Plan currently offers fifteen funds managed by Diversified Investment Advisors. In addition, active participants may elect that in lieu of the entire contribution on his or her behalf being credited to their participant account, a portion of such contribution shall be applied to the purchase of a life insurance policy or policies on his or her life. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are always 100% vested in their contributions, prior employee contributions, prior IRP contributions and rollover contributions. Vesting in the Company's matching contribution portion of their accounts is based on years of credited service, with 100% vesting after three years of credited service. Vesting in the Company's discretionary contribution portion of their account is based on years of credited service, with 100% vesting after five years of credited service.

PAYMENT OF BENEFITS

A participant is eligible to receive a distribution of his or her vested account on separation of service with the Company. Benefits may be paid in the form of cash, an annuity, or a combination of these. Benefits will be paid to a married participant in the form of a joint and survivor annuity unless the participant and their spouse elect otherwise. Any distribution due to a participant from his or her life insurance policy shall be made in accordance with the Plan's terms and conditions. The Plan permits in-service withdrawals of the value of employee elective deferred contributions, prior IRP contributions and nonelective employer contributions by eligible participants subject to the Plan's provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING METHOD

The accounts of the Plan are maintained, and the accompanying financial statements are prepared, on the modified cash basis. Investment income and contributions are recognized when received and disbursements are recognized when made. Additionally, investments are reported at fair value.

FASB Codification regarding fully benefit-responsive investment contracts held by a defined-contribution plan requires that they are reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. As determined by the custodian, State Street Bank and Trust, contract value approximates fair value; therefore, there was no adjustment for 2013 and 2012.

USE OF ESTIMATES

The preparation of financial statements in conformity with modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in common/collective trusts and mutual funds are stated at fair value as determined by State Street Bank and Trust Company, the custodian, based on quoted prices of the underlying net assets of the accounts. Life insurance policies are valued at fair value based on the amount the insurance company would pay upon the surrender of such policy in accordance with its usual rules and practices.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

FORFEITED ACCOUNTS

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures can be used to reduce future employer contributions or to pay Plan expenses and totaled \$16,428 at December 31, 2013 and \$50,206 at December 31, 2012. \$41,909 in forfeitures were used in 2013 to reduce employer contributions.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to the Statement of Net Assets Available for Benefits date through the time that these financial statements were available to be issued on July 16, 2014. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Statement of Net Assets Available for Benefits date but prior to July 16, 2014 that would require recognition or disclosure in its financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SILBERLINE MANUFACTURING CO., INC.
PROFIT SHARING AND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Interest bearing cash is valued at cost, which approximates fair value. Life insurance policies are valued at cash surrender value, which approximates fair value.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

	<u>Investment Contract</u>

PROFIT SHARING AND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

4. ADMINISTRATION OF PLAN ASSETS

The Custodian holds the Plan's assets. Contributions are held and managed by the Custodian, who invests cash received and investment income and makes distributions. Administrative expenses for the Custodian's fees are paid by the Plan.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

5. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Stable Pooled Fund	\$5,197,413	\$5,517,670
T Rowe Price Growth Stock Fund	2,153,969	1,731,621
Transamerica Financial Stock Index Fund	1,549,452	1,645,664
Dodge & Cox Income Fund	1,162,521	1,530,086

During 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value as follows:

Mutual funds	\$1,882,924
Common/collective trust	<u>66,819</u>
Net appreciation	<u>\$1,949,743</u>

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan obtained its latest determination letter on July 20, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal revenue Code.

8. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2013 and 2012. Accordingly, State Street Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2013 and 2012 and the supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2013, and the related investment activity reported in the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2013 and 2012.
