1. PLAN DESCRIPTION

The following description of Silberline Manufacturing Co., Inc. Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution money purchase pension plan covering substantially all employees of Silberline Manufacturing Co., Inc. (the "Company") who have completed one year of service and are a member of the collective bargaining unit represented by Aluminum, Brick and Glass Workers International Union AFL-CIO CLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants in the plan may contribute up to 10% of after-tax compensation, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to January 1, 1987, participants were permitted to make individual retirement program ("IRP") contributions to the Plan. These employee contributions were permitted to remain invested in the Plan. The Company makes a contribution on behalf of each eligible participant determined in accordance with the collective bargaining agreement in effect. The Company contributed $1.72 for each hour worked by the participants for the period January 1, 2013 through September 30, 2013 and effective October 1, 2013, the Company's monthly contribution increased to $1.75 for each hour worked. The Company is also required to make a contribution to the Plan equal to ½ of the excess of 5,000,000 pounds of aluminum pigment processed and sold in the Lansford and Hometown, Pennsylvania and Decatur, Indiana plants multiplied by $.015. This contribution amounted to $27,257 in 2013 and $40,017 in 2012 and is allocated to eligible participants based on a formula specified in the Plan's provisions. Participants direct all contributions into various investment options offered by the Plan. The Plan currently offers a collective/common trust and 15 mutual funds as investment options for participants. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are always 100% vested in their employee contributions, IRP contributions and rollover contributions. Vesting in the Company's contribution portion of their accounts is based on years of credited service and a graded vesting schedule, with 100% vesting after seven years of credited service.

PAYMENT OF BENEFITS

A participant is eligible to receive a distribution of their vested account on separation of service with the Company. Benefits may be paid in the form of cash, an annuity, or a combination of these. Benefits will be paid to a married participant in the form of a joint and survivor annuity unless the participant and their spouse elect otherwise. The Plan permits in-service withdrawals of employee contributions and prior IRP contributions by eligible participants subject to the Plan's provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

FASB Codification Section 965-325-35 states that fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

As determined by the custodian, State Street Bank and Trust, contract value approximates fair value; therefore, there was no adjustment for 2013 and 2012.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INVESTMENT VALUATION

Investments in common/collective trusts and mutual funds are stated at fair value as determined by State Street Bank and Trust Company (the "Custodian") based on quoted prices of the underlying net assets of the accounts.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

FORFEITED ACCOUNTS

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Forfeited nonvested accounts totaled $16,964 and $31,889 at December 31, 2013 and 2012, respectively. In 2013 $20,000 of forfeitures were used to reduce employer contributions, during 2012 there were no forfeitures used to reduce employer contributions.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to the Statement of Net Assets Available for Benefits date through the time that these financial statements were available to be issued on July 7, 2014. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Statement of Net Assets Available for Benefits date but prior to July 7, 2014 that would require recognition or disclosure in its financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using	
December 31, 2013	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Investment contract with insurance company	$ 5,737,623	$ -	$5,737,623
Interest bearing cash	16,964	16,964	
Mutual Funds	8,773,193	8,773,193	-
Total	$14,527,780	$8,790,157	$5,737,623

December 31, 2012			
Investment contract with insurance company	$ 5,921,821	$ -	$5,921,821
Interest bearing cash	31,888	31,888	
Mutual Funds	7,110,314	7,110,314	-
Total	$13,064,023	$7,142,202	$5,921,821

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Interest bearing cash is valued at cost, which approximates fair value.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. The following table provides further details of the Level 3 fair value measurements.

December 31, 2013	Investment Contract
Beginning balance	$5,929,821
Purchases, sales, issuances, settlements (net)	(192,198)
Ending balance	$5,737,623

December 31, 2012

Beginning balance	$5,984,232
Purchases, sales, issuances, settlements (net)	(62,411)
Ending balance	$5,921,821

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

4. ADMINISTRATION OF PLAN ASSETS

The Custodian holds the Plan's assets. Contributions are held and managed by the Custodian, who invests cash received and investment income and makes distributions. Administrative expenses for the Custodian's fees are paid by the Plan.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

5. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Stable Pooled Fund	$5,737,623	$5,921,821
Transamerica Institutional Stock Index Fund	2,662,170	2,159,725
T Rowe Price Growth Stock Fund	1,772,049	1,354,377
Dodge & Cox Income Fund	902,237	1,133,817

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trust	$5,737,623
Mutual funds	(3,866,159)
Net appreciation	$1,871,464

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan obtained its latest determination on April 4, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2013 and 2012. Accordingly, the Custodians have certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2013 and 2012 and the supplemental schedule of assets (held at end of year) as of December 31, 2013, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
