INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Tillinghast-Towers, Perrin, Forster & Crosby, Inc.
Money Purchase Pension Plan

We have audited the accompanying financial statements of Tillinghast-Towers, Perrin, Forster & Crosby, Inc. Money Purchase Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Tillinghast-Towers, Perrin, Forster & Crosby, Inc. Money Purchase Pension Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF THE PLAN

The following description of Tillinghast-Towers, Perrin, Forster & Crosby, Inc. Money Purchase Pension Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General — The Plan Sponsor is Towers Watson Pennsylvania, Inc. (“TWPA” or the “Plan Sponsor”) which is a wholly-owned subsidiary of Towers Watson & Co. (the “Company” or “Towers Watson”).

The investment assets of the Plan are combined with those of the Towers Watson Savings Plan for U.S. Employees (“Savings Plan”), another plan sponsored by the TWPA, and are invested in the Towers Watson Savings Plan Trust (the “Master Trust”) (see Note 3).

The Plan is a noncontributory defined contribution plan available to certain employees of TWPA. The Benefit Plans Administration Committee of the Board of Directors of Towers Watson, controls and manages the operations of the Plan. J.P. Morgan Chase Bank, N.A. (“J.P. Morgan” or “the trustee”) serves as trustee of the Plan and Master Trust as well as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Payment of Benefits — Upon termination of employment, participants may elect to receive the balance in their accounts in a single lump sum either at that time or at a later date or in installments. Participant distributions are made net of applicable taxes. If a participant is terminated from the Company and has not reached age 69-1/2, then the participant’s vested balance will be transferred into an individual retirement account selected by the Plan Sponsor, if the participant does not make a distribution election and their account balance exceeds \$1,000 but not \$5,000. Benefit payments to participants are recorded when paid.

Administrative Expenses — Under the Plan document, the Master Trust bears all investment management expenses, trustee fees and other fees incidental to the management of the Master Trust. Allocated fees are included as a component of the Plan interest in the Towers Watson Savings Plan Trust in the accompanying statement of changes in net assets available for benefits. Certain miscellaneous expenses incurred by the Plan are paid for by the Company, as allowed by the Plan document.

Plan Termination — Effective June 30, 1986, participation in the Plan was frozen and participants became fully vested to the extent of their account balances. Employer and employee contributions have been discontinued and there are no minimum funding requirements. Although Towers Watson has not expressed any intent to terminate the Plan, it may do so at any time. Upon termination of the Plan, the rights of all affected participants to their account balances shall remain fully vested and non-forfeitable.

Participant Accounts — Each participant’s account is credited for allocations of the Plan net earnings, and charged with withdrawals and an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition — Investments are stated at fair value. The Plan follows the guidance of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”), which establishes a framework for measuring fair value.

See Note 4 for a discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

3. INTEREST IN THE MASTER TRUST

The assets of the Plan are combined with those of the Savings Plan and are invested in the Master Trust. At December 31, 2013 and 2012, the Plan’s interest in the net assets of the Master Trust was approximately 0.43% and 0.54%, respectively.

The Master Trust was established to invest and manage the assets of the Plan and the assets of the Savings Plan. The trustee of the Master Trust is responsible for the safekeeping of the Plans’ assets together with income or losses and is responsible for making disbursements to participants on behalf of participating plans, as instructed. Investment decisions are made by investment advisors appointed by the Benefit Plans Administration Committee specifically for that purpose. Expenses incurred by the trustee and investment advisors in the performance of their duties under these agreements, including fees for their services, are paid by the Master Trust.

The following table presents the net assets of the Master Trust:

	December 31,	
	2013	2012

Vanguard Extended Market Index Institutional Plus Fund	170,119,744	128,642,669

4. FAIR VALUE MEASUREMENTS

The Plan follows the guidance of ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability; and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used.

Short-Term Investments, Commingled Trust Funds and certain Mutual Funds — Valued at the net asset value of shares held by the Plan at year end. The investment manager determines the net asset values of shares by reference to the quoted market prices of the underlying investments held in the portfolio and by reference to the closing market price of the underlying investment held in the fund.

Government Securities — Held through the self-directed brokerage account. Valued at the closing price reported in the active market in which the individual security is traded. Other government securities are valued based on yields currently available for comparable securities of issues with similar credit ratings.

Common and Preferred Stock and Exchange-Traded Mutual Funds — Held through the self-directed brokerage account. Valued at the closing price reported in the active market in which the common stock, preferred stock or exchange-traded mutual fund is traded.

Corporate Debt — Valued based on yields currently available on comparable securities of issuers with similar credit ratings. The corporate debt investments classified as level 3 have been put on a trading freeze by regulators. The corporate debt investment classified as level 1 within the self-directed brokerage account has been valued at the closing price reported in the active market in which the bond is traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan and Master Trust believe its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by nature, risk and level within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

* The Plan's interest in the net assets of the Master Trust at December 31, 2013 and 2012, was approximately 0.43% and 0.54%, respectively.

(a) The balance is composed entirely of the SSgA Global All Cap Equity Ex-U.S. Index Fund, which is composed of international equity securities and seeks to approximate the return of the Morgan Stanley Capital International Europe Australasia, Far East Index ("MSCI EAFE") Index over the long term. Fair value is based on the calculated net asset value of shares held by the Plan as reported by the sponsor of the funds. This fund trades daily based on its calculated net asset value. There are no redemption restrictions on this fund and no unfunded commitments.

(b) This category is composed of four funds. Fair value is based on the calculated net asset value of shares held by the Plan as reported by the sponsor of the funds. These funds trade daily based on their calculated net asset value. There are no redemption restrictions on these funds and no unfunded commitments. The fair value of each fund at December 31, 2013 and a description of each fund strategy are as follows:

1. Loomis, Sales — Core Plus Fixed Income Commingled Fund (\$4,480,671) — comprised mainly of investment-grade securities, the fund seeks high total investment return through a combination of current income and capital appreciation.

2. Prudential Fixed Income — Core Fixed Income Commingled Fund (\$4,462,933) — invests primarily in investment grade fixed income securities and seeks an excess return over the Barclays Capital U.S. Aggregate Bond Index or similar benchmark.
 3. Pyramis Global Advisors — Core Plus Commingled Fund (\$4,469,136) — invests in investment grade and five extended sectors of fixed income securities and seeks an excess return over the Barclays Capital U.S. Aggregate Bond Index.
 4. SSgA U.S. Bond Index Fund (\$1,710,367) — seeks a return that approximates the Barclays Capital U.S. Aggregate Bond Index.
- (c) Blackrock U.S. Treasury Inflation Protected Securities Fund — seeks to maximize real return consistent with preservation of real capital and prudent investment management by investing primarily in inflation-indexed bonds of varying maturities. The fund also invests in U.S. Treasury bills, notes and obligations guaranteed by the U.S. Treasury, and seeks as high a level of current income as is consistent with liquidity and stability of principal. Fair value is based on the calculated net asset value of shares held by the Plan as reported by the sponsor of the funds. This fund trades daily based on its calculated net asset value. There are no redemption restrictions on this fund and no unfunded commitments.
- (d) This category is composed of two funds. Fair value is based on the calculated net asset value of shares held by the Plan as reported by the sponsor of the funds. The fair value of each fund at December 31, 2013, a description of each fund strategy and any redemption restrictions are as follows:
1. Baillie Gifford — The International Equity Fund (Privately Registered) (\$8,062,017) — seeks to maximize investment return through investment in equity securities in various economic sectors in the U.S. This fund trades on any day on which the New York Stock Exchange is open for unrestricted trading and trades based on its calculated net asset value. Redemption notification of 5 days is required for this fund. There were no unfunded commitments.
 2. SSgA Russell All Cap Index Fund (\$4,968,638) — seeks an investment return that approximates as closely as practicable the performance of the Russell 3000 Index over the long term. This fund trades daily based on its calculated net asset value. There are no redemption restrictions on this fund and no unfunded commitments.
- (e) See Note 6 for exempt party-in-interest transactions disclosures regarding the Master Trust's holdings of Towers Watson common stock.
- (f) The strategy of the short-term investment funds is to invest in high-quality, short-term securities. There are no redemption restrictions on these funds and no unfunded commitments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. As presented above for the year ended December 31, 2012, certain assets were transferred from level 2 to level 3 at the beginning of the plan year due to certain trading restrictions placed on these assets. There were no other significant transfers between levels 1, 2 or 3 in the year ended December 31, 2013.

5. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated October 12, 2011, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by

the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2013 and 2012, certain Master Trust investments were held in funds managed by the Trustee or by investment managers responsible for managing the Master Trust's investment portfolio. Transactions with the trustee, investment managers and recordkeeper qualify as party-in-interest transactions. Allocated fees are included as a component of the Plan interest in the Towers Watson Savings Plan Trust in the accompanying statement of changes in net assets available for benefits.

Through the self-directed brokerage account, the Master Trust held 52,566 and 57,407 shares, respectively, of common stock of the Company, the sponsoring employer, during the years ended December 31, 2013 and 2012. These shares had a cost basis of \$1,035,270 and \$191,121, respectively, at December 31, 2013 and 2012. There was no dividend income during the year ended December 31, 2013. These holdings were acquired completely at the discretion of Plan participants or participants of the TNW plan and the Company does not direct, recommend or otherwise solicit the acquisition of Company stock as part of the Plan's investment options.

7. RISKS AND UNCERTAINTIES

The Master Trust invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENTS

For the year ended December 31, 2013, subsequent events were evaluated through July 25, 2014, the date the financial statements were issued.
