Notes to Financial Statements

1. Description of Plan:

The following description of Birdair, Inc. Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:

The Plan is a defined contribution plan covering substantially all employees of Birdair, Inc. (the Sponsor) who have met the appropriate eligibility requirements based upon their date of hire. Temporary employees, non-supervisory construction workers, employees covered by a collective bargaining agreement, non-resident aliens who received no earned income from the Sponsor, and Japanese expatriates covered by a retirement plan maintained by Taiyo Kogyo Corp. are not covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions:

Participants may elect to contribute up to 100% of their annual compensation to the Plan each year, subject to limitations. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Sponsor matches an amount equal to 16.7% of the participant's deferral contribution, up to 12% of the participant's eligible compensation. In addition, discretionary contributions may be made by the Board of Directors of the Sponsor. The Sponsor made a discretionary contribution of 3% of gross wages to all eligible participants for the fiscal year ended October 31, 2013.

C. Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting:

Participants are immediately vested in their salary deferral and rollover contribution accounts, and actual earnings thereon. Vesting in employer contributions and actual earnings thereon is based on years of service, with participants becoming fully vested after five years of credited service.

E. Investment Options:

A participant may direct contributions into a variety of mutual funds and common/collective trust accounts offered by State Street Bank and Trust Company (State Street).

F. Notes Receivable From Participants:

In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with current bank interest rates determined by the Plan administrator.

G. Payment of Benefits:

Upon termination of service, a participant may elect to receive a distribution of his or her vested account balance through an annuity, a lump-sum distribution, installment payments over various lengths of time, a "cash-out" as defined by the Plan agreement, or a direct rollover. Hardship withdrawals as defined by the Internal Revenue Code are available provided all Plan requirements have been met and after all eligible participant loans have been exhausted. If a hardship withdrawal is made, a participant's eligibility to make contributions to the Plan is suspended for six months.

H. Forfeited Accounts:

Forfeited nonvested accounts totaled $9,958 and $28,699 at October 31, 2013 and 2012. These amounts are used to reduce future employer contributions. In 2013, employer contributions were reduced by $30,942 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Inputs to the valuation methodology for mutual funds are unadjusted quoted prices for identical assets in active markets. Inputs to the valuation methodology for the common/collective trust are other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, and credit risk). The fair value of the common/collective trust is based on the aggregate fair values of the underlying investments in mutual funds and bond trusts.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Expenses:

Certain accounting and administrative expenses are paid by the Sponsor. Expenses relating to investment activity are paid by the Plan.

Benefit Payments:

Benefits are recorded when paid.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through June 26, 2014 (the date the financial statements were available to be issued).

4. Financial Information Certified by the Trustees:

In accordance with Department of Labor Regulation 2520.103-8, the plan administrator has obtained a certified "Statement of Account" from State Street Bank and Trust Company for the years ended October 31, 2013 and 2012 that the information summarized below is complete and accurate:

- Statements of Net Assets Available for Benefits – Investments and notes receivable from participants.
- Statement of Changes in Net Assets Available for Benefits – Investment income.
- Supplemental Schedule of Assets Held (At End of Year) - all items and amounts.

5. Plan Termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to amend or terminate the Plan at any time. In the event of Plan termination or employer contributions are discontinued, all of the assets of the Plan will be distributed to participants based upon amounts outstanding to their credit as of the date of the liquidation.

6. Tax Status:

The Internal Revenue Service has issued a favorable determination letter regarding the tax-exempt status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is no longer subject to examination by Federal and State taxing authorities for years prior to 2010.

7. Risks and Uncertainties:

The Plan provides for various participant directed investment options in any combination of mutual funds and a common/collective trust offered by State Street. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in investment values will occur in the near term and could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
