Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2013 and 2012 and for the years then ended that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedule of Assets Held for Investment Purposes at End of Year – December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express and opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Fisher Associates, P.E., L.S., P.C. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Fisher Associates, P.E., L.S., L.A., P.C. (the "Company") who meet the eligibility requirements defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant Requirements

All employees of the Company will become eligible to make his or her own contributions (elective deferrals) to the Plan on their date of hire.

All employees, except union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of a good faith bargaining, are eligible to receive employer profit sharing contributions. An eligible employee shall be entitled to share in employer profit sharing contributions, if any, on January 1st or July 1st of the year following when the employee completes one year of service and attains eighteen years of age.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed maximum limits established by the IRS. The Company may, at its discretion, contribute and allocate to eligible Participants' accounts a discretionary amount as determined by the Company. The profit sharing contributions totaled $135,931 and $130,727 for December 31, 2013 and 2012, respectively.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Employer contributions vest 20% per year beginning with the completion of two years of service. Participants are 100% vested after six years of service.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings or losses. Participants direct all investment contributions into various investment options offered by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Participant notes receivable

Participant notes receivable are measured and valued at their unpaid principal balance plus any accrued but unpaid interest.

Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of $50,000 and minimum amount of $1,000. Loan terms may not exceed five years unless the loan is for the purchase of a principal residence, in which case the Administrator can permit a longer repayment term. The Administrator will also determine a reasonable rate of interest for all loans from the Plan by reviewing similar loans by other lenders. Principal and interest payments are generally made through payroll withholdings.

Payment of benefits

Upon retirement, death or disability, a participant's entire vested account balance will be distributed in the form of a lump-sum or substantially equal payments. In addition, lump-sum distributions may be made, with participant consent, upon separation from service or participant's attainment of age 59 ½. On separation of service, a participant may request early payment of benefits or defer receipt of a distribution in accordance with Plan provisions. Partial withdrawals or installments are only permitted for required minimum distributions. If the participant's account is $5,000 or less, the Plan will distribute the entire balance as soon as practicable after termination of employment.

Forfeitures

Forfeited amounts are first used to pay administrative expenses of the Plan or used to reduce future Company contributions. Forfeited amounts consist of employer matching contributions for excess contributions refundable. There were unallocated forfeiture balances of $18,416 and $17,548 at December 31, 2013 and 2012, respectively.

Administrative expenses

Administrative expenses incurred by the Plan are paid by the Company.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

As described in generally accepted accounting principles in the United States of America, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by this guidance, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Quoted market prices are generally used to value investments. If quoted market prices are not available, fair value is determined based on other relevant factors, including dealer price quotations, price activity for equivalent instruments and valuation pricing models. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Common/collective trust is valued on the basis of the relative interest of each participating investor (including each participant) in the fair value of the underlying net assets of the common/collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are included in the net appreciation of investments. Historical cost is used to determine the net appreciation of investments, as reported by the Plan's custodian.

Payment of benefits

Benefits paid to participants are recorded when paid.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through July 29, 2014, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INVESTMENTS

The following table presents the fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

	December 31,	
	2013	2012
Buffalo Growth	$ 1,431,682	$ 1,136,078
Cambiar Small Cap Inv	579,180	432,614
Nationwide Inv Dest Mod Agrsv Svc	666,394	449,083
Victory Fund For Income A	556,591	625,038
Oppenheimer Global Opportunities Fund	503,615	403,328
Janus Flexible Bond S	732,987	816,878

During 2013 and 2012, the Plan's investments, including investments bought, sold and held during the year appreciated in value by $1,473,373 and $763,381, respectively. Also included in this number is interest and dividends which is immaterial to the financial statements as a whole.

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money market accounts: Valued on the basis of quoted market prices for shares held by the Plan at year end.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Indexed Fixed Contract Fund: Valued at book value less any contingent deferred sales charge. This contract does not have a contingent deferred sales charge at December 31, 2013 and 2012.

Common/Collective Trust: Valued on the basis of the relative interest of each participating investor (including each participant) in the fair value of the underlying net assets of the common/collective trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

The following disclosures are required by generally accepted accounting principles in the United States of America:

Indexed Fixed Contract

The Short Term Indexed Fixed Contract is a guaranteed return contract with a quarterly interest rate guarantee that is based upon the three-month Treasury Note yield. The interest earned on this contract can change quarterly if the yield on the three-month Treasury Note index changes. This contract is fully benefit responsive and is reported at fair market value less any contingent deferred sales charge. The Fixed Rate was 0.00% for the period January 1, 2012 through December 31, 2013. The Short Term Indexed Fixed Contract is valued using Level 3 inputs.

Morley Stable Value Fund

The Morley Stable Value Fund is a collective investment trust. At December 31, 2013, the Morley Stable Value Fund invested its assets in a variety of high quality stable value investment contracts as well as cash and cash equivalents. The Morley Stable Value Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. The Plan's interest in the Morley Stable Value Fund is valued using Level 3 inputs. There were no unfunded commitments as of December 31, 2013 and 2012 and there is no waiting period or other significant restrictions on redemptions from the Morley Stable Value Fund. The total return of the fund based on the value of a single unit of participation outstanding throughout the year was 1.27% and 1.62% for the years ended December 31, 2013 and 2012, respectively. The blended net crediting rate based on weighted average crediting rate of all investment contracts and short term income at year end was 1.17% and 1.42% for the years ended December 31, 2013 and 2012, respectively.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

Sales	-	-
Balance at December 31, 2013	$ 34,259	$ 35,595

Gains and losses (realized and unrealized included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE E: FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by the custodian and furnished to the Plan Administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate:

	December 31,	
	2013	2012
Investments, at fair value	$ 9,299,787	$ 7,403,666
Net appreciation in fair value of investments - Mutual funds	1,473,830	
Net depreciation in fair value of investments - Index fixed contract	(11)	
Net depreciation in fair value of investments - Common/collective trust	(446)	

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2013, except participant notes receivable.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F: PLAN TERMINATION

The Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE G: TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan is qualified and the related trust exempt from taxation as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE H: PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments funds managed by Nationwide Financial Services, Inc., the custodian of the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

NOTE I: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J: RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The classification of the changes in net assets available for benefits for the year ended December 31, 2013 differs from the financial statements and Form 5500. However, the total changes in net assets for the years then ended agrees between the financial statements and Form 5500.
