GIBSON OVERSEAS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Gibson Overseas, Inc. ("Company") 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one-half of a year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 40% of pretax annual compensation, as defined in the Plan, to the maximum allowed by the Internal Revenue Service. The maximum employee contribution for 2013 is $17,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a matching contribution for an amount not to exceed 100% of the first 10% of the employee's compensation contributed as an elective deferral.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching is based on the years of continuous service. A participant is 100% vested after six years of credit service.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The loans are due within 5 years, except for the purchase or repair of a primary residence.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures
If the employee terminates service prior to being fully vested in the Employer Contribution Accounts, the employee forfeits the amount in which the employee is not vested. Forfeitures will be reallocated to remaining participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting, except for the cash basis recording of benefits paid.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investment and Income Recognition
Investments - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation (depreciation) in fair value of investments.

GIBSON OVERSEAS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Administrative Expenses
All expenses of maintaining the Plan are paid by the Plan.

Subsequent Event
For the year ended December 31, 2013, the Plan has evaluated subsequent events for potential recognition and disclosure through July 30, 2014, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 - Fair value is determined by using quoted prices in active markets for identical investments. Investments included in this category are mutual funds.

Level 2 - Fair value is determined by using other than quoted prices. By using observable inputs (such as similar securities), the fair value is determined through the use of models or other valuation methodologies (such as benchmarking of similar securities and using net asset value per share or its equivalent as a practical expedient to fair value). Investments included in this category are Stable Value Option Investment choices.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Fair value is determined by using other than observable inputs. Fair value is determined by using the best information available in the circumstances and requires significant management judgment or estimation. No investments are included in this category.

Following is a summary of fair value measurements for investments as of December 31, 2013 and 2012 (Compiled):

NOTE 4 – INVESTMENTS CONTRACT WITH INSURANCE COMPANY

The Plan has a contract with Transamerica Life Insurance Company ("Transamerica"). The Stable Value Option investment choice of Transamerica's investment contract is fully benefit-responsive and is reported at fair value in the statements of net assets available for plan benefits. Any material difference between the fair value of the investment and its contract value is to be presented as a separate adjustment line attributable to fully benefit-responsive investment contracts in the statements of net assets available for plan benefits. The contract value represent principal contributions made by participants, plus accrued interest, less participant withdrawals and administrative expenses. The investment custodian has determined that the contract value of the Plan's fully benefit-responsive investment contract as of December 31, 2013 and 2012 approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value.

Assets held in Stable Value Option investment choices are commingled with assets in general account. The average yields based on actual income were approximately 1.45% and 1.75%, respectively on December 31, 2013 and 2012. The average yields based on interest rates credited to participants were approximately 1.14% and 1.80%, respectively, on December 31, 2013 and 2012. The effective credited interest rate is declared on semi-annual basis and effective on the first day of the six month period. The Stable Value Option investment choices are not considered a Guaranteed interest Contract (GIC) and there is no stated minimum or maximum interest rate.

In case of a pending plan termination or contract discontinuance, the surrender value would be different than a contract value. The Plan's administrator does not believe that the occurrence of any such event is probable.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is one of the custodians of the Plan's assets. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's custodian (Transamerica) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the U.S. require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
