Sassetti
CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator of the
Cambridge Brands, Inc. Retirement & Savings Plan
Chicago, Illinois

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cambridge Brands, Inc. Retirement & Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by ING National Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

CAMBRIDGE BRANDS, INC. RETIREMENT & SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Cambridge Brands, Inc. Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Cambridge Brands, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Cambridge Brands, Inc. is a wholly-owned subsidiary of Tootsie Roll Industries, Inc. (the "Parent"). The Plan is commonly managed with the other plans of the Parent. All full-time, permanent employees, as defined in the plan document, are eligible to participate in the Plan immediately upon their date of hire. Eligibility for Company match and discretionary contributions requires completion of one year of service. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions - Each year, participants may contribute up to 100% of annual compensation (salary reduction contributions), on a pre tax or post tax basis, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company is required to match 100% of the first 3% of the participant's compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary contributions on behalf of all eligible employees. During 2013 and 2012, the Company made discretionary contributions in an amount equal to 4% of their annual compensation up to the Social Security taxable wage base and 8% in excess of this base. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2013 and 2012, forfeited nonvested accounts totaled $3,743 and $86, respectively. These accounts can be used to reduce future Company contributions. During the year ended December 31, 2013, no amounts from forfeited nonvested accounts were used to reduce employer contributions.

Participant Loans - Participant loans are not permitted.

Administrative Expenses - The Company has borne substantially all of the Plan's administrative expenses.

1. DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions and earnings thereon vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Participants who leave the Plan because of death, normal retirement, or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments or partial withdrawal. In-service distributions are allowed if the participant has reached age 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition (Continued) - The unallocated insurance contract has imbedded guaranteed investment contracts which are fully benefit responsive. The contract is presented at fair value, which is the amount paid when funds are withdrawn prior to maturity, and is based on current market yield of similar instruments with comparable durations and generally will not be less than the contract's maturity value.

According to generally accepted accounting principles regarding the reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA Employee Benefit Plans Audit Guide, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The reconciliation of fair value to contract value has been presented on the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yields and crediting interest rates for the entire fund was approximately 2.49 and 2.72 percent for the years ended December 31, 2013 and 2012, respectively. These rates also approximate the average yield earned by the entire fund adjusted to reflect the actual interest credited to participants. The crediting rate is subject to a twice a year rate renewal process and is based on a formula agreed upon with the issuer, not to be less than 0.00%.

The ability of the fund to transact at contract value with the issuer can only be limited by termination of the contract, in which case the market (fair) value would apply. Plan administration believes termination of the contract is not probable.

The issuer is allowed to terminate the contract with the fund and settle at an amount different from contract value at any time if required by federal or state law; or if there are any potential or actual adverse financial effects to the contract resulting from any change(s) in plan provisions, the administrative services of the Plan, or investment options offered by the Plan.

Payment of Benefits - Benefits are recorded when paid.

3. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. AMOUNT OWED TO PARTICIPANTS WITHDRAWING FROM THE PLAN

There are no amounts owed to participants who have withdrawn from the Plan as of December 31, 2013 and 2012, that have not been paid and therefore included in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles associated with fair value measurements and disclosure. Generally accepted accounting principles define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1	- quoted prices in active markets for identical assets or liabilities;
Level 2	- inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or
Level 3	- unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

6. FAIR VALUE MEASUREMENTS - CONTINUED

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	December 31, 2013

	$ 5,261,940	$ 7,780,420	$ -	$ 13,042,360

6. FAIR VALUE MEASUREMENTS - CONTINUED

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets. The fair value of fully benefit-responsive investment contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

Effective January 1, 2012, management determined that the assets included in the fully benefit-responsive investment contract are more appropriately categorized as Level 2 based on the nature of the fund and the portfolio investments. The investment contract is a separately managed fund and is insulated from claims arising out of any other business of the issuing insurance company. As of January 1, 2012, a total of $7,302,867 Level 3 assets were transferred to Level 2. There were no assets categorized as Level 3 during the year ended December 31, 2013.

7. INVESTMENTS

The plan provides that participants may elect to have their account balances invested among various funds in the custody of ING National Trust. The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31,

	2013	2012
ING Stable Value Option	$ 7,362,725	$ 7,780,420
Pioneer Fund	1,304,423	950,630
Growth Fund of America	1,269,018	938,285
American Balanced Fund	2,120,129	1,894,187

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table presents the fair value of investments held at December 31, 2013 and 2012 and the investment activity for the year ended December 31, 2013.

	2013	2012
Investments	$ 14,162,119	$ 13,042,360

	Year ended December 31, 2013
Net appreciation in fair value of investments	$ 1,110,897
Interest and dividends	546,290
	$ 1,657,187

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

9. TAX STATUS

The Plan adopted a prototype defined contribution plan and trust sponsored by ING, effective June 1, 2000. The Internal Revenue Service has determined and informed ING on March 31, 2008 that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since ING received the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

9. TAX STATUS - CONTINUED

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring through August 1, 2014, the date that the financial statements were available to be issued for events requiring recording or disclosure in the Plan's financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by ING National Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

CAMBRIDGE BRANDS, INC. RETIREMENT & SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Cambridge Brands, Inc. Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Cambridge Brands, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Cambridge Brands, Inc. is a wholly-owned subsidiary of Tootsie Roll Industries, Inc. (the "Parent"). The Plan is commonly managed with the other plans of the Parent. All full-time, permanent employees, as defined in the plan document, are eligible to participate in the Plan immediately upon their date of hire. Eligibility for Company match and discretionary contributions requires completion of one year of service. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions - Each year, participants may contribute up to 100% of annual compensation (salary reduction contributions), on a pre tax or post tax basis, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company is required to match 100% of the first 3% of the participant's compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary contributions on behalf of all eligible employees. During 2013 and 2012, the Company made discretionary contributions in an amount equal to 4% of their annual compensation up to the Social Security taxable wage base and 8% in excess of this base. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2013 and 2012, forfeited nonvested accounts totaled $3,743 and $86, respectively. These accounts can be used to reduce future Company contributions. During the year ended December 31, 2013, no amounts from forfeited nonvested accounts were used to reduce employer contributions.

Participant Loans - Participant loans are not permitted.

Administrative Expenses - The Company has borne substantially all of the Plan's administrative expenses.

1. DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions and earnings thereon vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Participants who leave the Plan because of death, normal retirement, or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments or partial withdrawal. In-service distributions are allowed if the participant has reached age 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition (Continued) - The unallocated insurance contract has imbedded guaranteed investment contracts which are fully benefit responsive. The contract is presented at fair value, which is the amount paid when funds are withdrawn prior to maturity, and is based on current market yield of similar instruments with comparable durations and generally will not be less than the contract's maturity value.

According to generally accepted accounting principles regarding the reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA Employee Benefit Plans Audit Guide, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The reconciliation of fair value to contract value has been presented on the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yields and crediting interest rates for the entire fund was approximately 2.49 and 2.72 percent for the years ended December 31, 2013 and 2012, respectively. These rates also approximate the average yield earned by the entire fund adjusted to reflect the actual interest credited to participants. The crediting rate is subject to a twice a year rate renewal process and is based on a formula agreed upon with the issuer, not to be less than 0.00%.

The ability of the fund to transact at contract value with the issuer can only be limited by termination of the contract, in which case the market (fair) value would apply. Plan administration believes termination of the contract is not probable.

The issuer is allowed to terminate the contract with the fund and settle at an amount different from contract value at any time if required by federal or state law; or if there are any potential or actual adverse financial effects to the contract resulting from any change(s) in plan provisions, the administrative services of the Plan, or investment options offered by the Plan.

Payment of Benefits - Benefits are recorded when paid.

3. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. AMOUNT OWED TO PARTICIPANTS WITHDRAWING FROM THE PLAN

There are no amounts owed to participants who have withdrawn from the Plan as of December 31, 2013 and 2012, that have not been paid and therefore included in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles associated with fair value measurements and disclosure. Generally accepted accounting principles define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1	- quoted prices in active markets for identical assets or liabilities;
Level 2	- inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or
Level 3	- unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

6. FAIR VALUE MEASUREMENTS - CONTINUED

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	$ 5,261,940	$ 7,780,420	$ -	$ 13,042,360

6. FAIR VALUE MEASUREMENTS - CONTINUED

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets. The fair value of fully benefit-responsive investment contracts is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

Effective January 1, 2012, management determined that the assets included in the fully benefit-responsive investment contract are more appropriately categorized as Level 2 based on the nature of the fund and the portfolio investments. The investment contract is a separately managed fund and is insulated from claims arising out of any other business of the issuing insurance company. As of January 1, 2012, a total of $7,302,867 Level 3 assets were transferred to Level 2. There were no assets categorized as Level 3 during the year ended December 31, 2013.

7. INVESTMENTS

The plan provides that participants may elect to have their account balances invested among various funds in the custody of ING National Trust. The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31,

	2013	2012
ING Stable Value Option	$ 7,362,725	$ 7,780,420
Pioneer Fund	1,304,423	950,630
Growth Fund of America	1,269,018	938,285
American Balanced Fund	2,120,129	1,894,187

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table presents the fair value of investments held at December 31, 2013 and 2012 and the investment activity for the year ended December 31, 2013.

	2013	2012
Investments	$ 14,162,119	$ 13,042,360

	Year ended December 31, 2013
Net appreciation in fair value of investments	$ 1,110,897
Interest and dividends	546,290
	$ 1,657,187

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

9. TAX STATUS

The Plan adopted a prototype defined contribution plan and trust sponsored by ING, effective June 1, 2000. The Internal Revenue Service has determined and informed ING on March 31, 2008 that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since ING received the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

9. TAX STATUS - CONTINUED

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring through August 1, 2014, the date that the financial statements were available to be issued for events requiring recording or disclosure in the Plan's financial statements.
