INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
AEP Alabama Union Employees' Pension Plan
South Hackensack, NJ

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **AEP Alabama Union Employees' Pension Plan**, which comprise the statements of net assets available for benefits as of October 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended October 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Wells Fargo Bank N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended October 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i -- Schedule of Assets (Held at End of Year) and Schedule H, Line 4j -- Schedule of Reportable Transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS

October 31, 2012 and 2011

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the **AEP Alabama Union Employees' Pension Plan** (the "Plan") is provided only for general information. Participants should refer to the plan document for more complete information.

1. General

The Plan is a noncontributory defined benefit pension plan, which was established on November 1, 1988 by Chelsea Industries, Inc. On October 14, 2011 AEP Industries Inc. (the "Employer") purchased the assets and liabilities of Webster Industries, and assumed the responsibility for being the plan administrator of the Webster Alabama Union Employees' Pension Plan, and subsequently changed the name of the Plan to the AEP Alabama Union Employees' Pension Plan.

An employee at the Employer's Montgomery, Alabama facility receiving hourly remuneration and who has worked 750 hours during the Plan year or during the 12 months subsequent to the date of hire is eligible to participate in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Plan Administrator

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan.

3. Funding Policy

The Employer makes annual contributions to the Plan in amounts required to provide the benefits under the Plan determined by the application of accepted actuarial methods and assumptions, as calculated by an enrolled actuary using the aggregate cost method. The Employer's contributions to the Plan are designed to annually fund current service costs, and to fund prior service costs, over approximately 30 years. The Employer's contribution for the years ended October 31, 2012 and 2011 totaled \$312,640 and \$219,441, respectively.

NOTE A - DESCRIPTION OF THE PLAN - Continued

4. Pension Benefits

Plan participants receive a monthly pension benefit equal to \$4.90 per month for service credited on or before October 31, 1991, \$6.00 per month for service credited between November 1, 1991 and October 31, 2001, \$9.00 per month for service credited after October 31, 2001, and \$10.00 per month for service credited after October 31, 2008, multiplied by the years of service, not to exceed 30 years, reduced by the monthly benefit payable from the prior multiemployer plan for any period during which the Employer made contributions on behalf of the employee.

The normal form of benefit payment is a life annuity guaranteed for three years; however, optional forms of payment include lump sum, life annuity, life annuity guaranteed for ten years and joint and survivor annuity as the participant or beneficiary may elect.

The Plan permits early retirement upon attainment of age 55 and completion of at least ten years of vested service. Benefits are determined in the same manner as normal retirement and are reduced by the appropriate early retirement factor, as defined in the Plan Document.

5. Death Benefits

If an active employee entitled to a vested benefit dies, a death benefit equal to the vested pension benefit, as adjusted for joint and survivor benefits, will become payable to the employee's spouse any time after the deceased participant's early retirement date.

6. Vesting

A participant's vested interest is based on years of continuous service. A participant is 100% vested in his/her benefits after five years of service with the Employer. One year of service for purposes of vesting is reached upon completion of 750 hours of service in a given year.

7. Plan Termination

Although, it has not expressed any intention to do so, the Employer has the right to terminate the Plan.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A - DESCRIPTION OF THE PLAN - Continued

7. Plan Termination - Continued

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five year preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed subsequently).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, a statutory ceiling exists, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2012 that ceiling is \$4,653.41 per month (or \$55,840.92 per year). That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2012 and 2011

NOTE A - DESCRIPTION OF THE PLAN - Continued

7. Plan Termination - Continued

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

4. Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reporting of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

5. Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer. Expenses that are paid directly by the Employer are excluded from the financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the statement of changes in net assets available for benefits.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The Plan's investments are held by Wells Fargo Bank, N.A. ("Wells Fargo"), the Plan's trustee and custodian. Financial information included in the accompanying financial statements and supplemental schedules at October 31, 2012 and 2011, and net appreciation/depreciation in fair values of investments, interest, dividends and other income for the year ended October 31, 2012 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo.

NOTE D - INVESTMENTS

Investments at October 31, 2012 and 2011, which represent 5% or more of Plan net assets, were as follows:

	<u>2012</u>	<u>2011</u>
US Treasury - CPI Inflation Index 2.000% 01/15/2026 DD 01/15/06	\$ 115,490	\$ 104,229
Wells Fargo Short Term Investment Fund G	88,327	-

During the year ended October 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$118,419.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2012 and 2011

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2012 and 2011.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate debt instruments: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE G - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, or (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances- retirement, death, disability, and termination of employment- are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

AEP Alabama Union Employees' Pension Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

October 31, 2012 and 2011

NOTE G - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS - Continued

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Wells Fargo Bank, N.A. and it is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of October 31, 2012 and 2011 were (a) pre and post-retirement mortality (2012 and 2011 Mortality Tables per IRS Regulation 1.412(1)(7)-1 for 2012 and 2011, respectively), (b) retirement age assumptions (assumed retirement age of 65), (c) investment return (assumed rate of return of 8.5% for 2012 and 2011, respectively), and (d) interest discount rate (3.75% and 4.75% for 2012 and 2011, respectively).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Subsequent to the release of the 2011 financial statements (October 9, 2012) Plan management became aware of necessary changes in Plan calculations which related to participant termination and re-employment dates. As a result of such changes, the total actuarial present value of accumulated plan benefits as of October 31, 2011 increased from \$1,640,260 to \$1,756,392. The Statement of Accumulated Plan Benefits has been restated to reflect these changes.

NOTE H - TAX STATUS OF THE PLAN

The Sponsor adopted a prototype plan as of January 31, 2008. The prototype plan received an opinion letter January 31, 2011, in which the IRS stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Sponsor and the administrator believe that the Plan is designed and operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the organization and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subjects to income tax examinations for fiscal years prior to 2009.

NOTE I - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo Bank, N.A., the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

NOTE J - RELATED PARTY TRANSACTIONS

During the Plan year October 31, 2011, the Plan incurred \$6,173 of administrative expenses that were paid by the Chelsea Industries, Inc. Retirement Plan and such expenses were reported as a liability on the "Statement of Net Assets Available for Benefits". During the Plan year ended October 31, 2012, such administrative expenses were repaid by the Plan to the Chelsea Industries, Inc. Retirement Plan.

NOTE K - SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 30, 2013, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the balance sheet date which are necessary to disclose to keep the financial statements from being misleading.
