Report on the Financial Statements

We were engaged to audit the accompanying financial statements of JonesTrading Institutional Services LLC 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5, 6 and 7, which was certified by Prudential Bank and Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1 – Description of plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of JonesTrading Institutional Services LLC ("JTIS", the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor's predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank and Trust FSB, wholly owned subsidiaries of Prudential Financial, Inc. (Prudential) has been contracted to serve as the record-keeper and the trustee of the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation up to the contribution dollar limit that is set by law of $17,500 for 2013. Participants age 50 or older may elect to defer up to $5,500 of additional "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit sharing contributions to the Plan. The discretionary profit sharing contributions are determined annually by the JTIS Pension Committee and are made to groups of participants as defined in the Amended Plan Document. The Plan Sponsor's profit sharing contributions to the Plan amounted to $1,070,263 for the year ended December 31, 2013. Participants may rollover amounts into the Plan from other qualified defined benefit or defined contribution plans. During the year ended December 31, 2013, the plan received $317,924 in rollover contributions.

Participant accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit sharing contributions, and in the actual earnings thereon.

Note 1 – Description of plan, continued

Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. However, the amortization period for a loan to a participant to acquire his or her principal residence may be extended to 30 years. Interest rates on participant loans ranged from 3.25% to 6.00% as of December 31, 2013. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Payments of benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Participant loans

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they incurred.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Note 2 – Summary of significant accounting policies, continued

Payment of benefits

Benefits are recorded when paid.

Investment options

At December 31, 2013, participants may self-direct employee and employer contributions to any of the 35 investment options available under the Plan. The investment options include funds held in insurance company general accounts (the Guaranteed Income Fund), pooled separate accounts that invest in a variety of underlying funds and mutual funds.

Note 3 – Fair value measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Interest in pooled separate accounts: The units of these pooled separate accounts are not actively traded. They are valued based on the aggregate fair value of the underlying assets (Level 2 inputs).

- Interest in registered investment companies: Valued based on quoted market prices (Level 1 inputs). Funds held in insurance company general accounts: The fair values of the investment contract have been determined to approximate contract value, based upon the lack of contractual maturity, the frequency of the re-setting of contractual interest rate to market rate, the credit quality of the issuer, no withdrawal penalties or redemption premiums and the liquidity of the contract (Level 3 inputs).

Note 3 – Fair value measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2013 and 2012:

	Input Type

Total	$22,738,247	$1,772,190	$ 9,411,086	$33,921,523

Note 4 – Administrative expenses

Administrative expenses of $16,357 were paid directly by the Plan for the year ended December 31, 2013.

Note 5 - Information certified by the Trustee and the Record-keeper

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee and the Record-keeper that the following information included in the Plan's financial statements is complete and accurate:

- Investments and participant loans as of December 31, 2013 and 2012, and
- Investment income and investment transactions for the year ended December 31, 2013.

Note 6 – Investment contract with insurance company

The Plan offers a fully benefit-responsive group annuity contract with PRIAC by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Note 6 – Investment contract with insurance company, continued

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, the Plan sponsor believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the Statement of Net Assets Available for Benefits as adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that there is no material difference between contract value and fair value of the contract as of December 31, 2013 and 2012.

The average yield earned by the Plan under the contract for the year ended December 31, 2013 and 2012, was 1.95% and 2.30%, respectively.

Note 7 – Investments

The following represents the cost and fair values of investments representing the Plan's net assets available for benefits as of December 31, 2013 and 2012. Fair values of investments that represent five percent or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012, are identified by an asterisk (*):

Note 8 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds, and a guaranteed income fund managed by Prudential, the Trustee and the Record-keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

Note 9 – Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA.

Note 10 – Income tax

The Plan has received a determination letter from the Internal Revenue Service dated April 23, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Note 10 – Income tax, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2013 are subject to examination by the Internal Revenue Service.

Note 11 – Subsequent event

The Plan evaluates subsequent events until the date the financial statements are issued. There were no subsequent events that required additional adjustments or disclosure to the financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of JonesTrading Institutional Services LLC 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5, 6 and 7, which was certified by Prudential Bank and Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held at Year End as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of plan

The following description of the JonesTrading Institutional Services LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full time employees of JonesTrading Institutional Services LLC ("JTIS", the Plan Sponsor and Plan Administrator). The Plan was established by the Plan Sponsor's predecessor on January 1, 1984 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Prudential Retirement Insurance and Annuity Company ("PRIAC") and Prudential Bank and Trust FSB, wholly owned subsidiaries of Prudential Financial, Inc. (Prudential) has been contracted to serve as the record-keeper and the trustee of the Plan.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation up to the contribution dollar limit that is set by law of $17,500 for 2013. Participants age 50 or older may elect to defer up to $5,500 of additional "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary profit sharing contributions to the Plan. The discretionary profit sharing contributions are determined annually by the JTIS Pension Committee and are made to groups of participants as defined in the Amended Plan Document. The Plan Sponsor's profit sharing contributions to the Plan amounted to $1,070,263 for the year ended December 31, 2013. Participants may rollover amounts into the Plan from other qualified defined benefit or defined contribution plans. During the year ended December 31, 2013, the plan received $317,924 in rollover contributions.

Participant accounts

Participants direct the investment of their individual accounts into various options offered by the Plan. Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Participants' accounts are credited with earnings based on the performance of the investments in their individual accounts.

Vesting

Participants are immediately vested in their salary deferral contributions, the Plan Sponsor's profit sharing contributions, and in the actual earnings thereon.

Note 1 – Description of plan, continued

Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loan terms range from 1 year to a maximum of 5 years. The loans are secured by the balance in the participant's account and bear a reasonable fixed rate of interest to be determined by the Plan Administrator. However, the amortization period for a loan to a participant to acquire his or her principal residence may be extended to 30 years. Interest rates on participant loans ranged from 3.25% to 6.00% as of December 31, 2013. The amount of the loan, plus interest, is amortized over the repayment period. Loans are repaid by payroll deductions or participant payments.

Payments of benefits

Upon termination of service, a participant is entitled to receive, as benefits, a lump sum amount equal to the value of his/her account, distributed in accordance with the Plan.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Participant loans

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they incurred.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Note 2 – Summary of significant accounting policies, continued

Payment of benefits

Benefits are recorded when paid.

Investment options

At December 31, 2013, participants may self-direct employee and employer contributions to any of the 35 investment options available under the Plan. The investment options include funds held in insurance company general accounts (the Guaranteed Income Fund), pooled separate accounts that invest in a variety of underlying funds and mutual funds.

Note 3 – Fair value measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for financial instruments measured at fair value.

- Interest in pooled separate accounts: The units of these pooled separate accounts are not actively traded. They are valued based on the aggregate fair value of the underlying assets (Level 2 inputs).

- Interest in registered investment companies: Valued based on quoted market prices (Level 1 inputs). Funds held in insurance company general accounts: The fair values of the investment contract have been determined to approximate contract value, based upon the lack of contractual maturity, the frequency of the re-setting of contractual interest rate to market rate, the credit quality of the issuer, no withdrawal penalties or redemption premiums and the liquidity of the contract (Level 3 inputs).

Note 3 – Fair value measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2013 and 2012:

	Input Type

Note 4 – Administrative expenses

Administrative expenses of $16,357 were paid directly by the Plan for the year ended December 31, 2013.

Note 5 - Information certified by the Trustee and the Record-keeper

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Trustee and the Record-keeper that the following information included in the Plan's financial statements is complete and accurate:

- Investments and participant loans as of December 31, 2013 and 2012, and
- Investment income and investment transactions for the year ended December 31, 2013.

Note 6 – Investment contract with insurance company

The Plan offers a fully benefit-responsive group annuity contract with PRIAC by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

Note 6 – Investment contract with insurance company, continued

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, the Plan sponsor believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the Statement of Net Assets Available for Benefits as adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that there is no material difference between contract value and fair value of the contract as of December 31, 2013 and 2012.

The average yield earned by the Plan under the contract for the year ended December 31, 2013 and 2012, was 1.95% and 2.30%, respectively.

Note 7 – Investments

The following represents the cost and fair values of investments representing the Plan's net assets available for benefits as of December 31, 2013 and 2012. Fair values of investments that represent five percent or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012, are identified by an asterisk (*):

Note 8 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds, and a guaranteed income fund managed by Prudential, the Trustee and the Record-keeper of the Plan. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

Note 9 – Plan termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA.

Note 10 – Income tax

The Plan has received a determination letter from the Internal Revenue Service dated April 23, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Note 10 – Income tax, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken. The three years prior to December 31, 2013 are subject to examination by the Internal Revenue Service.

Note 11 – Subsequent event

The Plan evaluates subsequent events until the date the financial statements are issued. There were no subsequent events that required additional adjustments or disclosure to the financial statements.
