EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Ceramicorp, Inc. Employee Savings Plan (the "Plan") is provided for information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan was originally established by Falcon Building Products, Inc. effective January 1, 1995. The Plan was originally named the Falcon Building Products, Inc. Employee Savings Plan. Effective as of May 1, 2000, Falcon Building Products, Inc. transferred sponsorship of the Plan to Mansfield Plumbing Products, LLC (the "Company") and renamed the Plan the "Mansfield Plumbing Products, LLC Savings Plan". Effective as of November 30, 2000, the Plan was assumed by Mansfield Plumbing Products, LLC. Effective January 1, 2001, the Company amended and restated the Plan to incorporate recent amendments, legislative changes, and to change the name of the Plan to Mansfield Plumbing Products, LLC Employee Savings Plan.

The Company merged the Orchid Ceramics, Inc. 401(k) Plan into the Mansfield Plumbing Products, LLC Employee Savings Plan effective January 2, 2008. Effective on this date, the name of the Plan changed to the Ceramicorp, Inc. Employee Savings Plan.

Effective January 1, 2009, the Company restated the Plan to incorporate recent amendments and legislative changes.

In 2011, the owners of Orchid Ceramics, Inc. made the decision to cease operations.

The Plan is a defined contribution plan covering certain employees of the Company or any subsidiary or affiliate which is a member of its "related group" as defined in the Plan agreement. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

New York Life Trust Company serves as the trustee and executes all investment transactions based on specific authorization of the Plan administrator (employee of the Company) or participants.

Contributions: Each participant in the Plan may designate an amount not greater than 50% of their compensation, as defined by the Plan. These elective contributions may be either pre-tax or after-tax contributions not to exceed certain limitations as defined by the Plan. The Company provides discretionary matching contributions as defined by the Plan agreement. For the year ended December 31, 2013, matching contributions in the amount of \$100,689 were made to the Plan.

Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans ("rollovers").

Eligibility and Vesting: Employees become eligible to participate in the Plan on January 1, April 1, July 1, or October 1, of each year following completion of 3 months of eligible service.

Participants are 100% vested in their account upon entrance date.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Benefit Payments: The Plan permits all participants to make in-service withdrawals (subject to a \$500 minimum) from their participant account balance, including:

- a. Withdrawals of after-tax contributions
- b. Withdrawals after age 59 1/2
- c. Hardship withdrawals
- d. Withdrawal of rollover contributions

When a participant's employment with the Company and any affiliates is terminated for any reason including death, disability, or retirement, the entire balance in the participant's account shall be paid in the form of a lump sum cash distribution.

Specific rules and requirements for each type of withdrawal are outlined in the Plan agreement.

Notes Receivable from Participants: The Plan allows participants to take loans against their balances, with a minimum and maximum loan amount of \$1,000 and \$50,000, respectively. The interest rate charged is fixed at prime plus 1%. The principal amount of any loan available to the participant, subject to the minimum and maximum amounts above, is the lesser of: (a) 100% of the participant's account balance derived from elective contributions or (b) 50% of the participant's total account balance. The term of participant loans may not exceed 60 months or more than 180 months for loans taken to acquire a participant's primary residence.

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of any Company contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their individual accounts between several different investment options offered by the Plan.

Administrative and Investment Management Expenses: Costs and expenses incurred in connection with the administration of the Plan are paid by the Company, except for brokerage fees and other direct costs of investments which are paid by the Plan. To the extent they are not paid by the Company such compensation shall be paid out of the principal or income of the trust. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan holds a direct interest in fully benefit-responsive contracts through its investment in the Anchor Account II, which is a group annuity contract (Stable Value Fund ("SVF")) managed by New York Life Insurance Company ("NYLIC"). Contributions to the contract are deposited into a guaranteed separate account of NYLIC, which is a participating stable value separate account that is not unitized and the assets of the separate account are accounted for at amortized cost. Adjustments from fair value to contract value are presented in the statements of net assets available for benefits as of December 31, 2013 and 2012.

The contract for the SVF specifies certain conditions under which distributions from the SVF would be payable at amounts below contract value. Such circumstances may include a partial plan termination, mergers, spin-offs, layoffs, early retirement incentive programs, sales or closings of all or a portion of the plan sponsor's operations, bankruptcy, or receivership, if these events would lead to a request for payments of more than 10% of the Plan's value in the fund.

The contract does not limit the circumstances under which the issuer may terminate the contract. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The crediting interest rate of the SVF is based on actual returns of the underlying assets. The SVF does not have a guaranteed crediting rate; however it cannot be less than zero. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statements of net assets available for benefits as *Adjustment from fair value to contract value for fully benefit-responsive investment contracts*.

	<u>2013</u>	<u>2012</u>
Average contract yield, in aggregate for all contracts:		
Based on annualized earnings ⁽¹⁾	2.16%	2.38%
Based on interest rate credited to participants ⁽²⁾	1.27%	1.50%

⁽¹⁾ Computed by dividing the annualized one-day actual earnings of the contracts on the last day of the Plan year by the fair value of the contracts' investments on the same date.

⁽²⁾ Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contracts' investments on the same date.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rates, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Benefit Payments: Benefit payments are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation method and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Fund: The fair value of the Plan's interest in the Anchor Account II SVF is based upon the fair value of the underlying assets of the separate account which supports the contract as reported by fund managers. The fair value is determined by applying the ratio of the total fair value of the separate account divided by the total contract value of the separate account to the Plan's contract value (Level 2 inputs). The fund invests in long-term bonds and cash equivalents. The fund's investment strategy is to provide competitive yields and limited volatility. The Plan's interest in the contractual arrangement providing the stable value is a direct interest. At contract termination, the Plan may receive a book value distribution of the Plan's interest in the SVF, provided a twelve months advance written notice is given to NYLIC. Distributions resulting from terminations initiated without providing twelve months advance written notice will be subject to a market value adjustment pursuant to the provisions of the SVF contract, provided a minimum of thirty days notice is given.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis at December 31, 2013 and 2012 are summarized below:

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by \$1,002,927. The Plan's investments generated interest and dividend income of \$402,190 during the year ended December 31, 2013. In addition, the Plan received \$11,766 of interest income from notes receivable from participants during the year ended December 31, 2013.

NOTE 5 - INCOME TAX STATUS

The Plan obtained its latest determination letter dated July 6, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). Plan management believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by various taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - PARTY-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan holds shares of mutual funds and a pooled separate account managed by New York Investment Management ("NYLIM"), NYLIFE Securities LLC ("NYLS"), or New York Life Insurance Company ("NYLIC"). As New York Life Trust Company is the trustee of the Plan and NYLIM, NYLS, and NYLIC are affiliated with the trustee, these transactions qualify as party-in-interest transactions.

At December 31, 2013 and 2012, these investments, at fair value, totaled \$3,793,299 and \$3,473,821, respectively. At December 31, 2013 and 2012, the Plan also held notes receivable from participants of \$312,919 and \$231,168, respectively, which qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 16, 2014, which is the date the financial statements were available to be issued.
