SUPERIOR MEDICAL CARE SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - SUMMARY OF PLAN

The Superior Medical Care Savings & Retirement Plan is a defined contribution plan covering all employees of the Superior Medical Care, Inc.

The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The more significant provisions of the Plan are as follows:

Eligibility

All employees of the employer who are 21 years of age are eligible to participate in the Plan at the first plan entry date, the first day of the month immediately after completion of one year of eligibility service, in which they complete 1,000 hours of service.

Vesting Requirements

A separate account is maintained for each participant to record their share of contributions, forfeitures and investment income and losses. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested (Non-Forfeiture) Percentage of the Company Contribution Accounts</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

On the termination of service, a participant will receive a lump-sum amount equal to the value of his or her account, as soon as administratively feasible following the date on which a distribution is requested or otherwise becomes payable.

DECEMBER 31, 2013 AND 2012

NOTE 1 - SUMMARY OF PLAN (CONTINUED)

Contributions

Each year, plan participants may contribute to the Plan, on a pretax basis, an amount not to exceed 80% of eligible compensation, subject to a limit of \$17,500 for 2013 and \$17,000 for 2012. These contributions will be tax-deferred within limits prescribed by the Internal Revenue Service. Eligible employees may elect to make “catch-up” contributions. Plan participants may also contribute amounts representing distributions from other qualified plans. All contributions are participant-directed.

In addition, the Company, at its discretion, may make a contribution to the Plan in an amount not limited to its current or accumulated net profit which is determined by the Board of Directors.

Payment Of Benefits

In case of a normal retirement, retirement due to permanent disability or termination of employment, the normal form of payment is a lump sum benefit to the participant. The participant may also elect an optional form of payout to receive installments for a period certain that may not extend beyond the life expectancy of the participant or as a rollover in whole or in part to an eligible retirement plan, in accordance with the provisions of the Plan. If a participant's vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to rollover the distribution, the distribution must be rolled over to an Individual Retirement Account. If the vested balance is \$1,000 or less, the form of distribution remains as a single lump-sum payment.

Forfeitures

Forfeitures resulting from a break in participant service without the attainment of 100% vesting are applied towards plan expenses, if any. At December 31, 2013 and 2012, forfeited non-vested amounts totaled \$5,667 and \$4,352, respectively. There were no forfeitures in 2013 or 2012.

Investment Options

Amounts contributed to the Plan are held in a trust created under the Plan. Upon enrollment in the plan, a participant may direct employee contributions into thirty-one different investment options.

Participants may change their investment deferral percentages and investment options on-line through ADP's Retirement Services web page service, or by calling ADP's Participant Call Centers at any time.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Contributions

Contributions due from the Company are accrued when approved by the Board of Directors. Such accrued contributions are funded by the Company prior to filing its federal income tax return, including extensions.

Administrative Expenses

The expenses necessary to administer the Plan are paid by the Plan or Plan sponsor including, but not limited to, those involved in retaining necessary professional assistance from an attorney, an accountant, an actuary or an investment adviser. Fees related to distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants during the first quarter of 2014.

Payments of Benefits

Payments of benefits are recorded and expensed when paid to participants.

SUPERIOR MEDICAL CARE SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 3 - INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Automatic Data Processing Federal Credit Union (ADP). ADP received an opinion from the IRS, dated March 31, 2008, which states that the prototype document satisfies the provisions of Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

There have been no prohibited transactions with a party-in-interest, as defined. Certain Plan investments are investments managed by State Street Bank and Trust Company. State Street Bank and Trust is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Certain fees for investment management, recordkeeping, custodial and administrative expenses are paid to the Plan's third party service providers (called "covered service providers" or "CSP's") and are not considered prohibited transactions under ERISA. Participant loans also qualify as party-in-interest.

NOTE 5 - INVESTMENTS

The Plan has had an investment contract with State Street Bank & Trust Company since May 2010. State Street Bank & Trust Company maintains the contributions in separate accounts, which comprise a significant portion (100.00% - 2013, 99.43% - 2012) of the Plan's assets. The accounts are credited with earnings on the underlying investment and charged for plan withdrawals. The contract is included in the financial statements at contract value, which approximates fair value as reported by State Street Bank & Trust Company. State Street Bank & Trust Company certifies as to the completeness and accuracy of the information reported. Investment income totaled \$101,492 and \$35,130 for the year ended December 31, 2013 and 2012, respectively. Net unrealized and realized gains/(losses) on investments totaled \$147,629 and \$101,252 for the years ended December 31, 2013 and 2012, respectively.

NOTE 7 - PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Statement Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable

SUPERIOR MEDICAL CARE SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the assets or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
