DUGGAL VISUAL SOLUTIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE A - Description of Plan

The following description of Duggal Visual Solutions, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was effective January 1, 1999 and was amended and restated for EGTRRA on June 1, 2009 to comply with recent legislation and to preserve tax favored treatment. During December 2013, the Plan changed service trustees from Frontier Trust Company to Principal Trust Company, and restated the Plan as of December 1, 2013.

General - The Plan, sponsored by Duggal Color Projects, Inc. (the "Company"), is a defined contribution plan covering substantially all employees who have completed one year of service and attained age 21. Due to plan restatement on December 1, 2013, the eligibility changed to employees who have completed thirty days of service and attained age 21. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - The Plan allows each participant to contribute up to 100% of the participant's annual compensation to the Plan. However, a participant's salary deferrals, in any taxable year, may not exceed a certain dollar amount which is set by law. Eligible employees can make pre-tax elective deferral contributions or Roth elective deferral contributions. Employees are eligible to make rollover contributions as of their dates of employment. Due to plan restatement on December 1, 2013, eligible employees will be automatically entered into the plan with a 2% deferral rate. The Plan provides for a Company discretionary matching contribution or a qualified nonelective contribution. The employer has elected not to make a matching contribution or a qualified nonelective contribution for the year ended December 31, 2013.

Participant Accounts - Each participant's account is credited with the participant's contributions, employer matching contributions and plan income. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and any rollover contributions and earnings thereon. Vesting in employer contributions and earnings thereon is based on years of credited service. A participant is 100% vested, under a graduated vesting schedule, after six years of credited service or upon death, disability or satisfying the conditions of Early Retirement Age as set forth in the Plan document.

Investment Options - Upon enrollment in the Plan, participants may direct their contributions and any related employer contributions, into a range of mutual funds and a money market account. All investments are participant directed. Investment options in mutual funds and the money market account can be changed daily.

Forfeitures - Forfeitures of non-vested employer contributions may be used to reduce future employer contributions. At December 31, 2013 and 2012, the Plan had $6 available for future use. Since there was no employer contribution for 2013, no forfeitures were used to reduce employer contributions.

Payment of Benefits - Participants' benefits under the Plan are payable to participants, their beneficiaries or their estates upon the termination of employment, normal retirement (age 65), attainment of age 59-1/2, disability, death or hardship. Benefits are payable in the form of a lump-sum distribution or installment payments. Additionally, participants are entitled to receive a distribution of their rollover accounts at any time.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE A - Description of Plan - continued

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years, unless the proceeds are used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined by taking into account interest rates being charged at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Plan Expenses - The Plan's administrative expenses are generally paid by the Company. Certain administrative expenses incurred by the Trustee may be paid from the Plan's assets. Certain expenses incurred on loans, distributions for participants, and accounts for terminated participants are paid by the participant.

NOTE B - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting and Use of Estimates - The financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Net realized and unrealized gains and losses of mutual funds are reported in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when earned, based on the terms of the investments and the periods during which the investments are owned.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Fair Value Measurements - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards set a framework for measuring fair value using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, or inputs (interest rates, currency exchange rates and yield curves) that are observable or corroborated by observable market data for substantially the full term of the assets or liabilities.

NOTE B - Summary of Significant Accounting Policies - continued

Level 3: Inputs that are not observable in the market and reflect management's judgment about the assumptions that market participants would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: valued at the daily closing price reported by the fund.

NOTE C - Investments

Set forth below is a schedule of investments that represent 5% or more of the Plan's net assets:

As of December 31, 2013, trust balances were transferred to Principal Trust Company, the new Plan trustee, and were held in a cash account under a transition holding arrangement pending the establishment of participant accounts and investment choices.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds appreciated in value by $175,248.

NOTE E - Certification of Investment Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, Principal Trust Company, the trustee of the Plan from December 10, 2013 to December 31, 2013, and Frontier Trust Company, the trustee of the Plan from December 31, 2012 to December 9, 2013, have certified the completeness and accuracy of all investments, cash accounts and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, the accompanying supplemental schedule of assets (held at year end) as of December 31, 2013, and the related notes to the financial statements.

NOTE F - Tax Status

The Plan adopted a prototype non-standardized profit sharing plan sponsored by Ascensus, Inc., from January 1, 2013 through December 9, 2013, and by Principal Trust Company from December 10, 2013 to December 31, 2013, which both received an Opinion Letter from the Internal Revenue Service dated March 31, 2008. The Plan has been amended and restated since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

DUGGAL VISUAL SOLUTIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE G - Risks and Uncertainties

The Plan invests in various investment securities as directed by participants. Investment securities are exposed to various risks, such as interest rate, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2013	2012
Net Assets per Financial Statements	$ 1,516,197	$ 1,152,063
Refundable Contributions	24,293	55,795
Net Assets per Form 5500	$ 1,540,490	$ 1,207,858

The following is a reconciliation of net increase in assets per the financial statements to Form 5500 for the year ended December 31, 2013:

Net increase in assets

Financial Statements	$ 364,134
Current Year Refundable Contributions	24,293
Prior Year Refundable Contributions	(55,795)
Net increase in assets per Form 5500	$ 332,632

Corrective contributions are recorded on the financial statements in the year associated with the correction and on Form 5500 in the year the contributions are refunded.

NOTE I - Termination of the Plan

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its participation in the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their share of employer contributions and earnings thereon.

NOTE J - Nonexempt Transaction

During December 2013, the Company failed to remit certain participant contributions and loan repayments in the aggregate of $7,485 to the Plan in a timely manner in accordance with Department of Labor regulations and ERISA. These deferrals and loan repayments are included in the Plan's receivables at December 31, 2013. The Plan sponsor subsequently restored the Plan accounts of such participants to reflect the lost income resulting from the delay in remittances. These untimely participant contributions are considered non-exempt prohibited transactions, which may result in an imposition of a 15% excise tax on the "amount involved" in the transactions, as defined in the IRC.

DUGGAL VISUAL SOLUTIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE J - Nonexempt Transaction - continued

Management estimates that the lost income associated with the delay in contributions amounts to $1,275. Management believes that these non-exempt prohibited transactions do not affect the tax-qualified status of the Plan, and the Plan Sponsor intends to pay any excise tax imposed.

NOTE K - Voluntary Correction Program

The Plan has identified certain loan administration errors involving seven loans during the year ended December 31, 2013. The Plan Sponsor is in the process of filing a Voluntary Correction Program (VCP) submission with the IRS, which further details these matters and the Company's plan for correction.

None of these items had a material effect on the Plan's net assets available for benefits, and the Plan Administrator does not expect the VCP submission to affect the Plan's tax status.

NOTE L - Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through July 31, 2014, the date the financial statements were available to be issued.
