KENNETH'S DESIGN GROUP, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF 401(K) PLAN

The following description of Kenneth's Design Group, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute from 1% to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary contribution to the Plan. The Company did not make any contributions to the Plan during 2013 and 2012. The Company does not intend to make a contribution to the Plan at any point in the future.

Eligibility and Vesting
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions and the Company's designated qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous years of service according to the following vested schedule:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options
A participant may direct all contributions in any of the 25 investment options as allowed by the Plan. Participants may change their investment options at any time.

Payment of Benefits
A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement, or other reasons.

Forfeited Accounts
Accounts forfeited by participants who terminate service prior to becoming fully vested are reallocated to the remaining participants. There were no forfeitures for the years ending December 31, 2013 and 2012.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Method of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting. Interest and dividend income is recorded on the accrual basis.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, as determined by quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments are stated at fair market value as reported by the Custodian. Net unrealized appreciation of assets is computed as the difference between market value at the end of the Plan year and market value at the beginning of the Plan year, or cost if purchased during the year. Net realized gains on sales of investments are based on sale proceeds and the market value of assets at the beginning of the Plan year, or cost if purchased during the year. Net unrealized appreciation and net realized gain are recorded in the accompanying Statement of Changes in Net Assets Available for Plan Benefits as net appreciation in market value of investments.

Administrative Fees
The Plan's administrative fees are paid by either the Plan or the Company, as provided in the Plan agreement.

Payment of Benefits
Benefits are recorded when paid.

Fair Value Measurements
Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-65 establishes a framework for measuring fair value under generally accepted accounting principles, clarifies the definition of fair value within that framework, and expands financial statement disclosures about the use of fair value measurements. The financial statement preparation and disclosure provisions are effective for financial statements issued for annual periods beginning after November 15, 2007. The Plan adopted the provisions of FASB ASC 820-10-65 at January 1, 2008.

The Plan has adopted FASB Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements* as of January 1, 2010. This standard requires disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on the levels of disaggregation and disclosures about inputs and valuation techniques.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting for Uncertainty in Income Taxes

The Plan has adopted FASB ASC 740-10-65, regarding uncertainty in income taxes, as of January 1, 2009. The Plan evaluates all tax positions in conformity with FASB ASC 450 for contingencies, and as such would reserve for any tax positions deemed probable of not being sustained by the Internal Revenue Service (IRS). The Plan recognizes tax benefits only to the extent that the Plan believes it is "more likely than not" that its tax positions will be sustained upon IRS examination. The Plan does not have a provision for unpaid federal income taxes (liability for unrecognized tax benefits) related to uncertain tax positions in the balance sheet, as it believes all tax positions taken would "more likely than not" be sustained upon IRS examination.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Company adopted a Prototype Non-standardized Profit Sharing Plan with Cash-or-Deferred Arrangement that received a favorable opinion letter from the IRS on May 28, 2002, which stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying December 31, 2013 and 2012 statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2013:

Total net assets available per the financial statements	$ 4,233,268
Plus: 2013 Excess contribution	4,886
Less: Differences due to rounding	(1)
Total net assets available per Form 5500	$ 4,238,153

The following is a reconciliation of the net increase of net assets per the financial statements to Form 5500 for the year ended December 31, 2013:

Total net increase in net assets per the financial statements	$ 677,930
Less: 2012 Excess Contribution payable	(8,482)
Plus: 2013 Excess contribution payable	4,886
Less: Differences due to rounding	(3)
Net increases in net assets per Form 5500	$ 674,331

10. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with Invesco. Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Invesco. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.
As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

10. GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2013	2012
Average yields:		
Based on actual earnings	1.28%	1.51%
Based on interest rate credited to participants	1.27%	1.69%

11. SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through July 28, 2014, the date the financial statements were available to be issued. No events arose subsequent to year-end that did not already exist as of the statement of net assets available for benefits date.
