INDEPENDENT AUDITORS' REPORT

**To The Administrator of the
Lemon-X Corporation 401(k) Retirement Plan**

Report of the Financial Statements

We have audited the accompanying financial statements of Lemon-X Corporation 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Lemon-X Corporation 401(k) Retirement Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules H, line 4i – Schedule of Assets Held and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions at December 31, 2013, referred to as “supplemental information,” are presented for the purposes of additional analysis and not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

LEMON-X CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Lemon-X Corporation (“the Company”) 401(k) Retirement Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have met the following requirements: one year of service, worked an annual minimum of 1,000 hours and age twenty-one or older. Effective December 18, 2009, the Plan’s length of service eligibility requirement was reduced from one year to 90 days. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions up to the maximum allowable under the Internal Revenue Code (IRC). Contributions are limited to certain limitations.

The Company may make matching contributions and discretionary profit sharing contributions.

Automatic Deferral Provisions

In March, 2013, the Plan added an automatic deferral provision which applies to employees that become participants on or after May 1, 2013. Participants subject to the automatic deferral provision will have 1% of their compensation automatically deferred and contributed into the Plan for each pay period, unless a salary reduction agreement is in effect.

Participant’s Accounts

In accordance with the Plan document each participant’s account is credited with the participant’s contribution, an allocation of the Company’s matching, if made, and discretionary contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to a participant is equal to the participant’s vested account balance.

LEMON-X CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (cont'd).

Vesting

Participants vest immediately in their contributions plus any earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service with a 20% increase each succeeding year until becoming fully vested after the sixth year of service.

Unapplied Forfeitures

Pursuant to the Plan agreement, the Company may utilize prior forfeited non-vested matching contributions to pay administrative expenses or to offset current year matching requirements. As of December 31, 2013, the balance in the forfeiture account is \$1,091.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum amount of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. In general, loan repayment terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. If a participant becomes entitled to a distribution from the Plan (except in the case of an in-service distribution), their loan becomes due and payable in full within 60 days. If the participant does not repay the loan, their vested account balance will be reduced by the outstanding balance of the loan. Interest on current loans is being charged at the rate of 4.25% per annum. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, retirement or becoming disabled as defined under the Federal Social Security Act, all distributions from the Plan will be made in one lump sum payment in cash or in property. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or have the vested interest distributed to another qualified retirement account designated by the participant, subject to certain restrictions.

LEMON-X CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (cont'd).

Payment of Benefits (cont'd).

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts or disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Included in notes receivable from participants is interest on a loan that defaulted in 2010, but is still considered in effect for plan purposes. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**LEMON-X CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 2 - Summary of Accounting Policies (cont'd).

Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to the participant's annual contribution. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014.

Expenses

Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 9, 2014, the date the financial statements were available to be issued.

LEMON-X CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments

The Plan's investments are held in a brokerage trust account. The fair value of investments held at December 31, 2013 and 2012 that represent 5% or more of the Plan's assets are summarized as follows:

<u>Mutual Funds</u>	<u>2013</u>	<u>2012</u>
Oppenheimer Main Street Fund Class A	\$ 961,932	\$ 725,068
Oppenheimer Intl. Growth Fund Class A	267,308	212,063
Fidelity Spartan Total Market Index	423,947	N/A
John Hancock Disciplined Value Mid-Cap	292,893	N/A
John Hancock Income R5	199,654	N/A
Fidelity Spartan Money Market	N/A	146,181
Oppenheimer Global Strategic Income Fund Class A	N/A	190,230
Oppenheimer US Gov't Trust Class A	N/A	156,861
Oppenheimer Small Mid-Cap Value Fund Class A	N/A	198,716
Oppenheimer Rising Dividends	N/A	225,134

During 2013, the Plans investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by \$483,925.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEMON-X CORPORATION 401(k) RETIREMENT PLAN **NOTES TO FINANCIAL STATEMENTS**

Note 4 - Fair Value Measurements (cont'd).

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The proceeding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan assets at fair value as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$2,806,684</u>	-	-	<u>\$2,806,684</u>

LEMON-X CORPORATION 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Note 5 - Discretionary Contributions

For the year ended December 31, 2013, the Company has elected not to provide discretionary matching contributions.

Note 6 - Related Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Brokerage Services, LLC ("Fidelity"). Fidelity is an authorized agent of the Plan, acting as custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, other than direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$17,975.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan and the related trust is tax exempt.

Note 9 - Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
