1. Description of Plan

General

The CCS Medical ("Employer") 401(k) Plan (the "Plan") is a prototype defined contribution plan covering all eligible employees who have attained three months of service. The Plan was originally effective January 1, 1999. The Plan was restated and amended effective July 1, 2006. The Plan was originally named Diabetic Supply of USA 401(k) Plan. Effective July 1, 2006, the Plan merged with the MP Total Care 401(k) Plan, at which time the name of the Plan was changed to CCS Medical 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Administration

CCS Medical, Inc. serves as the Plan sponsor and administrator. Fidelity Management Trust Company is the Plan's trustee and recordkeeper.

Contributions

Participants may elect to contribute, on a tax deferred basis, up to 75% of the participant's eligible compensation subject to certain limitations under the Internal Revenue Code ("IRC"). The Employer may make a discretionary profit sharing contribution at an amount that is determined annually. The Employer elected not to make a profit sharing contribution for the years ended December 31, 2013 and 2012. In addition, the Employer may make a discretionary matching contribution. In 2013, the Employer discretionary matching contribution was 50% of the aggregate salary reduction not to exceed 4% of total compensation.

Participant Accounts

Each participant's account is adjusted for distributions to the participant, participant's contributions, employer contributions, and Plan earnings or losses as well as a portion of the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are maintained by the Trustee of the Plan assets. Participants direct the allocation of contributions among the investment funds allowed under the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings therein. Vesting of matching and profit sharing contributions plus actual earnings thereon is based on years of employment/service. Below is the Plan's vesting table:

Years of Service	Vesting Percentage
Less than 1 year	0%
1	33%
2	66%
3 years or more	100%

Upon death, disability, or termination of the Plan, the employer matching and profit sharing contributions become 100% vested.

Forfeitures

Forfeitures of nonvested matching and profit sharing contributions are used to reduce future matching contributions and to pay administrative fees. There were no unallocated forfeitures at December 31, 2013. At December 31, 2013 and 2012, $234,183 and $56,950 of forfeitures were used to reduce employer matching contributions, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest. Participants are allowed to have no more than one loan outstanding at any time. The repayment period for participant loans cannot exceed five years, except for loans used for the purchase of a participant's primary residence, which must be paid back within ten years. Principal and interest are paid ratably through payroll deductions. These loans are secured by the balance in the participant's account. Interest rates on outstanding loans as of December 31, 2013 ranged from 4.25% to 5.50% with various dates of maturity through 2019.

Rollovers

Rollovers represent transfers of account balances of certain participant contributions into certain investments of the Plan from other qualified plans or individual retirement accounts.

Payment of Benefits

Benefits in the form of a lump sum payment may be distributed to a participant or a participant's beneficiary upon retirement, or the participants reaching the age of 59-1/2, death, disability, hardship or termination of employment. If employment is terminated for any reason other than those previously mentioned, the participants will only be entitled to the portion of the employer contributions for which participants are vested. Participants are entitled to 100% of the account balance of any salary reduction or voluntary contributions made on their own behalf.

Administrative Expenses

The administrative expenses of the Plan are absorbed by the Employer, with the exception of certain transaction fees paid by the Plan and participant loan origination fees paid by the borrower. Administrative expenses include participant based transaction expenses such as distribution and loan fees as well as Plan related expenses.

Excess Contributions Payable

Refunds of excess deferral contributions are required to satisfy the relevant nondiscrimination provision of the plan. Excess contributions for 2013 and 2012 are $24,975 and $79,300, respectively. These amounts are included in the statement of net assets available for benefits as excess contributions payable at December 31, 2013 and 2012.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions to the investment options available in the Plan. Employer contributions are allocated according to the participant's investment allocations.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

New Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-09, "Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04". ASU 2013-09 amended Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", to defer indefinitely the effective date of certain required disclosures in Update 2011-04 of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by a nonpublic employee benefit plan in its plan sponsor's own nonpublic entity equity securities, including equity securities of its plan sponsor's nonpublic affiliated entities. The deferral in this amendment is effective upon issuance. The adoption of ASU 2013-09 did not have an effect on the Plan.

Investment Valuation and Income Recognition

The mutual fund and money market investment accounts are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2013 or 2012 as the loans are fully collateralized by the participants' accounts.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the plan from the participants or the Employer that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There were $103,523 of contribution receivables at December 31, 2013 and $135,574 at December 31, 2012.

Payment of Benefit

Benefits are recorded when paid.

3. Information Certified by the Plan Trustee (Unaudited)

All investments are held by Fidelity Management Trust Company (the "Trustee") under the Plan's trust agreement at December 31, 2013 and December 31, 2012. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012;
- Investment income, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013 as follows:

Interest and dividends	$	1,125,720
Net appreciation in fair value of investments	$	2,202,836

- Investment values disclosed in Note 5;
- Investment information disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013.

The plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

* These investments did not meet the 5% of total assets threshold for the applicable year.

5. Fair Value Measurement

ASC 820, "Fair Value Measurements and Disclosures", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2013 and 2012. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

6. Party-in-Interest Transactions

Fidelity Management Trust Company is a party-in-interest and has issued investments held by the Plan as noted in the attached supplemental schedule. Notes receivable from participants and the related interest income also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Tax Status

The current prototype Plan obtained its determination letter dated March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has been amended since receiving the determination letter; however, the Plan's administrator believes that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2013	2012
Net assets available for benefits per the financial statements	$ 21,474,766	$ 20,091,591
Less: Current year total contribution receivables	(103,523)	(135,574)
Add: Current year return of excess contribution	24,975	-
Net assets available for benefits per Form 5500	$ 21,396,218	$ 19,956,017

The following is a reconciliation of the net increase in assets available for benefits per the financial statements to the Form 5500:

December 31,	2013

Plus: Prior year contribution receivables	135,574
Plus: Current year return of excess contribution	24,975
Net increase per Form 5500	$ 1,440,201

11. Subsequent Events

In preparation of its financial statements, the Company considered all subsequent events through August 18, 2014, which was the date the Plan's financial statements were available to be issued.

Status of Our Audit

We have substantially completed our audit of the financial statements, including procedures applied to the supplemental schedule, of the CCS Medical 401(k) Plan (the Plan) as of and for the year ended December 31, 2013. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America. This audit of the financial statements does not relieve Plan management or those charged with governance of their responsibilities. The term "those charged with governance" encompasses the term Board of Directors or Audit Committee or other formally designated body that has financial oversight responsibilities.

- The objective of our audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- The scope of the work performed was substantially the same as that described to you in our earlier Audit Planning communications.
- As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have not performed auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the trustee of the Plan, other than comparing that information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedules taken as a whole. As such, the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified to by Fidelity Management Trust Company, was audited by us in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- Our responsibility for other information in documents containing the Plan's audited financial statements (e.g., Form 5500 filed with the DOL) does not extend beyond the financial information identified in the audit report, and we are not required to perform procedures to corroborate such other information. However, in accordance with professional standards, we have read the information included by the Plan in the Form 5500 and considered whether such information, or the manner of its presentation, was materially consistent with its presentation in the Plan financial statements. Our responsibility also includes calling to Plan management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information that Plan management has chosen not to correct.
- All records and information requested by BDO were freely available for our inspection.
- Plan management's cooperation was excellent. We received full access to all information that we requested while performing our audit, and we acknowledge the full cooperation extended to us by all levels of Plan personnel throughout the course of our work.

Results of Our Audit

ACCOUNTING PRACTICES, POLICIES, ESTIMATES

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates:

The Plan's significant accounting practices and policies are those included in Note 2 to the financial statements. These accounting practices and policies are appropriate, comply with generally accepted accounting principles and industry practice, were consistently applied, and are adequately described within Note 2 to the financial statements.

- A summary of recently issued accounting pronouncements is included in Note 2 to the Plan's financial statements.
- There were no changes in significant accounting policies and practices during 2013.

Significant estimates are those that require Plan management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Plan's significant accounting estimates, including a description of management's processes and significant assumptions used in development of the estimates, are disclosed in Note 2 of the financial statements.

Significant accounting estimates include:
Deferral remittances • Reviewed recordkeeper (Fidelity) and payroll data to ensure timely remittances of deferrals in accordance with DOL REG 2510.3-102. All remittances appear timely.
Eligibility • Tested eligibility for a sample of participants. No issues noted.
Contributions • Tested participant contributions and verified accuracy for a sample of participants. No issues noted.
Benefits Payments & Notes Receivable from Participants • Tested transactions to ensure distributions and loans were made in accordance with the Plan document. No issues were noted.
Investments • Tested allocation of earnings at the participant and plan level. No issues noted. • We noted the Company currently does not have a formal investment policy in place. A formal investment policy is recommended because it provides Plan fiduciaries with a clear roadmap for making investment decisions.

- Plan management did not make any significant changes to the processes or significant assumptions used to develop the significant accounting estimates in 2013.

Results of Our Audit

CORRECTED AND UNCORRECTED MISSTATEMENTS

Please refer to the schedule of corrected misstatements noted below:

Item #	Account Name and Adjustment Description	Debit	Credit
1	Corrective Distributions	24,975	
	Corrective Distributions Payable		24,975
	To record excess contribution refund		

There were no uncorrected misstatements, other than those that were clearly trivial, related to accounts and/or disclosures that we presented to Plan management.

QUALITY OF THE PLAN'S FINANCIAL REPORTING

A discussion was held regarding the quality of the Plan's financial reporting, which included the following:

- Qualitative aspects of significant accounting policies and practices
- Our conclusions regarding significant accounting estimates
- Significant unusual transactions
- Financial statement presentation
- New accounting pronouncements
- Alternative accounting treatments

Internal Control Over Financial Reporting

In planning and performing our audit procedures on the information included in the financial statements, including procedures applied to the supplemental schedule, other than that derived from the information certified to by CCS Medical 401 (k) Plan (the Plan) in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

We are required to communicate, in writing, to those charged with governance all material weaknesses and significant deficiencies that have been identified in the Plan's internal controls over financial reporting. The definitions of control deficiency, significant deficiency and material weakness follow:

Category	Definition
Deficiency in Internal Control	A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
Significant Deficiency	A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

EFFECTIVE AUDIT COMMITTEES IN THE EVER CHANGING MARKETPLACE

The focus of BDO's governance initiatives is to provide those charged with governance with essential, relevant information through clear and concise executive summary-type communications. In this spirit, we have created the *Effective Audit Committees in the Ever Changing Marketplace* publication as a practical guide to forming and running an effective Audit Committee. Within this publication, we provide answers to certain frequently asked questions (FAQs) centering on the WHYs, WHOs, WHATs, WHENs, and HOWs of Audit Committees. More specifically, these FAQs summarize the common functions and responsibilities of Audit Committees and seek to provide insights and perspective as to how to optimize Audit Committee effectiveness. Our vision has been shaped by our own experiences with our clients and interpretations of the specific recommendations, guidelines and rules of the SEC; the stock exchanges; the Public Company Accounting Oversight Board (PCAOB); the American Institute of Certified Public Accountants (AICPA); and the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees, sponsored by the New York Stock Exchange and the National Association of Securities Dealers.

Throughout this publication, we focus on some of the more challenging aspects facing Audit Committees. To that end, in addition to our commentary, we have included links and references to other relevant BDO practice aids and tools as well as certain valuable external resources. The guide and practices aids are available at http://www.bdo.com/acsense/effective.aspx.
