Report on the Financial Statements

We have audited the accompanying financial statements of the THIRD FEDERAL SAVINGS ASSOCIATE STOCK OWNERSHIP PLAN, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits of the Plan for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes (at end of year) as of December 31, 2013 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1 Description of Plan

The following description of the Third Federal Savings Associate Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Third Federal Savings and Loan Association of Cleveland and Subsidiaries (Association). The Plan was restated effective January 1, 2013 and amended effective March 1, 2012 to include standard language in the Plan document as required by the IRS and for several sections of the Plan document applicable to stock obligations. The amendment also related to payments of benefits, which is detailed below. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 2007, the Plan operates as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975 (e)(7) and the regulations of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Third Federal Savings Associate Stock Ownership Committee (Committee).

The Plan purchased TFS Financial Corporation (Company) common shares using the proceeds of a bank borrowing (see Note 7) and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of thirty years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2013 and 2012 and for the years then ended present separately the assets and liabilities and changes therein pertaining to:

(a) the accounts of employees with vested rights in allocated stock (Allocated) and

(b) stock not yet allocated to employees (Unallocated)

Eligibility:

Any employee of the Association who is eighteen years or older and who has completed one year of eligibility service is eligible to participate in the Plan.

1 Description of Plan, Continued

Contributions:

Contributions are made by the Association on a discretionary basis. A participant is required to work 1,000 hours during the Plan year and be employed on the last day of the Plan year to be eligible to receive a contribution.

The Association's contributions, if any, may be made in cash or common stock of the Company, or both. For the Plan years ended December 31, 2013 and 2012, the Association's contributions were made in common stock of the Company.

For the Plan years ended December 31, 2013 and 2012, the contribution was allocated based on the number of eligible employees at year end.

Participants' Accounts:

Each participant's account is credited with the participant's allocation of (a) the Association's contribution and (b) the Plan's earnings and losses. Allocations of Association contributions were based on a specified allocation schedule, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan's earnings and losses are allocated based on the ratio of the balance of the portion of such account in the Trust as of the preceding valuation date less any withdrawals, distributions and transfers from the account since the valuation date to the aggregate balances of the portions of all accounts in the trust fund with similar adjustments.

Vesting:

Vesting in the Association's account balance is based on years of service in accordance with the table below:

Years of Service	%
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

1 Description of Plan, Continued

Forfeitures:

Forfeited amounts will be used to first pay administrative expenses of the Plan or used to re-credit any accounts for participants who have been re-employed by the Association. Any remaining forfeitures are to be allocated to participant accounts in the same manner as the employer contribution. For the plan years ended December 31, 2013 and 2012, $23,378 and $24,892, respectively, were used to pay expenses. Forfeitures amounted to $0 at December 31, 2013 and 2012, respectively.

Payment of Benefits:

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount in shares of stock, with any portion of fractional shares paid in cash, or a participant may transfer the value of the vested interest in his or her account to the trustee or custodian of another qualified plan.

Effective March 1, 2012 the Plan was amended to provide for mandatory distributions to terminated participants with vested balances less than $5,000 if the participant has not elected to receive a distribution as soon as reasonably practicable following the termination date (or March 1, 2012 if later).

Diversification and Transfers to Third Federal 401(k) Savings Plan:

Participants who are at least age 55 with at least five years of vested service may elect to transfer all or any portion of their accounts to the Third Federal 401(k) Savings Plan. For the Plan years ended December 31, 2013 and 2012, total diversifications were $1,553,430 and $747,729, respectively, and are included in benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

The Plan's investments are stated at fair value. Company common stock is valued as a quoted market price.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Reasonable expenses incident to the operation of the Plan, including trustee fees are paid by the Plan and are recorded as incurred. Certain administration fees are paid by the Association.

Plan Termination:

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include Company stock. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

2 Summary of Significant Accounting Policies, Continued

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 14, 2014, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

As defined in FASB ASC 820, "Fair Value Measurements", fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable firm inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

* Quoted prices for similar assets or liabilities in active markets:
* Quoted prices for identical or similar assets or liabilities in inactive markets:
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3 Fair Value Measurements, Continued

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common Stock:

Valued at the closing price reported on the active market on which the individual securities were traded.

The following tables present the financial instruments carried at fair value, on a recurring basis, as of December 31, 2013 and 2012, by FASB ASC 820 valuation hierarchy (as described above). There were no assets that fell within Level 2 or Level 3 of the valuation hierarchy.

Common stock	**$ 130,876,282**	**$ 130,876,282**

	2012

4 Tax Status

The Internal Revenue Service has determined and informed the Association by letter dated February 6, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

4 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2010.

During 2012, the Plan was audited by the U.S. Department of Labor which resulted in an amendment of the loan agreement with TFS Financial Corporation. The amendment was effective retroactively to April 20, 2007 and specified that the loan interest shall be calculated on the basis of the actual number of days during a three hundred sixty five (365) day year, excluding February 29 in any leap year.

6 Party-in-Interest Transactions

Certain professional fees for the administration and audit of the Plan were paid by the Association. Plan expenses relate to the administration of the Plan by Principal Financial Group, the Trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. The Plan investments consist of shares of TFS Financial Corporation. The Association is the Plan sponsor, and TFS Financial Corporation is the parent company of the Plan sponsor. Therefore, these related transactions qualify as party-in-interest transactions.

7 Loan Payable

In 2007, the Plan entered into a $106,530,240 term loan agreement with TFS Financial Corporation. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be repaid over thirty years. The loan bears interest at prime (3.25% at year end) adjusted each year on January 1st. The annual principal and interest payment is $5,894,335, which could change each year due to principal pre-payments and interest rate adjustments.

Future principal obligations are as follows:

2014	$	3,533,409
2015		3,648,244
2016		3,766,812
2017		3,889,234
2018		4,015,634
Thereafter		53,790,560
Total	$	72,643,893

8 Administration of Plan Assets

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan.

The Association's contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee is also responsible for making interest and principal payments on the outstanding loan, which is reimbursed to the Trustee through contributions as determined by the Association.

Certain administrative functions are performed by officers or employees of the Association or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expense for the Trustee's fees are paid by the Plan, or if elected, directly by the Association.

9 Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares in the same proportion as the voting instructions it receives from participants for allocated shares.
