INDEPENDENT AUDITORS' REPORT

**The Administrative Committee of
Laurel Machine and Foundry Company 401(k) Profit Sharing Plan:**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Laurel Machine and Foundry Company 401(k) Profit Sharing Plan ("the Plan"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes - modified cash basis to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Administrative Committee instructed us not to perform, and we did not

perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Standard Insurance Company ("Standard"), the record keeper of the Plan as agent for the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Administrative Committee that Standard holds the Plan's investment assets and executes investment transactions. The Administrative Committee has obtained a certification from Standard as of and for the years ended December 31, 2013 and 2012, that the information provided to the Administrative Committee by Standard is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 2, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, as listed in the table of contents, as of and for the year ended December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the record keeper of the Plan, as agent for the trustees of the Plan, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LAUREL MACHINE AND FOUNDRY COMPANY
401(k) PROFIT SHARING PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2013 and 2012

(1) Description of Plan

The following description of the Laurel Machine and Foundry Company 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan’s provisions. The Plan was most recently amended and restated effective January 1, 2006.

(a) General

The Plan is a defined contribution profit sharing plan with a 401(k) option covering all employees of Laurel Machine and Foundry Company (the “Company”) who have become eligible to participate and have met length of service and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Earnings are allocated based on the balance in each participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant loans are not permitted by the Plan.

(c) Contributions

Participants may contribute a percentage of pretax annual compensation, up to the maximum percentage allowable under law. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions equal to a percentage (determined prior to each calendar quarter by the Company) of the participant’s elective contributions for that payroll period.

(1) **Description of Plan (Continued)**

(d) **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Company's discretionary matching contributions, the following vesting schedule is applicable:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than three years	0%
Three years or more	100%

(e) **Payment of Benefits**

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested account balance in either a lump-sum payment, partial distributions, or installment payments in accordance with the provisions of the Plan.

(f) **Forfeited Accounts**

There were no forfeited accounts at December 31, 2013 or 2012. Forfeitures result from non-vested matching contributions that relate to excess deferrals, excess contributions, or excess aggregate contributions and may also result from the distribution of a participant's entire vested benefit due to the participant's termination of service. All forfeitures which occur shall be applied to offset expenses and employer contributions as such obligations accrue.

(2) **Summary of Significant Accounting Policies**

A summary of the significant accounting policies of the Plan follows:

(a) **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of

America. Under that basis, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Consequently, the Plan has not recognized contributions receivable from participants and the Company. Investments are stated at fair value.

(b) **Use of Estimates in the Preparation of Financial Statements**

The preparation of financial statements requires the Administrative Committee to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value based on the quoted market price of the underlying securities within each fund which represents the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. There is no separation between the trade and settlement dates for contributions and distributions. Interest and dividend income are recorded when received. Any dividends received from the underlying funds are reinvested on behalf of the Plan.

(d) **Payment of Benefits**

Benefits are recorded when paid.

(e) **Risk and Uncertainties**

The Plan invests in a variety of investment funds. Investment funds in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits – modified cash basis.

(2) Summary of Significant Accounting Policies (Continued)

(f) Impact of New Accounting Standards and Interpretations

In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2011-04, “Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS.” The ASU requires additional disclosures related to unobservable inputs used in a fair value measurement that are categorized within Level 3 of the fair value hierarchy. This ASU also requires the disclosure of the level of the fair value hierarchy for financial instruments not reported at fair value on the balance sheet. This ASU is effective for the Plan beginning December 31, 2012.

(3) Fair Value Measurements

The Plan follows Statement of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements* and related FASB staff positions. The ASC defines fair market value as the price that would be received from selling an asset or the cost to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities required to be recorded at fair value, the Plan considers the principal or the most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

ASC 820 also establishes a fair market value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value.

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and

(3) Fair Value Measurements (Continued)

that are significant to the fair value of the assets or liabilities.

The Plan had no Level 1 investments as of December 31, 2013 or 2012. Level 2 investments are mutual funds that are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan’s Level 3 investment consists of the Stable Asset Fund and it is valued daily by Standard Insurance Company (“Standard”) at its NAV, with no liquidity restrictions, using written procedures established by Standard.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair market hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2013 and 2012 (Levels 1, 2 and 3 inputs are defined above):

(5) Investment Contract with Insurance Company

In 2004, Laurel Machine and Foundry Company 401(k) Profit Sharing Plan Trust, a trust created for the Plan by Laurel Machinery and Foundry Company, the plan sponsor, entered into a benefit-responsive investment contract with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account, the Stable Asset Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits - modified cash basis at fair value. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment with liquidity valued daily at contract value. Standard believes that, within a retirement plan, contract value is an appropriate measurement for the plan's Stable Asset Fund II for reporting and financial statement purposes, and that contract value approximates fair value.

The average yield and crediting interest rates were approximately 1.07% and 1.41% for 2013 and 2012, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Standard. The Administrative Committee believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Income Tax Status

Effective January 1, 1997, the Plan adopted a nonstandardized form of a prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Administrative Committee believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Administrative Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 or 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Administrative Committee believes it is no longer subject to income tax examination for years prior to year 2010.

(8) Related Party Transactions

Fees paid by the Plan for investment management services to Standard Insurance Company were \$5,925 and \$6,013 for the years ended December 31, 2013 and 2012, respectively. Standard Insurance Company is a deposit administrator; therefore is a party-in-interest to the Plan as defined by ERISA Section 3(14). Certain plan investments are shares of mutual funds managed by Standard Insurance Company. These transactions qualify as exempt party-in-interest transactions.

Laurel Machinery and Foundry Company, the plan sponsor, paid for certain administrative fees of the Plan that are not reimbursed by the Plan.

(9) Date of Management Evaluation

Management has evaluated subsequent events through the date of the auditors' report which is the date financial statements were available to be issued. During the period from the end of the year and through this date, no circumstances occurred that require recognition or disclosure in these financial statements.
