NOTE 1 - PLAN DESCRIPTION

The following description of the Golden State Lumber, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering employees of Golden State Lumber, Inc. (the Company) and Advanced Building Solutions, Inc. (ABS) who are at least 21 years old and are not: 1) covered by the terms of a collective bargaining agreement, or 2) a non-resident alien. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan, not to exceed $17,500 for 2013 and $17,000 for 2012. Participants who attain age 50 before the end of a calendar year are eligible to make catch-up contributions, not to exceed $5,500 for 2013 and 2012 in accordance with, and subject to, the limitations of Internal Revenue Code (IRC) Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, as well as after-tax Roth contributions. Participants direct the investment of the contributions into various investment options offered by the plan. The Company may elect to contribute a discretionary matching contribution to participants that are employed on the last day of the plan year and have worked at least 1,000 hours during the plan year. In addition, the Company may make discretionary profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company’s contributions, (b) plan earnings (losses), and (c) forfeitures of terminated participants non-vested accounts, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

d) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts is based on years of continuous service.

A participant is 100% vested after six continuous years of credited service. The employer's vesting schedule for plan participants is as follows:

End of year 1	0%
End of year 2	20%
End of year 3	40%
End of year 4	60%
End of year 5	80%
End of year 6	100%

e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, and bear interest at the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through payroll deductions.

f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annuity benefit payments, or systematic withdrawals. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

g) Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $25,146 and $15,166 respectively. These forfeitures will be used first to reduce future employer contributions, and then any remaining forfeitures will pay administrative expenses. In 2013, employer contributions were reduced by $4,926 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2013 excess contributions to the applicable participants during the 2014 Plan year. However, due to immateriality, the liability has not been recorded as of December 31, 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f) Payment of Benefits

Benefits are recorded when paid.

g) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

h) Subsequent Events

The Plan has evaluated subsequent events through July 23, 2014, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

During 2013, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,337,779 as follows:

Registered investment companies	$ 3,337,779

See Independent Auditors’ Report.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Interest Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

See Independent Auditors' Report.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY QUALIFYING INSTITUTION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certification from Great West Trust Company, LLC (Great West), the qualifying institution of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the qualifying institution, interest income, and all information in the supplemental schedule are presented in reliance solely upon that certification, and has not been audited by the independent auditors.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

In 2013, certain plan investments are guaranteed interest accounts managed by Great West. Great West is the qualifying institution as defined by the Plan for the year ending December 31, 2013, and, therefore, these transactions qualify as party-in-interest transactions.

In 2012, certain plan investments are guaranteed interest accounts managed by Great West. Great West is the qualifying institution as defined by the Plan for the year ending December 31, 2012, and, therefore, these transactions qualify as party-in-interest transactions

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Plan adopted Orchard Trust Co.'s Volume Submitter Profit Sharing Plan, effective March 31, 2008. The IRS issued a clean opinion letter that stated this prototype plan qualified under the applicable provision of the Internal Revenue Code (IRC). Although the Plan has not received a determination letter from the IRS, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013, to Form 5500:

Net assets available for benefits per the financial statements	$26,458,738
Outstanding distribution checks from prior years	12,173
Net assets available for benefits per the Form 5500	$26,470,911

See Independent Auditors' Report.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012, to Form 5500:

Net assets available for benefits per the financial statements	$ 22,443,852
Outstanding distribution checks from prior years	12,173
Net assets available for benefits per the Form 5500	$ 22,456,025

NOTE 11 - SUBSEQUENT EVENTS

Effective January 1, 2014, the Plan was amended to include auto-enrollment of participants. Under this amendment, upon eligibility, an employee will be automatically enrolled into the Plan, at a deferral election of 5% of compensation, which will be invested in the Plan-default investment alternative. Participants will have 90 days from the first payroll deferral to elect to withdraw from the Plan.

See Independent Auditors' Report.
