THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *The Bostwick-Braun Company Retirement Savings Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan covers all full-time employees of *The Bostwick-Braun Company* and its eligible wholly-owned subsidiaries (collectively, the “Company”) who are 21 years of age or older and who are not members of a collective bargaining unit. Employees are eligible to participate in the Plan on the first day of the month following 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year participants may contribute pretax annual compensation, as defined in the Plan agreement, up to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. Newly eligible employees are automatically enrolled in the Plan at a contribution rate of 4% of pretax compensation, unless they elect otherwise. These participants’ initial contributions are fully allocated to the American Century Strategic Allocation: Moderate Fund A, unless they elect otherwise. Participants can elect to change or stop deductions at any time following enrollment.

The Company’s annual discretionary matching contribution is determined by the Company’s Board of Directors and announced prior to the beginning of each Plan year. The Company’s discretionary matching contribution for 2013 and 2012 was 50% of a participant’s deferrals up to 6% of compensation, for a maximum matching contribution of 3% of compensation.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants.

The majority of the Plan participants also participate in The Bostwick-Braun Company Employee Stock Ownership Pension Plan (“ESOP”). Once they have reached certain ages defined in the ESOP plan agreement, participants are allowed to diversify a portion of their vested shares in the ESOP through rollovers into the Plan. The amount of rollovers related to this diversification provision was \$118,057 in 2013. There were no diversification rollovers in 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions (when made) and net earnings based on the performance of the investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in their compensation deferral accounts. Participants begin vesting in the employer discretionary matching contributions after two years of service, becoming fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than one note outstanding at a time. The note term may not exceed five years unless the proceeds are used to acquire a principal residence, in which case the maximum term is ten years. The notes receivable are secured by the balance in the participants' accounts and bear interest at rates commensurate with local prevailing rates, fixed at the inception of the loan, ranging from 4.25% to 8.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installments over a period not to exceed the participant's life expectancy. For termination of service due to death, termination of employment, or other reasons, a participant or their beneficiary may receive the value of the vested interest in their account as a lump-sum distribution. Participants entitled to a distribution also have the option of having their vested account balance transferred to another tax-exempt plan and trust which is qualified under the IRC or to an individual retirement account as provided for under the IRC. If a participant's vested account balance is \$1,000 or less, payment can be made in a lump-sum without the participant's consent. In-service withdrawal of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits hardship withdrawals, as defined in the Plan agreement, from the participants' deferral accounts, earnings on deferrals credited before July 1, 1989, and rollover accounts.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer cash contributions. Employer contributions were reduced by approximately \$11,800 in 2013 and \$5,500 in 2012 by using forfeited nonvested accounts. At December 31, 2013 and 2012, forfeited nonvested accounts were nominal.

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for record keeping services are paid by the Plan with revenue sharing income (see Note 4). Fees for custodial services are paid by the Company. Participants are charged directly for loan fees and fees related to certain distribution types.

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of mutual funds includes the Plan's gains and losses on such funds bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in fair value of mutual funds.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Contributions from participants are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2013, the most recent statement of net assets available for benefits presented herein, through August 21, 2014, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, other than the fair value of the common/collective trust and the related adjustment from fair value to contract value for the fully-benefit-responsive investment contract, EMJAY Corporation ("EMJAY"), as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, (2) the December 31, 2013, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2013 and 2012, and (4) the information presented below. EMJAY Corporation has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2013 and 2012.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The fair value measurement level of each asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding.

Common/collective trust: The fair value of the Federated Capital Preservation Fund, as reported by the issuer, is based on the fair value of the underlying investments and contracts in the fund and is classified as Level 2. The investment objective of the trust is the stability of principal and high current income. The trust has no unfunded commitments, allows for daily redemption and there is no redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2013	Level 1	Level 2	Level 3	Total

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for the custodial and record keeping services amounted to \$21,337 in 2013 and \$22,888 in 2012. Fees paid by the Plan for investment management services are included in net appreciation in fair value of mutual funds.

The Plan receives quarterly revenue sharing income based upon the average holdings of the Plan in particular mutual funds. This income is received directly by the trustee, The Trust Company of Toledo, who credits it against administrative expenses for recordkeeping fees, with the Company paying the remaining amount. Income from revenue sharing is included in the statements of changes in net assets available for benefits.

The transactions related to these activities qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

5. INCOME TAX STATUS

The Company's Board of Directors adopted the Retirement Plan Service Company of America prototype profit sharing plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would revert to the Company.

7. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a common/collective trust with the underlying assets consisting of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORMS 5500
