COLORADO ENERGY MANAGEMENT 401(K) PLAN

NOTES TO FINANCIAL STATMENTS

1. **SUMMARY DESCRIPTION OF THE PLAN**:

The following description of the Colorado Energy Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, effective August 1, 2007 and amendments thereto, for a more complete description of the Plan's provisions.

General – On July 26, 2007 Bicent Power LLC, the parent company of Colorado Energy Management LLC (the "Company"), adopted the Plan to be effective August 1, 2007. The Plan is a 401(k) and profit sharing plan covering substantially all employees of the Company and participating related Employers (collectively referred to as the "Employer") adopting the Plan who meet the eligibility requirements, as defined, or were employed on or before August 1, 2007. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC) which includes a qualified deferred arrangement as defined in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

The Plan follows accounting standards set by the Financial Accounting Standards Board, commonly referred to as the FASB. The FASB sets generally accepted accounting principles (GAAP) that the Plan follows to ensure that the Plan consistently reports the financial condition, results of operations, and cash flows. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification™ sometimes referred to as the Codification or ASC.

Eligibility – Employees are eligible to enroll in the Plan on the first day of each month following their date of hire.

Contributions – Each year, participants may elect to make before-tax or after-tax Roth 401(k) (Roth) contributions of not more than 50% of annual pre-tax compensation, in total, as defined by the Plan. Participants direct their investment of their contributions into various investment options offered by the Plan. The Employer may make discretionary matching contributions on behalf of each participant. During the years ended December 31, 2013 and 2012, the matching contributions were at a rate of 100% of employee contributions up to 5% of the participant's compensation, as defined by the Plan. No contributions, other than the matching contributions, were made by the Employer for the years ended December 31, 2013 or 2012.

Total annual additions under the Plan and all other plans sponsored by the Employer are limited to the lesser of 100% of eligible compensation, or $51,000 in 2013 and $50,000 in 2012. However, employee contributions for the 2013 and 2012 Plan years were subject to IRC limitations which were generally $17,500 and $17,000, respectively. Annual additions are defined as participant elective deferral contributions, discretionary matching Employer contributions and discretionary non-elective Employer contributions.

Employees may rollover amounts from other qualified plans into the Plan.

Participant Accounts – Participant accounts are credited with (a) participant elective pre-tax and Roth contributions, (b) discretionary matching Employer contributions, (c) employee rollover contributions and (d) allocations of Plan earnings and losses, as determined by the Plan document. Participants may choose how their elective deferral contributions and the Employer matching contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 20%, 40%, 60%, 80% and 100% vested in the Employer contributions after one, two, three, four and five years, respectively, of credited service. A participant's account also becomes fully vested in the event of total disability or death or upon reaching the normal retirement age (age 59.5).

Payment of Benefits – A participant's entire interest in the Plan is payable upon death of the participant, upon attainment of normal retirement age, or upon the participant becoming disabled, as defined. Upon termination of service, a participant's vested interest in the Plan may be left in the Plan or be distributed as a lump sum or direct rollover to a qualified IRA or another qualified plan. Under certain circumstances, hardship withdrawal payments are available at the participant's option. A hardship withdrawal will result in a six-month suspension of contributions to the Plan. Rollover accounts are distributable upon request by the participant.

Benefits are recorded when paid.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in any of the various investment accounts which are sponsored by Fidelity Management Trust Company ("Fidelity"), the trustee/custodian of the Plan. Participants may change their investment choices at any time via telephone and/or internet. In the case where a participant has not directed their contributions, the Plan has elected to use Fidelity Freedom Funds as the default, whereby, the contributions are invested in a fund based upon the participant's date of birth.

Participant Loans – Participants may receive loans from their accounts, not to exceed the lesser of 50% of the individual participant's vested account balance or $50,000, in each case reduced by the highest outstanding loan balance during the previous 12 months. The minimum loan amount is $1,000 and loans are secured by the participant's account balance. Loan interest rates are based on the rates available for similar loans from commercial lending institutions. Loan interest rates ranged from 4.25% to 8.50% at December 31, 2013 and 2012.

Administrative Expenses – During the 2013 Plan year, the Plan incurred total administrative expenses, related to participant loans, of $4,789, which were paid directly from Plan accounts for participants receiving loans.

Forfeited Accounts – When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan document. Forfeitures are used to reduce Employer contributions. Based upon Plan contributions, forfeiture additions for the years ended December 31, 2013 and 2012 were $40,864 and $33,913, respectively. During 2013 and 2012, $36,411 and $29,247, of forfeitures were used to reduce Employer contributions, respectively.

Plan Amendment – Effective January 1, 2012, the Plan was amended to permit Roth 401(k) contributions and to provide for an automatic cash-out of terminated participant balances not exceeding $5,000. Accounts in excess of $1,000 will be distributed as automatic rollovers. The amendment also included a revision to exclude from Plan participation part-time employees scheduled to work less than 1000 hours in an eligibility computation period.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants will become 100% vested.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**:

Basis of Accounting – The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Net appreciation in fair value of investments as reflected in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting for Uncertainty in Income Taxes – Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

3. **FAIR VALUE MEASUREMENTS** (unaudited):

ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

December 31, 2013	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,036,080	$ –	$ –	$ 9,036,080
December 31, 2012	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 6,588,755	$ –	$ –	$ 6,588,755

4. **INVESTMENTS** (unaudited):

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from the trustee/custodian that all of the information provided by them is complete and accurate to the best of their knowledge. Information included in the accompanying financial statements as to investments administered by the trustee/custodian, investment income, individual fund activity, and all information in the schedule of assets held for investment purposes is presented in reliance solely upon those certifications and was not audited by independent auditors.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated $1,171,061 during the year ended December 31, 2013. Effective August 1, 2007, all assets for the Plan are held in trust by Fidelity, the current trustee/custodian of the Plan.

The fair market value of individual assets that represent 5% or more of the Plan's net assets, as of December 31, 2013 and 2012, are as follows:

Description of Investment	2013	2012
Fidelity Balanced Fund	$ 767,333	$ 601,405
Fidelity Capital & Income Fund	$ 616,914	$ 539,385
Fidelity Capital Appreciation Fund	$ 945,461	$ 679,393
Fidelity Freedom 2030 Fund	$ 848,848	$ 831,915
Fidelity International Discovery Fund	$ 505,128	*
Fidelity Leveraged Company Stock Fund	$ 1,045,202	$ 385,579
Fidelity Money Market Trust Retirement Money Market Portfolio	$ 533,335	$ 480,364
Fidelity Total Bond Fund	*	$ 380,019
Barron Asset Fund	$ 637,315	*
Davis NY Venture CLA	$ 566,400	$ 411,876
Northern Small Cap Value	$ 607,250	*

* Amount does not represent more than 5% of Plan's net assets in the respective year.

5. **TAX STATUS**:

The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2008 that the volume submitter plan adopted by the Company as then designed was in accordance with applicable sections of the IRC.

6. **PARTY-IN-INTEREST TRANSACTIONS**:

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. **NON-DISCRIMINATION TESTING**:

The Plan passed the non-discrimination testing for the Plan years ended December 31, 2013 and 2012.

8. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**:

There are no differences between the financial statements and the Form 5500 in the net assets available for benefits for the years ended December 31, 2013 and 2012.

9. **SUBSEQUENT EVENTS**:

The Plan has evaluated subsequent events through August 6, 2014, the date on which the financial statements were available for issuance.
