1. DESCRIPTION OF PLAN

The following description of the Cobleskill Stone Products, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed one year of service (must have completed 1,000 hours of service) and are age 18 or older as of plan entry dates. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company must make a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 4% of participant compensation. Additional contributions to the Plan by the Company are discretionary. Employee contributions must not exceed the limits set by law with catch-up contributions applicable to participants age 50 or older.

Participant Accounts

Each participant's account is credited with the participant's contributions and the participant's allocable share, if any, of (a) the Company's discretionary contribution and (b) Plan earnings and losses. Forfeitures of the non-vested portion of terminated participants' accounts are placed in a separate account within the Plan and are used for the payment of administrative expenses. Annual allocations of the Company's discretionary contributions are based upon a formula which takes into account the participant's compensation. Monthly allocations of earnings and losses are based upon a formula which takes into account the participant's current individual plan balances. The benefit to which a participant is entitled is equal to the vested portion of the participant's accounts.

Vesting

Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested under the 401(k) profit sharing plan.

Payment of Benefits

The co-trustees shall make or begin distribution of the benefits payable on a participant's (a) retirement date, (b) sustaining total and permanent disability, (c) death or (d) termination of service with the Company. The distribution will be based upon the balance in the participant's account as of the evaluation date immediately preceding the date of the distribution. Benefits are recorded when paid.

1. DESCRIPTION OF PLAN (CONTINUED)

Administrative Costs

Certain costs of administering the Plan are paid by the employer through a separate account within the Plan which contains accumulated participant forfeitures and other fees throughout the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are presented at fair value. Investments are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis.

Interest and Dividend Income and Net Unrealized Appreciation (Depreciation)

Interest income is recorded on the accrual basis. Realized gains or losses and the unrealized appreciation (depreciation) on investments are reflected as a component of investment income. Allocations of investment earnings and losses to individual participant accounts are based upon the investment performance for each individual investment of that participant. There is no sharing of investment performance with other participants within the Plan.

Fair Value

For assets and liabilities measured at fair value on a recurring basis, the Accounting Standards Codification requires expanded disclosures about fair value measurements and establishes a three-level hierarchy for fair value measurements based on the observable inputs to the valuation of an asset or liability at the measurement date. Fair value is defined as the price that the Plan would receive upon selling an asset or pay to transfer a liability in an orderly transaction between market participants. It prioritizes the inputs to the valuation techniques used to measure fair value by giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The Plan has investments which are measured at fair value utilizing a Level 1 measurement on a recurring basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Management has evaluated subsequent events or transactions as to any potential material impact on operations or financial condition occurring through July 28, 2014, the date the financial statements were available to be issued. No such events or transactions were identified.

3. INVESTMENTS

The Plan's investments at December 31, 2013 and 2012 are presented at fair value. Fair values are determined using quoted prices in active markets for identical securities (Level 1 measurement).

4. TAX STATUS

The Plan obtained its latest determination letter on December 3, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. CO-TRUSTEE CERTIFICATION

Bank of America, N.A. and Ascensus (as agent for Frontier Trust Company) hold the Plan assets under trust agreements. In March 2013, Bank of America, N.A. transferred all Plan assets to Ascensus.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the co-trustees of the Plan as of December 31, 2013 and 2012:
