**KNOWLEDGE UNIVERSE EDUCATION LLC
SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 1 – Description of Plan

The following description of the Knowledge Universe Education LLC Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Knowledge Universe Education LLC, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Knowledge Universe Education LLC (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and there are no service requirements, except for those applicable to temporary employees. Temporary employees must complete 12 months of service before being eligible for the Plan. Full time eligible employees may enter the Plan on or anytime after January 1, April 1, July 1, or October 1, of each plan year, following their date of hire. Temporary employees may enter the Plan on or after the same dates of each plan year, following the date they are determined to be eligible.

Contributions

Participant contributions – Each year, participants may contribute between 1–100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer match contributions – The Company matches 40% of employee contributions, up to 5% of eligible compensation deferred to the Plan.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) plan earnings, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KNOWLEDGE UNIVERSE EDUCATION LLC
SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2013, the rates of interest on outstanding loans ranged from 4.25–9.25% with various maturities through August 2023.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in equal installments over an agreed upon number of years. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled \$108,603 and \$26,566, respectively. For the year ended December 31, 2013, forfeited non-vested accounts in the amount of \$197 were used to reduce employer contributions.

KNOWLEDGE UNIVERSE EDUCATION LLC
SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Expense budget account – The Plan holds interest-bearing cash in an Expense Budget Account (EBA). The EBA is credited with an annual amount equal to 0.13% of participants' account balances in each of the investment options, and is accrued daily. Funds in the EBA are to be used to reimburse the Plan Sponsor for plan related expenses or to pay Plan service providers directly. For the year ended December 31, 2013, funds deposited into the account were \$113,154 and expenses paid from the EBA account of \$89,843 were used for payment of Plan administrative and investment expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value. The Plan's trustee, State Street Bank and Trust Company, certifies the contract value of the collective trust and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for the collective trust.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income and earnings on the collective trust are recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

KNOWLEDGE UNIVERSE EDUCATION LLC
SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – General Plan administrative expenses may be paid out of the forfeiture account, the EBA account or paid by the Company. Investment management, distribution and loan transaction fees are paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through July 31, 2014, which is the date the financial statements were issued.

**Contract value has been presented for the Collective Trust, as it is the relevant measurement for financial statement purposes.
N/A – the investment did not represent 5% or more of net assets.*

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

KNOWLEDGE UNIVERSE EDUCATION LLC
SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 4 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (Mutual funds): Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Units held in collective trusts (CT) are valued using the NAV of the CT as reported by the CT managers. The NAV is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CT is calculated based on a compilation of primarily observable market information. The Plan has investments in the Diversified Stable Pooled Fund which is a collective investment trust fund that is 100% invested in the Wells Fargo Stable Return Fund G.

The Wells Fargo Stable Return Fund G (the Fund) primarily invests in investment contracts, including traditional guaranteed investment contracts (GICs) and security-backed contracts issued by insurance companies and other financial institutions. The Fund holds investment contracts which typically have a fixed maturity. The contracts are fully benefit-responsive and can be redeemed at contract value. The fair values for GICs are calculated using the present value of the contract's future cash flow values discounted by comparable duration of published GIC index rates.

The Diversified Stable Pooled Fund is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. There are no withdrawal restrictions on the Fund.

Interest bearing cash: The cash reserve account is a public investment vehicle valued using \$1 for the NAV.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 5, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator applied for a new determination letter concerning the qualified status of the restated Plan under Section 401(a) and the related trust's tax exempt status under provisions of section 501(a) of the IRC (see Note 1); however, as of the date of these financial statements, they have not received a new determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments, dividends, earnings from collective trust, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Investments reflected on the supplementary schedule of assets (held at end of year).

Note 8 – Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by Transamerica Retirement Solutions, the recordkeeper, and Diversified Collective Trust Funds, an affiliate of Transamerica. The Plan investments are held by State Street Bank and Trust Company, the trustees of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements and net assets reported on Form 5500 as of December 31:
