Independent Auditors' Report

The Administrative Committee of the
HFS Federal Credit Union 401(k) Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the HFS Federal Credit Union 401(k) Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by CMFG Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule H, Line 4i – Schedule of Assets (Held at End of Year)) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of Plan

The following description of the HFS Federal Credit Union 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan covering employees of the HFS Federal Credit Union (the Company). Employees are eligible to participate in the Plan once they have completed one year of service and are age 18 or older. Employees will have completed a year of service if, at the end of their first 12 consecutive months of employment, they have been credited with at least 1,000 hours of service. The entry date is the first day of the month coinciding with or next following the date employees satisfy the eligibility requirements. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration of Plan Assets

The Plan is administered by the Administrative Committee, which is composed of certain employees of the Company. The Administrative Committee has the responsibility of selecting the investment options of the trust into which the participants can direct their contributions.

CMFG Life Insurance Company (the Custodian), is the Plan's custodian and recordkeeper. The primary function of the Custodian is to execute investment transactions and maintain custodial control and records of all of the Plan's assets.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan agreement up to a maximum allowable under the IRC of \$17,500 in 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may elect to make Roth 401(k) contributions, which are salary reduction contributions made on an after-tax basis. Roth 401(k) contributions will be subject to current federal and, if applicable, state and local income tax. Distributions of Roth 401(k) contributions and earnings may be tax free if certain tax law requirements are met. Additionally, participants who attain age 50 before the end of the calendar year may contribute catch-up contributions up to \$5,500 for the plan year ended December 31, 2013.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

The amount of employer contributions to the Plan is determined annually by the Company. Employer contributions to the Plan include:

- a. An employer matching contribution that is a discretionary contribution equal to a percentage of the eligible compensation (participant's earnings) of all participants eligible to share in the allocations. For the year ended December 31, 2013, the Company elected to match 11% of a participant's eligible compensation.
- b. An employer profit sharing contribution that is a discretionary contribution to all participants who are eligible to share in allocations. The Company did not make any employer profit sharing contributions for the year ended December 31, 2013.

All contributions are invested ratably in the investment options selected by the participants and Company contributions are subject to the vesting guidelines discussed below. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers 23 pooled separate accounts, one stable value fund and two guaranteed interest contract accounts as investment options for participants.

Vesting

Participants are immediately vested at all times in account balances attributed to participant contributions and qualified non-elective contributions and earnings thereon.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Participants become 100% vested in employer non-elective profit sharing contributions and employer matching contributions after completing six years of eligible service in accordance with the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
0 - 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon termination of service due to retirement, disability, or death, benefits will be paid in the form of a joint and survivor annuity (if participant is married) or a single life annuity (if participant is single). As an alternative, a participant may elect to receive either a lump-sum distribution or monthly installments over a period not exceeding the participant's assumed life expectancy or the participant's beneficiary's assumed life expectancy. If a participant's vested interest in his or her account is less than \$1,000, the vested interest may be distributed in a lump-sum as soon as practicable after termination of employment. Under certain circumstances a participant may qualify for a hardship distribution and receive a lump-sum payment equal to all or a portion of the participant's account balance. The Plan does not allow hardship distributions to be taken from Roth 401(k) contributions.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances provided that the loan is paid back with interest within five years. However, if the loan is for the purchase of a participant's principal residence, the plan administrator may permit a longer repayment term. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Current interest rates are 3.25%. Participants may only have one loan outstanding at a time. There were 23 outstanding participant loans totaling \$258,368 as of December 31, 2013, and 14 outstanding loans totaling \$179,782 as of December 31, 2012.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$2 and \$1, respectively. Forfeited non-vested accounts are retained in the Plan and will be used to pay for administrative expenses or reduce future employer contributions.

In 2013, \$30,443 in forfeited non-vested accounts was used to reduce employer contributions.

Administrative Expenses

All reasonable administrative costs and expenses may be paid from plan assets, unless some or all are paid by the Company. Administrative expenses recorded in the Plan during the year ended December 31, 2013 totaled \$3,351, and include distribution and loan fees charged directly to the respective participant's account.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. See Note 6 for further discussions regarding the Plan's investment in these contracts.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodian and invested based upon instructions received from participants. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Risks and Uncertainties

The Plan invests in various types of investment securities. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investment options include funds that invest in securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

The market volatility of equity-based investments is expected to substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2013.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

On April 23, 2014, the Plan's sponsor became a member of the Credit Union Retirement Plan Association (the Association). As a member of the Association, the plan sponsor has elected to merge the Plan into the Credit Union Retirement Plan Association 401(k) Plan, which is a Multiple Employer Plan (MEP). The MEP is sponsored by the Association, which also serves as the MEP's trustee. CMFG Life Insurance Company is the MEP's recordkeeper and provides administrative services. Effective October 1, 2014, the investment funds of the Plan will be merged and mapped to similar investment funds in the MEP. All of the provisions of the Plan remain the same under the MEP.

The Plan has evaluated subsequent events through August 26, 2014, the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose besides the information provided in the previous paragraph.

(3) Information Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31:	2013	2012
Pooled separate accounts	\$ 6,702,212	\$ 5,118,303
Insurance company general account	2,295,102	2,298,517
Notes receivable from participants	258,368	179,782
Year Ended December 31:	2013	
Net appreciation in fair value of pooled separate accounts	\$ 1,195,444	
Interest income from insurance company general account	46,870	
Interest income on notes receivable from participants	6,568	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

* Less than 5% of net assets

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,195,444.

(5) Fair Value Measurements

Accounting Standards Codification (ASC) 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts. Valued at the quoted redemption value on the last day of the plan year. Quoted market value prices of the underlying investments are used to value each fund, and are based on the net asset value of the shares held by the Plan at the end of the year.

Insurance company general account. Valued at fair value by discounting the related cash flows based on current credited rates of similar instruments with comparable durations issued by the insurer.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2013 and 2012

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Guaranteed Investment Contracts	Stable Value Account	Total
Beginning balance	\$ 198,684	\$ 2,099,833	\$ 2,298,517
Realized gains	5,876	40,994	46,870

Ending balance	<u>\$ 205,648</u>	<u>\$ 2,089,454</u>	<u>\$ 2,295,102</u>

The amount of total gains or losses for the year attributable to the change in unrealized gains or losses relating to assets still held at the reporting date

<u>\$ 1,088</u>	<u>\$ -</u>	<u>\$ 1,088</u>
-----------------	-------------	-----------------

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

(6) Investment Contract with Insurance Company

In 2000, the Plan entered into a fully benefit-responsive investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$2,295,102 and \$2,298,517 respectively. The crediting interest rate is based on a formula agreed upon by the issuer and guaranteed for an agreed upon period, usually one year. At the end of the period, the issuer determines a new rate which is credited directly to participants' accounts.

Certain events limit the Plan's ability to transact at contract value with the Custodian. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The average yield should be based on the investment income from the investments in the fund (not the crediting rate) as of the last day of the period, annualized, divided by the fair value of the investments as of the last day of the period. The average yield at December 31, 2013 and 2012 was 2.95% and 2.96%, respectively.

(7) Tax Status

The Plan is based on the non-standardized profit sharing prototype plan sponsored by the Custodian of the Plan. The Internal Revenue Service (IRS) informed the Custodian by a letter dated March 31, 2008, that the prototype plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter and has subsequently been amended, however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to the plan year ended December 31, 2010.

HFS FEDERAL CREDIT UNION 401(K) PLAN AND TRUST

Notes to Financial Statements

December 31, 2013 and 2012

(8) Related Party Transactions

All plan investments represent units of pooled separate accounts and a general account managed by the Custodian, and therefore these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are included in investment income in the accompanying statement of changes in net assets available for benefits.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their employer matching contributions.
