Independent Auditor's Report

To the Plan Administrator and Participants
The Newport Group, Inc. 401(k) Plan
Heathrow, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Newport Group, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Newport Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of The Newport Group, Inc. 401(k) Plan (the "Plan"), as amended and restated effective October 1, 2012, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

General: The Plan is a defined contribution plan covering all eligible employees of The Newport Group, Inc. and related participating employers (the "Company" or "Employer") who are age 21 or older and have completed at least one month of service as of the next enrollment date. Enrollment date is defined as the first day of the quarter in which the employee has met the Plan's eligibility requirements. The Plan Administrator is responsible for oversight of the Plan. The Investment Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Union employees, nonresident aliens and leased employees are excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each participant may contribute, on a pre-tax basis, any amount of their qualified annual compensation, as defined by the Plan, up to the Internal Revenue Code (IRC) maximum limits. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service, was \$17,500 for 2013. Eligible employees are automatically enrolled in the Plan with a deferral rate of 6% of eligible compensation. At any time, participants may select an alternative deferral amount or elect not to defer funds into the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who are currently employed with the Company and have attained the age of 55 are able to make in plan Roth rollover contributions. Contributions are subject to limitations.

The Company matches a designated percentage of each participant's compensation. The match consists of a 50% match of each participant's contributions that do not exceed 2% of their total compensation. The Company may also make a discretionary profit-sharing contribution, to be determined annually, to the Plan. No discretionary profit sharing contributions were made to the Plan for the year ended December 31, 2013.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants hired prior to June 1, 2008 are immediately vested in their contributions, qualified non-elective contributions and employer matching contributions plus actual earnings thereon. Participants hired on or after June 1, 2008 are immediately vested in their contributions and qualified non-elective contributions and become vested in employer matching contributions following the completion of three years of service. Vesting in the Company's non-elective profit sharing contributions is based on years of service, begins after one year at 20% per year, and participants are 100% vested after five years of credited service. Regardless of years of service, participants become 100% vested in their accounts upon reaching normal retirement age, death or permanent disability.

Effective January 1, 2014, the Plan was amended to further define that a year of service means the period during which an employee has been credited with at least 1,000 hours of service.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment Options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may also elect a self-directed account option. Participants may change their investment options daily via the Internet or telephone.

Payment of Benefits: The entire vested balance of a participant's account may be distributed upon termination of employment for any reason. The normal retirement age, as defined by the Plan, is 59 ½. Upon termination of employment, a participant may elect to receive distribution of their vested account in a lump-sum or in installment payments, or have the amount remain invested in the account if the balance is greater than \$1,000. Participants may request hardship withdrawals of elective deferrals. Rollover contributions may be withdrawn at any time. Elective deferrals and vested employer contributions may be withdrawn upon attainment of age 59 ½. Vested benefits in amounts less than \$1,000 are distributed in a lump-sum amount without the participant's election.

Effective August 1, 2013, the plan was amended to allow electronic distribution processing which enables terminated participants to request a lump-sum distribution from their account electronically, except when spousal consent to the distribution is required. The Plan's management must approve all distribution request before they are processed.

Notes Receivable From Participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to the lesser of 50% of the participant's vested balance or \$50,000. Each loan is documented in the form of a promissory note signed by the participant. Loans are collateralized by the balance in the participant's account and bear interest at fixed rates from 4.25% to 9.25% and mature through 2043. Loan terms are usually a maximum of five years, except for loans to be used for the purchase of a principal residence, which may be more than five years. Principal and interest are paid ratably through payroll deductions. A participant may have a maximum of two outstanding loans at any time. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Forfeited Accounts: Any non-vested account balance remaining after the distribution of a terminated participant's vested account balance is forfeited. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$4 and \$0, respectively. During 2013, \$1,859 was used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

The Plan has funds invested in the Morley Stable Value Fund, a common collective trust fund, which is invested in investment contracts. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts. The Morley Stable Value Fund is a fully benefit-responsive investment contract. The average yield on the contract was 1.3% for the year ended December 31, 2013.

Newport Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis when earned. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit sharing contributions, if any, are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payments of Benefits: Benefits are recorded when paid.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses includes fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Income Taxes: GAAP require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Accounting Pronouncement Adopted: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The adoption of this Update was not significant to these financial statements.

Subsequent Events: The Plan Administrator has evaluated subsequent events through August 19, 2014, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Trustee

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Charles Schwab Bank, ("Charles Schwab"), the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule.

The following table presents the assets held by the Plan as of December 31, 2013 and 2012 that were certified by the trustee. Single investments representing more than 5% of the Plan's net assets are separately identified:

Notes to Financial Statements

Note 3. Information Certified and Provided by Trustee (Continued)

During 2013, the Plan's investments (including gains and losses on investment bought and sold, as well as held during the year) appreciated as follows:

Registered investment companies (mutual funds)	\$ 3,847,342
Common collective trusts	830,586
Common stock	306,464
	<u>\$ 4,984,392</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 or 2012:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Newport Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Common collective trust funds: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common stock: Valued using quoted prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2013 and 2012:

* This category is made up of various mutual funds and common stocks, however, the Company has determined presenting as a single class is appropriate as none of the individually directed investment are over 5% of net assets.

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31 2013, there were no transfers in or out of Levels 1 or 2.

The following table sets forth additional disclosures with respect to the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2013 and 2012:

	Fair Value		Unfunded	Redemption	Redemption
	2013	2012	Commitment	Frequency	Notice Period

Total	\$ 6,283,906	\$ 5,993,994	\$ -		

(a) The objective of the Morley Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments.

Newport Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. It is intended that the Fund's stable value investment contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund will not exceed 4 years.

(b) The Schwab Institutional Large Cap Value seeks long-term growth of principal and income. The fund invests primarily in a diversified portfolio of common stocks of large capitalization companies.

Note 5. Plan Termination

Although there has been no expressed intent to do so, the Company has the right under the Plan to amend any or all provisions of the Plan as well as discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's matching and discretionary non-elective contributions, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA.

Note 6. Income Tax Status

The Plan adopted a prototype non-standardized profit sharing plan sponsored by Newport Retirement Services, Inc. The prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Code.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. These investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of the investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and changes in the net assets available for benefits.

Note 8. Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions of the Company are considered party-in-interest transactions. The Company also provides administrative personnel and supplies at no cost to the Plan. Moreover, certain investments in common collective trusts and registered investment companies are those managed by Charles Schwab, the trustee of the Plan, and are also considered party-in-interest transactions. The Company provides recordkeeping services to the Plan. Fees paid to the Company by the Plan for recordkeeping services amounted to approximately \$18,454 for the year ended December 31, 2013.
