Independent Auditors' Report

Plan Administrator
General Electric Railcar Services Corporation Hourly Employees Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of General Electric Railcar Services Corporation Hourly Employees Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The General Electric Railcar Services Corporation Hourly Employees Savings Plan (the "Plan") is a defined contribution plan sponsored by General Electric Railcar Repair Services Corporation (the "Company"), for hourly employees regularly employed in the continental United States. The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Frontier Trust Company (the "Trustee") is the Plan's custodian and trustee and Mid-Atlantic Trust Company is the sub-custodian with respect to the GE Common Stock Fund. Ascensus, Inc. ("Ascensus") is the recordkeeper for the Plan.

The following description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the GE Railcar Services Corporation Hourly Employees Savings Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Document ("SPD") and other material distributed to participants.

Participant Contributions and Investment Options

Participants are permitted to allocate their account balances in increments of 1% to one or more of the following investment options:

- (a) GE Common Stock Fund – This fund is invested primarily in shares of GE common stock, with the remainder held in cash or cash equivalents to provide for the GE Stock Fund's estimated liquidity needs.
- (b) State Street Global Advisors (SSgA) S&P 500 Index Fund – This fund seeks to replicate the total return of the Standard & Poor's 500 Composite Stock Price Index (the "Index"). The fund invests primarily in stocks in the Index in proportion to their weightings in the Index.
- (c) GE Institutional U.S. Equity Fund – This fund managed by GE Asset Management Incorporated ("GEAM") seeks long-term growth of capital and income by investing at least 80% of its net assets in equity securities of U. S. companies, such as common and preferred stocks.
- (d) GE Institutional Small Cap Equity Fund – This fund managed by GEAM seeks long-term growth of capital by investing at least 80% of its net assets in equity securities of smaller companies, such as common and preferred stocks.
- (e) GE Institutional Strategic Investment Fund – This fund managed by GEAM seeks maximum total return (total return includes both income and capital appreciation) by investing primarily in a combination of U.S. and Non-U.S. equity and debt securities and cash.
- (f) Galliard Capital Management Stable Value Fund ("Stable Value Fund") – This collective trust fund's primary objective is to preserve principal while achieving a rate of return competitive with rates earned over an extended period of time by comparable fixed income investment products. This fund invests primarily in pooled investment contracts with short-term maturities.

Audited financial statements and prospectuses or other disclosure documents of the registered investment companies ("mutual funds") are made available to participants.

Participants may elect to defer from 1% to not more than 15% of their compensation contributed to the Plan on a pre-tax and/or after-tax basis.

The United States Internal Revenue Code limits the amount of pre-tax contributions that can be made each year. The limit for participants under the age of 50 was generally \$17,500 and \$17,000 in 2013 and 2012, respectively. For participants who were at least age 50 during the year, the limit was generally \$23,000 and \$22,500 in 2013 and 2012, respectively.

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Employer Contributions

The Company matches 50% of a participant's contributions, up to a maximum of 6% of eligible compensation.

Vesting

Participants are immediately fully vested in their contributions as well as the Company's contributions to the Plan and earnings thereon.

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested amounts (including unrealized appreciation) totaled \$797 and \$647, respectively. These forfeitures were attributable to the period before the Plan changed vesting provisions. No forfeitures were used to reduce Company contributions in 2013. Forfeitures of \$90 were used to reduce Company contributions in 2012. No forfeitures were utilized for Plan expenses during 2013 and 2012. There were no additions to forfeiture balance in 2013 or 2012. Earnings on forfeiture balances were \$150 and \$82 in 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) employer matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of \$1,000 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of \$50,000 minus their highest outstanding balance of loans from the Company and GE and its subsidiaries during the past 12 months or 50% of their vested account balance. There is a \$50 charge for each loan.

The period of repayment of any loan is up to 5 years from the effective date of the loan unless the loan is used to acquire a principal residence, in which case the repayment period may be up to 10 years. Loans are secured by the remaining balance in the participant's account and bear interest at an effective annual percentage rate which is 1% above the prime interest rate as published in the Wall Street Journal. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other methods as may be required.

In the event of a loan default, the amount of the outstanding balance is treated as an early distribution from the Plan and taxed as ordinary income.

Payment of Benefits

Generally, other than hardship withdrawals, no withdrawals may be made while employed by the Company. In the case of a hardship, a participant may elect to withdraw, as applicable, all or a portion of pre-tax contributions, excluding earnings thereon, vested employer contributions, excluding earnings thereon, and rollover contributions, including earnings thereon. In order to make a hardship withdrawal, a participant must first withdraw the maximum nontaxable loans. A participant who makes a hardship withdrawal will be suspended from making contributions to the Plan for six months after the hardship distribution.

On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions and to terminate the Plan in accordance with the provisions of ERISA. If the

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

Plan is terminated, each participant's interest will be payable in full according to the Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisor Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, are liabilities of the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, investment advisers are reimbursed for costs incurred or receive a management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the net appreciation (depreciation) in the fair value of investments on the statements of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's investment in the Stable Value Fund included in the Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Earnings from the Stable Value Fund are reinvested in the fund and reflected in dividends and interest.

(c) Fair Value Measurements

For financial assets and liabilities, fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

Notes to Financial Statements

December 31, 2013 and 2012

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include GE common stock, registered investment companies and interest-bearing cash. The Plan's ownership in the Stable Value Fund is carried at fair value based on the investment's net asset value per unit and included in Level 2.

See note 4 for additional information.

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan Sponsor, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's investment fund's assets.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustee (Unaudited)

The information presented in this note and the "Fair Value Measurements" note (note (4)) below (except for the fair value of the Galliard Capital Management Stable Value Fund) was compiled from information that was certified as complete and accurate by the Trustee (the "Certification") and was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In addition, the Certification also included notes receivable from participants, accrued dividends and interest, and interest on notes receivable from participants.

The fair value of the Plan's investments at December 31, 2013 and 2012 follows.

	2013	2012
GE Common Stock	\$ 59,115	\$ 38,265

Total investments at fair value	\$ 4,209,419	\$ 3,697,425

* Investments representing more than 5% of the Plan's net assets.

The Plan's investments appreciated during 2013 and 2012 as follows.

	2013	2012
GE Common Stock	\$ 14,324	\$ 4,983
Registered investment companies	455,137	203,600
	\$ 469,461	\$ 208,583

Dividends and interest for the years ended December 31, 2013 and 2012 were \$65,732 and \$47,263, respectively.

The Plan holds investments in a Stable Value Fund, which consists primarily of a security-backed contract issued by an insurance company. A security-backed contract is an investment contract issued by an insurance company or other financial institutions, backed by a portfolio of bonds. The Stable Value Fund also invests in a collective trust fund which also utilizes security-backed contracts. In addition, the fund holds a position in a daily short-term investment fund.

All security-backed contracts held by the Stable Value Fund are fully benefit responsive, which means that withdrawals from these investment contracts are required to be made at contract value for qualifying benefit payments, including participant-directed transfers.

Security-backed contracts are carried at contract value in the aggregate, which consists of the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract, and adjustment

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

to contract value. The security-backed contract cannot credit an interest rate that is less than zero percent. The contract rate resets periodically, normally each quarter or semi-annually, using end-of-period data.

The net value of the Stable Value Fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset of the Stable Value Fund. Units of the fund are issued and redeemed at the current net asset value.

The contract value at December 31, 2013 and 2012 for the Stable Value Fund was \$2,181,182 and \$2,159,107, respectively. The average yield of the underlying assets earned by the Plan from the Stable Value Fund was 1.04% and 1.14% at December 31, 2013 and 2012, respectively. The average crediting interest rate was 1.74% and 2.42% at December 31, 2013 and 2012, respectively.

(4) Fair Value Measurements

December 31, 2013 and 2012

(5) Risks and Uncertainties

The Plan offers a number of investment options including the GE Common Stock Fund, a variety of investment funds, consisting of registered investment companies and a collective trust fund. The registered investment companies invest in U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the GE Common Stock Fund, which primarily invests in a single security.

(6) Related Party Transactions (Parties-in-Interest)

Certain investments of the Plan are shares of registered investment companies that are advised by GEAM and distributed by GE Investment Distributors, Inc. GEAM provides investment advisory services for certain investments in the Plan. Another investment in the Plan is an investment fund comprised of shares of common stock issued by GE.

Certain fees paid to related parties for services to the Plan were paid by the Plan. Registered investment company and collective trust fund operating expenses, which include expenses paid to GEAM, reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

In addition to the recordkeepers, trustees and custodians of the Plan, which are mentioned in note 1, KPMG LLP, the auditor of the Plan's financial statements is also a party in interest as defined by ERISA.

(7) Tax Status

The Internal Revenue Service has notified the Company by a letter dated October 19, 2010, that the Plan is qualified under the applicable sections of the Internal Revenue Code. The Plan has been amended since that letter was issued. However, Plan management and legal counsel for the Plan have no reason to believe that those amendments have adversely affected the validity of the determination letter.

The portion of a participant's compensation contributed to the Plan as a pre-tax contribution and the Company's matching contribution are not subject to Federal income tax when such contributions are credited to participant accounts, subject to certain limitations. These amounts and any investment earnings may be included in the participant's gross taxable income for the year in which such amounts are withdrawn from the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Independent Auditors' Report

Plan Administrator
General Electric Railcar Services Corporation Hourly Employees Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of General Electric Railcar Services Corporation Hourly Employees Savings Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The General Electric Railcar Services Corporation Hourly Employees Savings Plan (the "Plan") is a defined contribution plan sponsored by General Electric Railcar Repair Services Corporation (the "Company"), for hourly employees regularly employed in the continental United States. The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Frontier Trust Company (the "Trustee") is the Plan's custodian and trustee and Mid-Atlantic Trust Company is the sub-custodian with respect to the GE Common Stock Fund. Ascensus, Inc. ("Ascensus") is the recordkeeper for the Plan.

The following description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the GE Railcar Services Corporation Hourly Employees Savings Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Document ("SPD") and other material distributed to participants.

Participant Contributions and Investment Options

Participants are permitted to allocate their account balances in increments of 1% to one or more of the following investment options:

- (a) GE Common Stock Fund – This fund is invested primarily in shares of GE common stock, with the remainder held in cash or cash equivalents to provide for the GE Stock Fund's estimated liquidity needs.
- (b) State Street Global Advisors (SSgA) S&P 500 Index Fund – This fund seeks to replicate the total return of the Standard & Poor's 500 Composite Stock Price Index (the "Index"). The fund invests primarily in stocks in the Index in proportion to their weightings in the Index.
- (c) GE Institutional U.S. Equity Fund – This fund managed by GE Asset Management Incorporated ("GEAM") seeks long-term growth of capital and income by investing at least 80% of its net assets in equity securities of U. S. companies, such as common and preferred stocks.
- (d) GE Institutional Small Cap Equity Fund – This fund managed by GEAM seeks long-term growth of capital by investing at least 80% of its net assets in equity securities of smaller companies, such as common and preferred stocks.
- (e) GE Institutional Strategic Investment Fund – This fund managed by GEAM seeks maximum total return (total return includes both income and capital appreciation) by investing primarily in a combination of U.S. and Non-U.S. equity and debt securities and cash.
- (f) Galliard Capital Management Stable Value Fund ("Stable Value Fund") – This collective trust fund's primary objective is to preserve principal while achieving a rate of return competitive with rates earned over an extended period of time by comparable fixed income investment products. This fund invests primarily in pooled investment contracts with short-term maturities.

Audited financial statements and prospectuses or other disclosure documents of the registered investment companies ("mutual funds") are made available to participants.

Participants may elect to defer from 1% to not more than 15% of their compensation contributed to the Plan on a pre-tax and/or after-tax basis.

The United States Internal Revenue Code limits the amount of pre-tax contributions that can be made each year. The limit for participants under the age of 50 was generally \$17,500 and \$17,000 in 2013 and 2012, respectively. For participants who were at least age 50 during the year, the limit was generally \$23,000 and \$22,500 in 2013 and 2012, respectively.

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Employer Contributions

The Company matches 50% of a participant's contributions, up to a maximum of 6% of eligible compensation.

Vesting

Participants are immediately fully vested in their contributions as well as the Company's contributions to the Plan and earnings thereon.

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested amounts (including unrealized appreciation) totaled \$797 and \$647, respectively. These forfeitures were attributable to the period before the Plan changed vesting provisions. No forfeitures were used to reduce Company contributions in 2013. Forfeitures of \$90 were used to reduce Company contributions in 2012. No forfeitures were utilized for Plan expenses during 2013 and 2012. There were no additions to forfeiture balance in 2013 or 2012. Earnings on forfeiture balances were \$150 and \$82 in 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) employer matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of \$1,000 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of \$50,000 minus their highest outstanding balance of loans from the Company and GE and its subsidiaries during the past 12 months or 50% of their vested account balance. There is a \$50 charge for each loan.

The period of repayment of any loan is up to 5 years from the effective date of the loan unless the loan is used to acquire a principal residence, in which case the repayment period may be up to 10 years. Loans are secured by the remaining balance in the participant's account and bear interest at an effective annual percentage rate which is 1% above the prime interest rate as published in the Wall Street Journal. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other methods as may be required.

In the event of a loan default, the amount of the outstanding balance is treated as an early distribution from the Plan and taxed as ordinary income.

Payment of Benefits

Generally, other than hardship withdrawals, no withdrawals may be made while employed by the Company. In the case of a hardship, a participant may elect to withdraw, as applicable, all or a portion of pre-tax contributions, excluding earnings thereon, vested employer contributions, excluding earnings thereon, and rollover contributions, including earnings thereon. In order to make a hardship withdrawal, a participant must first withdraw the maximum nontaxable loans. A participant who makes a hardship withdrawal will be suspended from making contributions to the Plan for six months after the hardship distribution.

On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions and to terminate the Plan in accordance with the provisions of ERISA. If the

GENERAL ELECTRIC RAILCAR SERVICES CORPORATION
HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

Plan is terminated, each participant's interest will be payable in full according to the Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisor Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, are liabilities of the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, investment advisers are reimbursed for costs incurred or receive a management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the net appreciation (depreciation) in the fair value of investments on the statements of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's investment in the Stable Value Fund included in the Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Earnings from the Stable Value Fund are reinvested in the fund and reflected in dividends and interest.

(c) Fair Value Measurements

For financial assets and liabilities, fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

HOURLY EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include GE common stock, registered investment companies and interest-bearing cash. The Plan's ownership in the Stable Value Fund is carried at fair value based on the investment's net asset value per unit and included in Level 2.

See note 4 for additional information.

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan Sponsor, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's investment fund's assets.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustee (Unaudited)

The information presented in this note and the "Fair Value Measurements" note (note (4)) below (except for the fair value of the Galliard Capital Management Stable Value Fund) was compiled from information that was certified as complete and accurate by the Trustee (the "Certification") and was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In addition, the Certification also included notes receivable from participants, accrued dividends and interest, and interest on notes receivable from participants.

The fair value of the Plan's investments at December 31, 2013 and 2012 follows.

	2013	2012
GE Common Stock	\$ 59,115	\$ 38,265

Total investments at fair value	\$ 4,209,419	\$ 3,697,425

* Investments representing more than 5% of the Plan's net assets.

The Plan's investments appreciated during 2013 and 2012 as follows.

	2013	2012
GE Common Stock	\$ 14,324	\$ 4,983
Registered investment companies	455,137	203,600
	\$ 469,461	\$ 208,583

Dividends and interest for the years ended December 31, 2013 and 2012 were \$65,732 and \$47,263, respectively.

The Plan holds investments in a Stable Value Fund, which consists primarily of a security-backed contract issued by an insurance company. A security-backed contract is an investment contract issued by an insurance company or other financial institutions, backed by a portfolio of bonds. The Stable Value Fund also invests in a collective trust fund which also utilizes security-backed contracts. In addition, the fund holds a position in a daily short-term investment fund.

All security-backed contracts held by the Stable Value Fund are fully benefit responsive, which means that withdrawals from these investment contracts are required to be made at contract value for qualifying benefit payments, including participant-directed transfers.

Security-backed contracts are carried at contract value in the aggregate, which consists of the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract, and adjustment

to contract value. The security-backed contract cannot credit an interest rate that is less than zero percent. The contract rate resets periodically, normally each quarter or semi-annually, using end-of-period data.

The net value of the Stable Value Fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset of the Stable Value Fund. Units of the fund are issued and redeemed at the current net asset value.

The contract value at December 31, 2013 and 2012 for the Stable Value Fund was \$2,181,182 and \$2,159,107, respectively. The average yield of the underlying assets earned by the Plan from the Stable Value Fund was 1.04% and 1.14% at December 31, 2013 and 2012, respectively. The average crediting interest rate was 1.74% and 2.42% at December 31, 2013 and 2012, respectively.

(5) Risks and Uncertainties

The Plan offers a number of investment options including the GE Common Stock Fund, a variety of investment funds, consisting of registered investment companies and a collective trust fund. The registered investment companies invest in U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the GE Common Stock Fund, which primarily invests in a single security.

(6) Related Party Transactions (Parties-in-Interest)

Certain investments of the Plan are shares of registered investment companies that are advised by GEAM and distributed by GE Investment Distributors, Inc. GEAM provides investment advisory services for certain investments in the Plan. Another investment in the Plan is an investment fund comprised of shares of common stock issued by GE.

Certain fees paid to related parties for services to the Plan were paid by the Plan. Registered investment company and collective trust fund operating expenses, which include expenses paid to GEAM, reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

In addition to the recordkeepers, trustees and custodians of the Plan, which are mentioned in note 1, KPMG LLP, the auditor of the Plan's financial statements is also a party in interest as defined by ERISA.

(7) Tax Status

The Internal Revenue Service has notified the Company by a letter dated October 19, 2010, that the Plan is qualified under the applicable sections of the Internal Revenue Code. The Plan has been amended since that letter was issued. However, Plan management and legal counsel for the Plan have no reason to believe that those amendments have adversely affected the validity of the determination letter.

The portion of a participant's compensation contributed to the Plan as a pre-tax contribution and the Company's matching contribution are not subject to Federal income tax when such contributions are credited to participant accounts, subject to certain limitations. These amounts and any investment earnings may be included in the participant's gross taxable income for the year in which such amounts are withdrawn from the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
