Independent Auditors' Report

Plan Administrator
Instrumentarium Savings Investment Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Instrumentarium Savings Investment Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2013 and Schedule H, Line 4a – schedule of delinquent participant contributions for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The Instrumentarium Savings Investment Plan (the "Plan") is a defined contribution plan sponsored by Datex-Ohmeda, Inc. (the "Company"), an affiliate of General Electric Company ("GE"). The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective November 28, 2004, the Plan was frozen with respect to nonunion employees such that no nonunion participants can be added after that date and no additional contributions can be made that relate to periods after that date with respect to nonunion participants.

Frontier Trust Company (the "Trustee") is the Plan's custodian and the trustee. Ascensus, Inc. ("Ascensus") is the recordkeeper for the Plan.

The following description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the Instrumentarium Savings Investment Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Document ("SPD") and other material distributed to participants.

Participant Contributions and Investment Options

Participants are permitted to allocate their account balances in increments of 1% to one or more of the following investment options:

(a) Vanguard Institutional Index Fund – This fund seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks.

(b) MFS Institutional International Equity Fund – This fund seeks capital appreciation. It invests at least 80% of its assets in equity securities. The fund invests a relatively large percentage of its assets in issuers in a single country, a small number of countries, or a particular geographic region.

(c) GE Institutional Strategic Investment Fund – This fund managed by GE Asset Management Incorporated ("GEAM") seeks maximum total return (total return includes both income and capital appreciation) by investing primarily in a combination of U.S. and Non-U.S. equity and debt securities and cash.

(d) GE Institutional Premier Growth Equity Fund – The fund managed by GEAM seeks long-term growth of capital and future income by investing at least 80% of its net assets in equity securities, such as common and preferred stocks. The fund invests primarily in a limited number of large and medium-sized companies (meaning companies with a market capitalization of $2 billion or more) that the portfolio manager believes have above-average growth histories and/or growth potential.

(e) Vanguard Small Cap Growth Index Fund – This fund employs a "passive management" or indexing investment approach designed to track the performance of the CRSP U.S. Small Cap Growth Index, a broadly diversified index of growth stocks of small U.S. companies. This fund replaced the Touchstone Diversified Small Cap Growth Fund as an investment option in November 2013.

(f) Goldman Sachs Small Cap Value Fund – This fund seeks long-term capital appreciation. The fund will normally invest at least 80% of its assets in the common stocks of small-cap companies. These companies generally have market capitalizations that fall within the range of the Russell 2000 index. Although it invests primarily in U.S. equities, it may also invest in Non-U.S. securities.

(g) RS Value Fund – This fund seeks long-term capital appreciation. The fund invests principally in equity securities that are undervalued, with market capitalizations between $1.0 billion and 120% of the market capitalization of the largest company in the Russell MidcapA Index.

(h) Wells Fargo Advantage Enterprise Institutional Fund – This fund seeks long-term capital appreciation. The fund invests at least 80% of its assets in equity securities of medium-capitalization countries and up to 25% of the fund's total assets in equity securities of Non-U.S. issuers through American Depository Receipts and similar investments.

(i) Dodge & Cox Stock Fund – This fund seeks long-term growth of principal and income. The fund invests primarily in a diversified portfolio of common stocks. It may also invest in other types of securities which are convertible into common stock.

(j) Pimco Total Return Institutional Fund – This fund seeks maximum total return, consistent with preservation of capital and prudent investment management by investing primarily in a diversified portfolio of fixed income instruments of varying maturities.

(k) RiverSource Stable Capital II Fund ("Stable Capital Fund") – This collective trust fund's primary objective is to preserve principal while achieving a rate of return competitive with rates earned over an extended period of time by comparable fixed income investment products. This fund invests primarily in pooled investment contracts with short-term maturities. This fund was renamed the Columbia Trust Stable Government Fund, effective February 18, 2014.

Audited financial statements and prospectuses or other disclosure documents of the registered investment companies ("mutual funds") are made available to participants.

Collectively bargained participants may elect to contribute from 1% to not more than 25% of their compensation to the Plan on a pre-tax and/or after-tax basis.

The United States Internal Revenue Code limits the amount of pre-tax contributions that can be made each year. The limit for participants under the age of 50 was generally $17,500 and $17,000 in 2013 and 2012, respectively. For participants who were at least age 50 during the year, the limit was generally $23,000 and $22,500 in 2013 and 2012, respectively.

Employer Contributions

The Company matches 50% of a participant's contributions up to 6% of their eligible compensation for employees hired prior to June 21, 2006 and up to 7% of their eligible compensation for those hired after June 21, 2006.

On May 22, 2013, the Plan was amended to give certain eligible employees hired or rehired on or after June 15, 2012, a profit sharing contribution, beginning effective January 1, 2013, equal to 3% of eligible compensation. The Company made a profit sharing contribution of $19,641 for the 2013 Plan year.

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Vesting in the Company's contributions to the Plan and earning thereon occurs on the earlier of the third anniversary of participation in the Plan, the completion of three years of continuous service with the Company, death, disability, or reaching age 65 (normal retirement).

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested amounts (including unrealized appreciation) totaled $5,947 and $6,671, respectively. Forfeitures of $10,256 and $0 were utilized for Plan expenses during 2013 and 2012, respectively. No forfeitures were used to reduce Company contributions in 2013 and 2012. Additions to forfeiture balances were $7,956 and $5,970 in 2013 and 2012, respectively. Earnings on forfeiture balances were $1,576 and $616 in 2013 and 2012, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) employer profit sharing and matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of $500 from their participant accounts. Subject to certain Internal Revenue Code and Plan limits, a participant may not borrow more than the lesser of $50,000 minus their highest outstanding balance of loans from all plans maintained by the Company and its affiliates during the past 12 months or 50% of their vested account balance.

The period of repayment of any loan is up to five years from the effective date of the loan unless the loan is used to acquire a principal residence, for which a term of fifteen years may be permissible. Loans are secured by the remaining balance in the participant's account and bear interest at an effective annual percentage rate which is 1% above the prime interest rate as published in the Wall Street Journal. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other methods as may be required.

In the event of a loan default, the amount of the outstanding balance will be reported to the Internal Revenue Service in the year of the default as ordinary income.

Payment of Benefits

Participants' withdrawals are permitted under the Plan subject to certain restrictions. Participants are allowed to withdraw all or a portion of their after-tax contributions and rollovers. Participants who are at least age 59 ½ are allowed to withdraw their entire accounts. In addition, former participants in the Spacelabs Plan are permitted to make a withdrawal from their vested Prior Spacelabs Employer Contributions after sixty total months of participation in both the Spacelabs Plan and this Plan. In the case of a hardship, a participant may make a withdrawal from his or her account. In order to make a hardship withdrawal, a participant must first withdraw the maximum after-tax and rollover contributions and nontaxable loans. A participant who takes a hardship withdrawal is suspended from making contributions to the Plan for six months after the hardship distribution. On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions and to terminate the Plan in accordance with the provisions of ERISA. If the Plan is terminated, each participant's interest will be payable in full according to Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisor Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, are liabilities of the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, investment advisers are reimbursed for costs incurred or receive a management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the net appreciation (depreciation) in the fair value of investments on the statements of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's investment in the Stable Capital Fund included in the statements of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Earnings from the Stable Capital Fund are reinvested in the fund and reflected in dividends and interest.

(c) Fair Value Measurements

For financial assets and liabilities, fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include registered investment companies and interest-bearing cash. The Plan's ownership in the Stable Capital Fund is carried at fair value based on the investment's net asset value per unit and included in Level 2.

See note 4 for additional information.

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan Sponsor, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's investment fund's assets.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustees (Unaudited)

The information presented in this note and the "Fair Value Measurements" note (note (4)) below (except for the fair value of the River Source Stable Capital II Fund) was compiled from information that was certified as complete and accurate by the Trustee (the "Certification") and was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In addition, the Certification also included notes receivable from participants, accrued dividends and interest, and interest on notes receivable from participants.

The fair value of the Plan's investments at December 31, 2013 and 2012 follows.

* Investments representing more than 5% of the Plan's net assets.

The Plan's investments in registered investment companies appreciated $17,588,712 during 2013 and $9,709,130 in 2012. Dividends and interest for the years ended December 31, 2013 and 2012 were $1,336,082 and $1,803,142, respectively.

The Plan invests in units of a Stable Capital Fund, which may invest in fixed-income securities, stable value investment contracts issued by various banks, life insurance companies and other financial institutions and in units of collective investment funds.

The investment contracts held by the Stable Capital Fund are benefit-responsive, which means that withdrawals from these investment contracts are required to be made at contract value for qualifying benefit payments, including participant-directed transfers. Withdrawals initiated by plan sponsors or certain other events, such as a failure to comply with the Stable Capital Fund's equity wash, may not be made at contract value.

The net asset value of the Stable Capital Fund is calculated daily. Net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the Stable Capital Fund's net asset value. Units of the Stable Capital Fund are issued and redeemed at the Stable Capital Fund's current net asset value.

Contract value of the Plan's investment in the Stable Capital II Fund as of December 31, 2013 and December 2012 was $17,275,728 and $20,096,552, respectively. The average yield of the underlying assets earned by the Plan from the Stable Capital Fund was (0.28%) and 1.84% at December 31, 2013 and 2012, respectively. The average crediting interest rate was 1.14% and 2.04% at December 31, 2013 and 2012, respectively.

(4) Fair Value Measurements

The Plan's investments measured at fair value on a recurring basis at December 31, 2013 follow.

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 84,157,506	$ —	$ —	$ 84,157,506

Total investments at fair value	$ 84,164,490	$ 17,410,089	$ —	$ 101,574,579

The Plan's investments measured at fair value on a recurring basis at December 31, 2012 follow.

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 72,277,378	$ —	$ —	$ 72,277,378
Collective trust fund	—	20,657,333	—	20,657,333

Total investments at fair value	$ 72,287,918	$ 20,657,333	$ —	$ 92,945,251

Transfers in and out of levels are considered to occur at the beginning of the period. There were no transfers during 2013 or 2012.

(5) Risks and Uncertainties

The Plan offers a number of investment options consisting of registered investment companies and a collective trust fund. The funds invest in U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

(6) Related Party Transactions (Parties-in-Interest)

Certain investments of the Plan are shares of registered investment companies that are advised by GEAM and distributed by GE Investment Distributors, Inc. GEAM provides investment advisory services for certain investments in the Plan.

Certain fees paid to related parties for services to the Plan were paid by the Plan. Registered investment company and collective trust fund operating expenses, which include expenses paid to GEAM, reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

In addition to the recordkeeper, trustees and custodians of the Plan, which are mentioned in note 1, KPMG LLP, the auditor of the Plan's financial statements is also a party in interest as defined by ERISA.

(7) Plan Amendments

On May 22, 2013, the Plan was amended to give certain eligible employees hired or rehired on or after June 15, 2012, a Company matching contribution of 50% of a participants contributions up to 8% of their eligible compensation, beginning effective January 1, 2015. Participants become 100% vested in the Company's contributions when they reach age 65 while employed with the Company or after reaching 3 years of eligible service.

(8) Tax Status

The Internal Revenue Service ("IRS") has notified the Company by a letter dated April 13, 2012, that the Plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since that letter was issued. However, Plan management and legal counsel for the Plan have no reason to believe that those amendments have adversely affected the validity of the determination letter.

The portion of a participant's compensation contributed to the Plan as a pre-tax contribution and the Company's matching contribution are not subject to Federal income tax when such contributions are credited to participant accounts, subject to certain limitations. These amounts and any investment earnings may be included in the participant's gross taxable income for the year in which such amounts are withdrawn from the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(9) Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are classified as investments per the Form 5500 instructions. In addition, any deemed distributions are not considered to be Plan assets per Form 5500 and are excluded from notes receivable from participants. However, these distributions remain a Plan asset for purposes of these financial statements until offset against Plan assets.

A reconciliation of total investments per the financial statements at December 31, 2013 and 2012 to the annual report filed on Form 5500, Schedule H as required by the Department of Labor follows.

	2013	2012
